Papablic Baby Bassinet Bedside Sleeper Model Y15 Instruction Manual

Model: Y15

1. INTRODUCTION

Thank you for choosing the Papablic Baby Bassinet Bedside Sleeper. This manual provides essential information for the safe assembly, operation, and maintenance of your product. Please read all instructions carefully before use and keep this manual for future reference.

2. IMPORTANT SAFETY WARNINGS

WARNING: Failure to follow these warnings and the instructions could result in serious injury or death.

- Recommended for babies up to 20 lbs (9 kg) or 5 months of age, or until the infant begins to push up on hands and knees, whichever comes first.
- Always place baby on their back to sleep.
- Use ONLY the mattress provided by the manufacturer. DO NOT add a second mattress, pillow, comforter, or other padding.
- Ensure all assembly components are securely fastened before each use.
- NEVER use the bassinet if any parts are missing, damaged, or broken. Contact customer service for replacement parts.
- Keep small parts away from children during assembly.
- Ensure the bassinet is placed on a firm, horizontal surface.

3. PACKAGE CONTENTS

Please check that all components are present before assembly:

- Bassinet Frame (Legs, Support Bars)
- Bassinet Fabric Unit (with mesh sides)
- Mattress with Removable Cover
- Storage Basket Fabric
- Attachment Straps for Bedside Sleeper Mode
- Instruction Manual

Sturdy Y-Shaped Legs

Ensures a secure, steady sleep for little one

4. ASSEMBLY INSTRUCTIONS

The Papablic Baby Bassinet is designed for quick and tool-free setup. Follow these steps for assembly:

1. **Attach the Legs:** Connect the leg frames to the main bassinet unit. Ensure they click securely into place.

Image: Attaching the leg frame to the bassinet.

2. **Secure the Support Bars:** Insert the metal support bars into the designated slots on the bassinet fabric unit. These provide structural integrity.

