Pedometer

The integrated pedometer tracks your steps, distance, and time. Access the pedometer function from the main menu. It stores history data, allowing you to review your activity over time.

MAINTENANCE

To ensure the longevity and optimal performance of your RUIZU X80 MP3 player, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the device. Avoid using liquid cleaners or abrasive materials.
- **Battery Care:** To preserve battery life, avoid fully discharging the device frequently. Charge it regularly, and if storing for an extended period, ensure it has a partial charge (around 50%).
- **Storage:** Store the MP3 player in a cool, dry place away from direct sunlight, extreme temperatures, and humidity.
- **Protection:** While designed for portability, avoid dropping the device or exposing it to excessive shock. The screen is

susceptible to scratches, consider a protective film if desired.

TROUBLESHOOTING

If you encounter issues with your RUIZU X80 MP3 player, refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
Device does not power on	Low battery; System crash	Charge the device; Press and hold the power button for 10 seconds to force restart.
Bluetooth disconnects frequently	Interference; Out of range; Device issue	Ensure no strong interference sources are nearby; Stay within Bluetooth range; Try re-pairing the device. If persistent, contact support.
Cannot transfer files	Incorrect connection; iOS device; File size limit	Ensure proper connection with USB-C or adapter; Note that iOS devices are not supported for OTG; Transfer files in batches of 1GB or less.
Screen is too dim in sunlight	Environmental limitation	This is a characteristic of the LCD screen; try to view in shaded areas.
Menu navigation is difficult	Unfamiliarity with interface	Familiarize yourself with the soft-touch keys and menu structure through practice.
