Luqeeg Luqeeghrmzac036s

Luqeeg Automatic Scent Diffuser Instruction Manual

Model: Luqeeghrmzac036s | Brand: Luqeeg

1. Important Safety Information

Please read all safety instructions carefully before operating the device. Keep this manual for future reference.

- Avoid direct skin contact with undiluted essential oils.
- Keep the diffuser and fragrance oils out of reach of children and pets.
- Ensure proper ventilation in the area where the diffuser is used.
- Do not ingest fragrance oils or batteries.
- Keep the device away from heat sources and open flames.

2. Package Contents

Verify that all items listed below are included in your package:

- 1 x Main Machine (Automatic Scent Diffuser)
- 1 x Traceless Sticker
- 1 x Bracket Board
- 1 x Double Sided Sticker
- 1 x Cover
- 1 x Key
- 3 x Expansion Pipes
- 7 x Screws

4. Setup

Follow these steps to set up your Luqeeg Automatic Scent Diffuser:

1. **Unpack the Device:** Carefully remove all components from the packaging.

2. **Install Battery:** Open the battery compartment (typically on the back or side) and insert one D-type dry battery. Ensure correct polarity. *(Battery not included)*
3. **Install Fragrance Oil:** Locate the fragrance oil reservoir. Pour your desired fragrance oil into the reservoir. Ensure the cap is securely fastened after filling.
4. **Mounting Options:**
    - **Wall Mounting:** Use the provided bracket board, expansion pipes, and screws to securely mount the diffuser to a wall. Alternatively, use the traceless sticker or double-sided sticker for temporary or lighter mounting.
    - **Tabletop Placement:** Place the diffuser on a flat, stable surface.

Image 4.2: Close-up view of the bottom vents on the Luqeeg Automatic Scent Diffuser, indicating airflow for scent distribution.

5. Operating Instructions

Once set up, operate your diffuser as follows:

1. **Power On:** The device will power on automatically once the battery is installed and the fragrance oil is in place.
2. **Adjust Fragrance Output:** The diffuser features an adjustable fragrance output function. Use the controls on the device or the associated mobile application to set your desired fragrance concentration. This allows you to customize the scent intensity for different environments.

3. **Set Timing:** Utilize the 5-stage timing and 10-gear adjustment features to schedule fragrance release. This allows for precise control over when and how often the scent is diffused throughout the day.

Image 5.1: A diagram showing 5 stages of timing (e.g., 8:00-11:00, 12:00-14:00, 15:00-18:00, 20:00-22:00, 22:00-23:59) and 10 gears of adjustment for fragrance intensity.

4. **Mobile App Control:** For enhanced control, download and connect the compatible mobile application. The app allows for remote adjustment of fragrance output, timing schedules, and monitoring of the device status.

Image 5.2: A hand holding a smartphone, displaying the mobile application interface used to control the scent diffuser's timing and settings.

5. **Silent Operation:** The diffuser is designed for silent running, ensuring fragrance distribution without disruptive noise.