Keep Baby Close at Night

Easy access for feedings and care

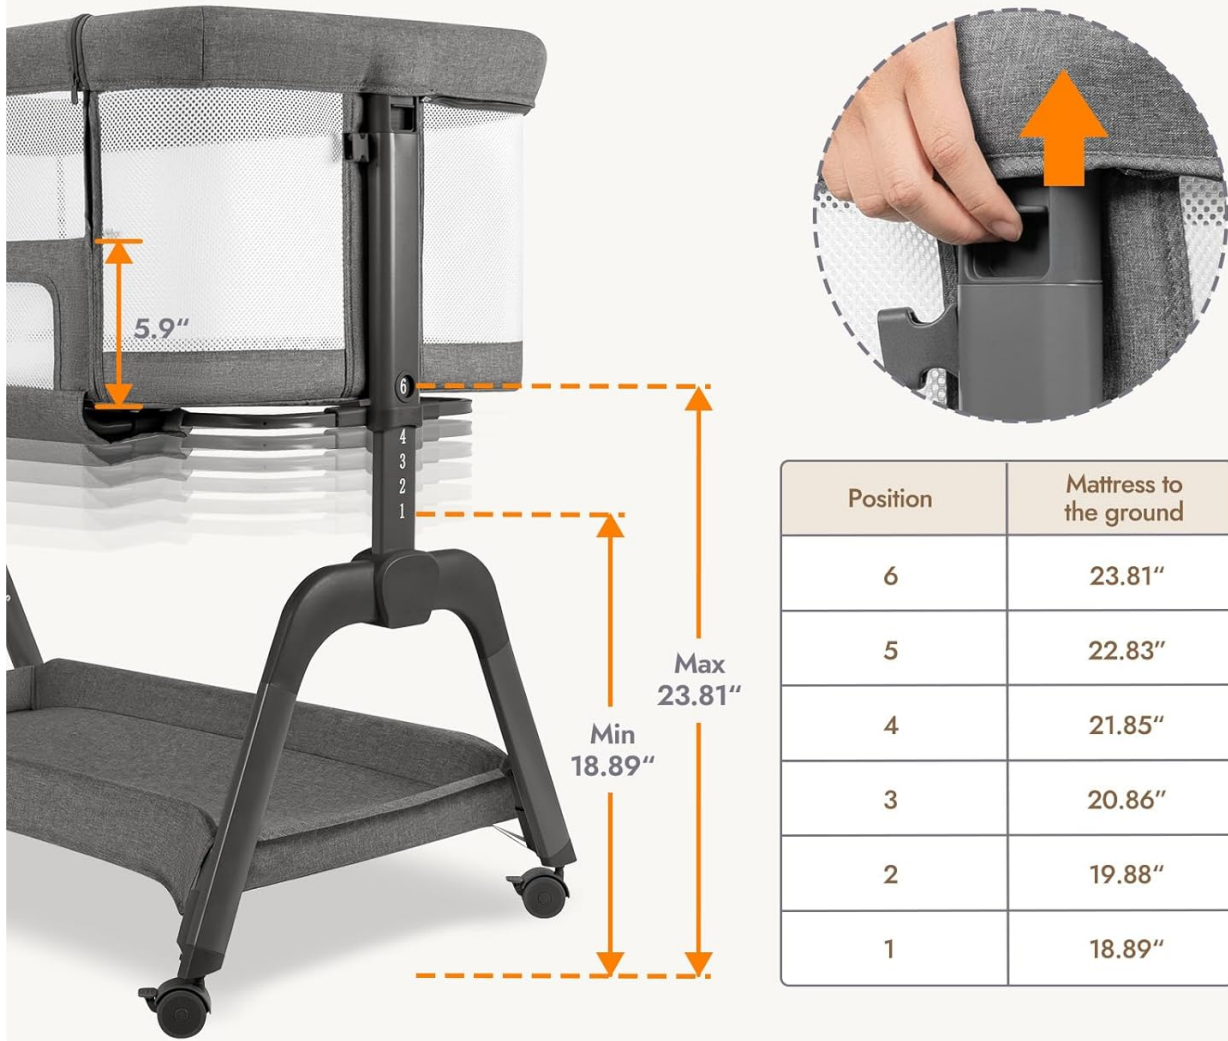

Image: Securing the support bars.

- 3. Install the Mattress:** Place the mattress firmly into the bassinet. Ensure it lies flat and covers the entire base.

6-Level Height Adjustment

Perfect fit for any bed

Position	Mattress to the ground
6	23.81"
5	22.83"
4	21.85"
3	20.86"
2	19.88"
1	18.89"

- **Quick and Tool-Free Setup:** Designed for easy assembly without the need for tools.

6. OPERATING MODES

6.1 Bedside Sleeper Mode

To use as a bedside sleeper, lower one side of the bassinet to allow easy access to your baby. This mode is ideal for nighttime feedings and comforting your little one without leaving your bed.

1. Unzip the fabric cover on the side you wish to lower.
2. Locate the release buttons on the side frame and press them to lower the side.
3. Use the provided attachment straps to securely fasten the bassinet to your bed frame.

6.2 Standalone Bassinet Mode

For standalone use, ensure both sides of the bassinet are fully raised and locked. This provides a secure and enclosed sleeping environment for your baby anywhere in the room.

6.3 Rocker Mode

The bassinet can be converted into a rocker by adjusting the leg frames. This feature provides a gentle rocking motion to soothe your baby to sleep.

6.4 Playpen Mode

The bassinet can also function as a playpen by lowering the mattress to the lowest possible position. This creates a safe and enclosed space for your baby to play.

7. ADJUSTMENTS

7.1 Height Adjustment

The bassinet offers 6 height adjustment levels. To adjust the height, locate the adjustment buttons on the side legs, press them, and slide the bassinet up or down to your desired level. Ensure both sides are adjusted to the same height for stability, unless using the anti-reflux incline feature.

7.2 Anti-Reflux Incline

You can adjust one side of the bassinet higher than the other (0-7 degrees incline) to create a gentle incline, which can help prevent reflux in infants. Ensure the incline is gentle and safe for your baby.

8. PORTABILITY AND STORAGE

8.1 Silent Wheels with Brakes

The bassinet is equipped with silent wheels for easy movement between rooms. Each wheel has a brake mechanism. To lock the wheels, press down on the lever on each wheel. To unlock, lift the lever.

Silent Wheels with Brakes

Easy to move, lock securely in place

8.2 Easy-Reach Storage Basket

A convenient storage basket is located beneath the bassinet, providing easy access to diapers, wipes, blankets, and other baby essentials.

9. MAINTENANCE AND CLEANING

To ensure hygiene and longevity of your bassinet:

- **Fabric Components:** The fabric components, including the mattress cover and mesh sides, are machine washable. Remove them from the frame before washing. Follow care instructions on the label.
- **Frame:** Wipe the metal and plastic parts of the frame with a damp cloth and mild soap. Dry thoroughly.
- Regularly inspect the bassinet for any loose, damaged, or missing parts. Discontinue use if any issues are found.

10. TROUBLESHOOTING

- **Bassinet feels unstable:** Ensure all leg connections and support bars are securely clicked into place. Verify that both sides are adjusted to the same height (unless using incline feature).
- **Wheels not locking:** Check that the brake levers on all wheels are fully engaged by pressing them down firmly.
- **Side will not lower:** Ensure the fabric zipper is fully unzipped and the release buttons on the side frame are pressed simultaneously.
