## YDN B0DHWVTRLM

# YDN Standing Desk User Manual

Model: B0DHWVTRLM | Brand: YDN

## INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, maintenance, and troubleshooting of your YDN 48-inch Height Adjustable Standing Desk with Keyboard Tray. Please read this manual thoroughly before assembly and use to ensure safe and efficient operation.

## IMPORTANT SAFETY INFORMATION

For your safety and to prevent damage to the product, please adhere to the following guidelines:

- Always ensure the desk is properly anchored to the floor if applicable, or placed on a stable, level surface.
- Do not exceed the maximum weight limit of 176 lbs (80 kg) on the desktop.
- Keep the workspace clear of obstacles, especially during height adjustments, to prevent accidents or pinching.
- Always use the desk with caution, particularly when adjusting the height. Ensure no body parts or objects are in the path of moving components.
- Do not allow children to operate the desk without adult supervision.
- Disconnect power before cleaning or performing any maintenance.

## PACKAGE CONTENTS

Before beginning assembly, verify that all components are present:

- Desktop Surface (Rustic Brown)
- Desk Frame (Alloy Steel)
- Electric Motor and Control Panel
- Keyboard Tray

- Monitor Arm (if included, check packaging)
- Cable Management Clips
- Desk Hooks (x2)
- Feet Pads
- Assembly Hardware (screws, bolts, etc.)
- User Manual (this document)

*Note: While some assembly tools may be included, it is recommended to have a Phillips head screwdriver and possibly a wrench for optimal assembly.*

## SETUP AND ASSEMBLY

---

Assembly of the YDN Standing Desk is designed to be straightforward. Follow the detailed instructions provided in the included assembly guide. The process typically involves attaching the desk legs to the desktop, installing the electric motor and control panel, and then mounting the keyboard tray and accessories.

**Figure 1:** Illustration of the assembly process, highlighting the use of tools and the instruction manual.

### Key Assembly Steps:

1. Unpack all components and verify against the package contents list.
2. Attach the desk legs to the desktop using the provided hardware. Ensure all screws are tightened securely.
3. Install the electric motor and connect it to the control panel. Route cables neatly using the integrated cable management features.
4. Mount the keyboard tray rails and then slide the keyboard tray into place.

5. Attach the desk hooks to the desired locations on the desk frame.
6. Place the desk in its desired location, ensuring it is on a stable and level surface.

## OPERATING INSTRUCTIONS

### Electric Height Adjustment:

Your YDN Standing Desk features an electric motor for effortless height adjustment. The control panel is located conveniently on the front edge of the desk.

**Figure 3:** Multi-function intelligent keypad for height adjustment.

- **Adjusting Height:** Use the **Up** and **Down** arrow buttons to raise or lower the desk to your desired height. The current height is displayed on the digital screen.
- **Height Range:** The desk can be adjusted from a minimum height of 28.3 inches to a maximum height of 46.5 inches (including the 2.36-inch desktop thickness).
- **Programmable Presets:** The control panel features three programmable height preset buttons (1, 2, 3). To save a height setting, adjust the desk to the desired height, then press and hold one of the preset buttons until the display flashes or beeps, indicating the height has been saved. To recall a saved height, simply press the corresponding preset button.
- **Quiet Operation:** The custom YDN motor operates quietly, producing noise levels as low as 45 dB during adjustment.

Figure 4: Noise level comparison during desk operation.

### Keyboard Tray Usage:

The spacious keyboard tray provides an ergonomic solution for your keyboard and mouse.

## STURDY & STABLE TRAY

Space for Full-size Keyboard & Mouse Max Load 22LBS

Figure 5: Keyboard tray dimensions and stability features.

- The keyboard tray measures 26.8 inches x 9.8 inches, accommodating a full-size keyboard and mouse.
- It has a maximum load capacity of 22 lbs.
- Slide the tray in and out as needed for comfortable typing and storage.

### Cable Management and Hooks:

Maintain a tidy workspace using the integrated features.

- **Cable Clips:** Utilize the provided cable management clips to route and secure power cords and peripheral cables, preventing tangles and ensuring a clean aesthetic.
- **Desk Hooks:** Two integrated hooks are available for hanging headphones, bags, or other accessories, keeping your desktop clear.

Figure 6: Example of using the integrated desk hook.

## MAINTENANCE

---

Regular maintenance ensures the longevity and optimal performance of your YDN Standing Desk.

- **Cleaning:** Wipe the desktop surface with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish. The surface is water-resistant.
- **Frame:** Periodically check all screws and bolts to ensure they remain tight. Retighten if necessary.
- **Motor and Cables:** Ensure the motor and all electrical cables are free from obstruction and damage. Do not attempt to service the motor yourself; contact customer support if issues arise.
- **Keyboard Tray:** Keep the keyboard tray rails clean and free of debris to ensure smooth operation.

## TROUBLESHOOTING

---

If you encounter issues with your YDN Standing Desk, refer to the following common troubleshooting steps:

| Problem | Possible Cause | Solution |
|---------|----------------|----------|
|---------|----------------|----------|

| Problem                                       | Possible Cause   | Solution   |
|---|--|--|
| Desk does not move or respond to controls.    | Power cable disconnected; motor overload; control panel issue. | <p>Check if the power cable is securely plugged into the wall outlet and the desk.</p> <p>Unplug the desk for 10-15 minutes, then plug it back in to reset the motor.</p> <p>Ensure the desk is not overloaded beyond its 176 lbs capacity.</p> <p>Contact customer support if the issue persists.</p> |
| Desk moves unevenly or makes unusual noises.  | Uneven load; loose connections; obstruction.                   | <p>Distribute weight evenly on the desktop.</p> <p>Check all assembly screws and bolts for tightness.</p> <p>Inspect for any obstructions under or around the desk legs.</p> <p>Ensure the desk is on a level surface.</p>   |
| Keyboard tray is stiff or difficult to slide. | Debris in rails; misaligned.                                   | <p>Clean the keyboard tray rails to remove any dust or debris.</p> <p>Ensure the tray is correctly seated in its rails.</p>  |

If these steps do not resolve the issue, please contact YDN customer support for further assistance.
