ERLEJIA SZT-MOLI

ERLEJIA Vanity Desk with Mirror and Lights, RGB Cabinet, Power Outlet, and Stool

Model: SZT-MOLI

Brand: ERLEJIA

INTRODUCTION

This manual provides comprehensive instructions for the assembly, operation, maintenance, and troubleshooting of your ERLEJIA Vanity Desk. This product features an integrated mirror with LED lighting, an RGB lighting cabinet, a power outlet with USB ports, and an accompanying stool. Please read this manual thoroughly before assembly and use to ensure safe and correct operation.

SAFETY INSTRUCTIONS

- Ensure all components are present and undamaged before beginning assembly. Do not use if any parts are missing or broken.
- Assemble the vanity desk on a soft, clean surface to prevent scratches.
- Follow all assembly steps in the provided assembly guide (not included in this document, refer to packaging).
- Do not overtighten screws during assembly to avoid damaging the material.
- Keep electrical components (lights, power outlet) away from water and moisture.
- Only use the power outlet for devices within its specified voltage and current limits (125V/12A).
- Do not attempt to modify or repair the electrical components yourself. Contact qualified personnel for service.
- Keep small parts and packaging materials away from children to prevent choking hazards.
- Place the vanity desk on a stable, level surface to prevent tipping.

PACKAGE CONTENTS

The ERLEJIA Vanity Desk package typically includes the following main components. Please verify all parts against the detailed parts list provided in your product packaging before assembly.

- Vanity Desk Frame and Panels
- Mirror with Integrated LED Lights
- RGB Lighting Cabinet
- Stool
- Drawers and Sliding Rails
- Power Strip with AC Outlets and USB Ports
- Hair Dryer Holder
- Assembly Hardware (screws, connectors, etc.)
- Instruction Manual (this document)

SETUP AND ASSEMBLY

Assembly of the ERLEJIA Vanity Desk requires following the step-by-step instructions provided in the separate assembly guide included with your product. Each component is typically labeled with numbers or letters to facilitate identification during the process.

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out on a protected surface. Refer to the parts list in your assembly guide to ensure all pieces are present.
2. **Assemble the Main Desk Frame:** Follow the guide to connect the main desk panels using the provided hardware.
3. **Install Drawers:** Assemble the drawers and install the sliding rails onto the desk frame. Insert the drawers into their respective slots.
4. **Attach Mirror and Cabinet:** Secure the mirror unit and the RGB lighting cabinet to the desk according to the instructions. Ensure all electrical connections for the lights and cabinet are properly routed and secured.
5. **Install Power Outlet and Hair Dryer Holder:** Mount the power strip and hair dryer holder in their designated positions. Connect the power strip to a wall outlet.
6. **Assemble Stool:** Assemble the stool using the provided hardware.
7. **Final Check:** Verify that all screws are tightened, and the vanity desk is stable before use.

OPERATING INSTRUCTIONS

LED Mirror Lights

The mirror is equipped with LED bulbs that offer adjustable brightness and three distinct lighting modes to suit various needs.

- **Power On/Off:** Locate the touch sensor on the mirror to turn the lights on or off.
- **Change Lighting Mode:** Press the "M" button on the touch sensor to cycle through the three color modes: Cold Light (6000K), Cool Light (5000K), and Warm Light (4000K).
- **Adjust Brightness:** Press and hold the "+" or "-" button on the touch sensor to adjust the brightness level. There are 10 adjustable brightness levels.

RGB Lighting Cabinet

The integrated cabinet features an RGB lighting system, offering a wide range of colors and dynamic lighting effects.

- **Control:** The RGB lighting system is controlled via a dedicated switch or remote control (if included).
- **Color Selection:** Choose from over 60,000 static colors.
- **Lighting Modes:** Select from multiple dynamic lighting modes.
- **Brightness and Speed Adjustment:** Adjust the brightness and speed of dynamic modes as desired.

Integrated Power Outlet and USB Ports

The vanity desk includes a power strip with two standard AC plug sockets and two USB ports for convenient charging and powering of electronic devices.

- **AC Outlets:** Use the two 125V/12A AC outlets for hair dryers, curling irons, or other small appliances.
- **USB Ports:** Use the two USB ports to charge smartphones, tablets, or other USB-powered devices.
- **Safety:** Ensure the total power draw of connected devices does not exceed the specified limits.

STORAGE FEATURES

The vanity desk is designed with ample storage to organize various items.

- **Drawers:** Includes six drawers, with one large drawer featuring a partition board for organized storage of cosmetics and accessories, and two hidden drawers for discreet storage.
- **Open Shelves:** Five open shelves provide easy access storage for frequently used items.
- **Jewelry Armoire:** The RGB cabinet also functions as a jewelry armoire with six metal hooks for hanging earrings and necklaces.

MAINTENANCE

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Mirror Care:** Clean the mirror with a glass cleaner and a lint-free cloth. Do not spray cleaner directly onto the mirror, especially near electrical components.
- **Electrical Components:** Ensure all electrical connections remain secure. Do not immerse electrical parts in water.
- **Hardware:** Periodically check and tighten any loose screws or fittings to maintain stability.
- **Stool:** Clean the stool fabric according to its material care instructions.

TROUBLESHOOTING

Problem	Possible Cause	Solution
LED Mirror Lights not working	<ul style="list-style-type: none"> Power cable not connected Loose connection Faulty touch sensor 	<ul style="list-style-type: none"> Ensure the vanity desk is plugged into a working power outlet. Check all electrical connections to the mirror. Contact customer support if the touch sensor is unresponsive.
RGB Cabinet Lights not working	<ul style="list-style-type: none"> Power cable not connected Switch/remote battery low or faulty 	<ul style="list-style-type: none"> Ensure the vanity desk is plugged in. Check the switch connection or replace remote batteries.
Power Outlets/USB ports not working	<ul style="list-style-type: none"> Vanity desk not plugged in Overload on power strip 	<ul style="list-style-type: none"> Verify the main power cord is securely plugged into a wall outlet. Unplug some devices to reduce load. Check if the power strip has a reset button.
Desk feels unstable after assembly	<ul style="list-style-type: none"> Loose screws Uneven floor 	<ul style="list-style-type: none"> Re-tighten all assembly screws. Place the desk on a level surface or use furniture pads to stabilize.