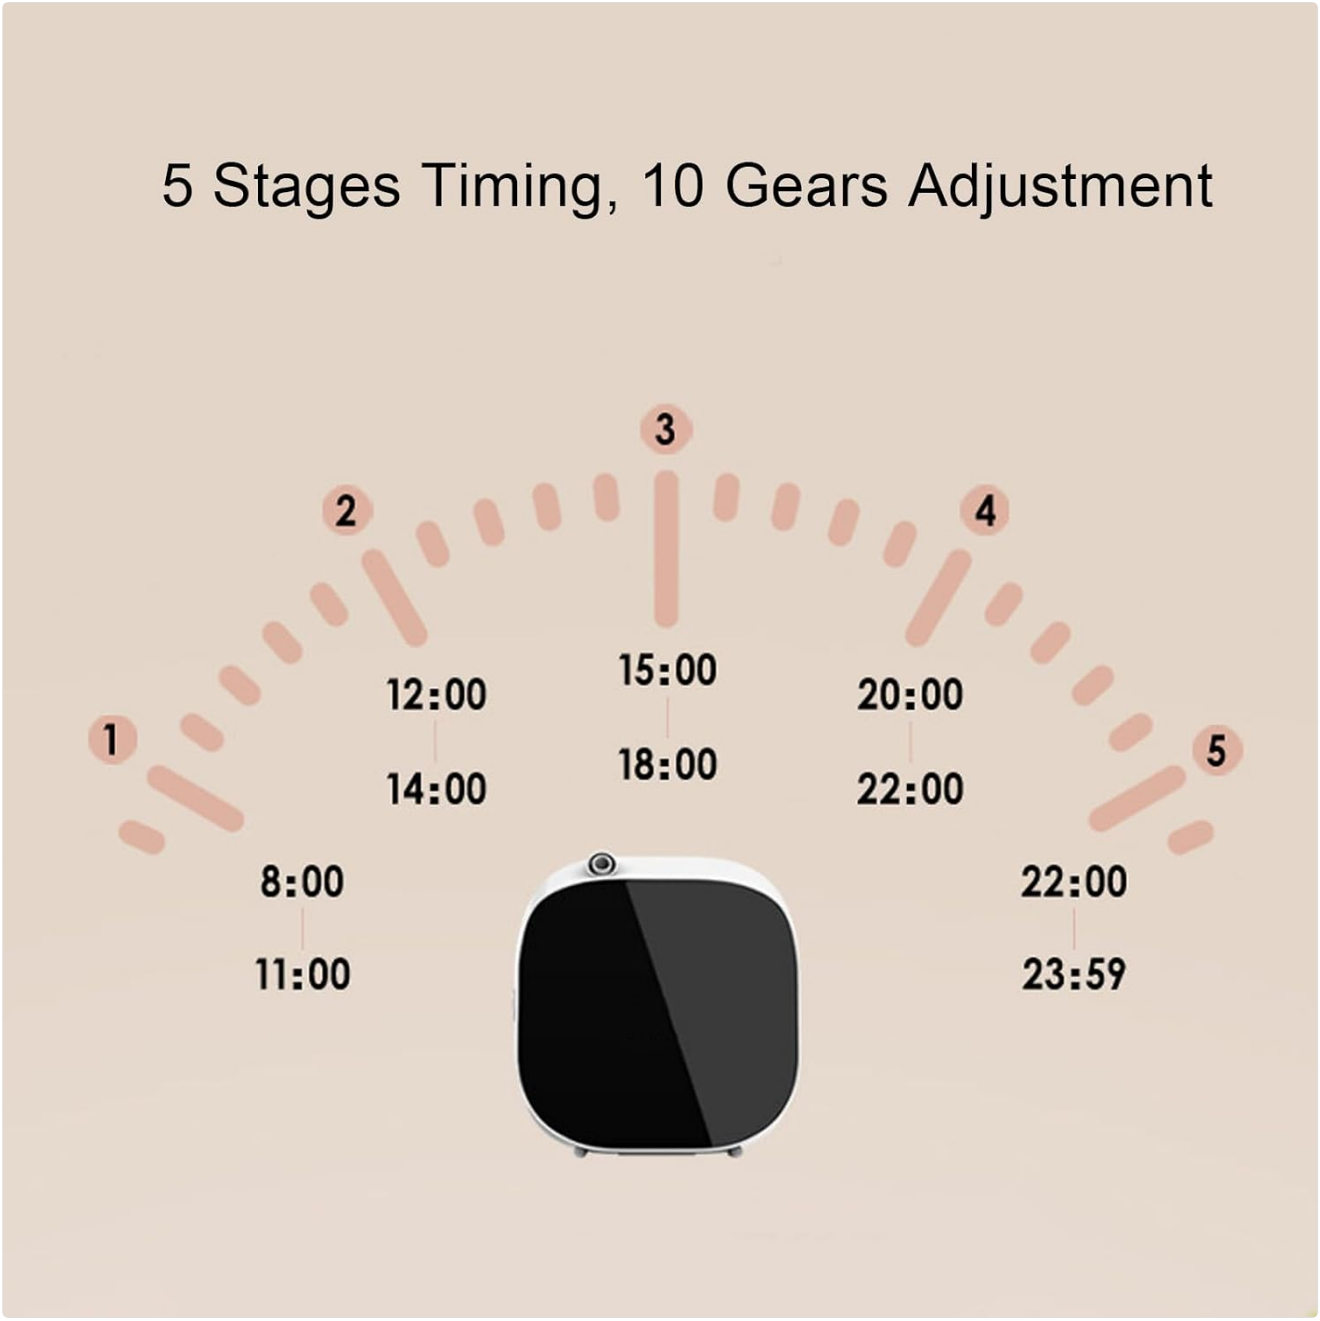

Image 5.3: The scent diffuser placed on a bedside table, illustrating its silent operation in a tranquil bedroom environment.

6. Maintenance

Regular maintenance ensures optimal performance and longevity of your diffuser:

- **Cleaning:** Periodically wipe the exterior of the diffuser with a soft, damp cloth. Do not use abrasive cleaners or immerse the device in water.
- **Fragrance Oil Refill:** When the fragrance oil level is low, refill the reservoir with your preferred oil. Ensure the device is powered off before refilling.
- **Battery Replacement:** Replace the D-type battery when the device indicates low power or stops functioning.

7. Troubleshooting

If you encounter issues with your Luqeeg Automatic Scent Diffuser, refer to the following common solutions:

- **Device Not Turning On:** Check if the D-type battery is correctly installed and has sufficient charge. Replace the battery if necessary.
- **No Scent Emission:** Ensure the fragrance oil reservoir is filled and the oil is not solidified. Check that the device is powered on and settings are correctly configured for scent release.
- **Weak Scent:** Adjust the fragrance output setting to a higher intensity. Ensure the room size is within the recommended coverage area (100m²).
- **App Connectivity Issues:** Ensure your mobile device's Bluetooth or Wi-Fi is enabled and the diffuser is within range. Restart both the diffuser and your mobile device if connection problems persist.

8. Warranty and Support

For warranty information, technical support, or further assistance, please contact Luqeeg customer service or visit the official brand store.
