## Beyution RF439A-V06, URMT26CND001

# Beyution RF439A-V06 Voice Remote Control Instruction Manual

Model: RF439A-V06, URMT26CND001

## INTRODUCTION

---

This manual provides detailed instructions for the setup, operation, and maintenance of your Beyution RF439A-V06 Voice Remote Control. This remote is designed for use with various Philips 4K LED Smart TV models, offering voice search functionality and an ergonomic design for comfortable use.

## SETUP

---

### 1. Battery Installation

Before using the remote control, install two 1.5V AAA batteries (not included) into the battery compartment. Ensure correct polarity (+/-) as indicated inside the compartment.

Image: Rear view of the remote control with the battery cover removed, showing the two AAA battery slots.

## 2. Pairing with Your TV

This remote control features voice search functionality and requires pairing with your Philips 4K LED Smart

TV for full operation. Follow these steps:

1. Ensure your TV is powered on. If not, press the **POWER** key on the remote to turn on the TV.
2. Press and hold the **VOL-** key and the **VOICE** key simultaneously for 3-5 seconds.
3. The indicator light on the remote control will flash, indicating it has entered pairing status.
4. Once pairing is successful, the indicator light will turn off. The remote control is now ready for use.

## MAINTENANCE

---

- **Cleaning:** Use a soft, dry cloth to clean the remote control. Avoid using liquid cleaners or abrasive materials.
- **Battery Replacement:** Replace batteries when the remote's performance degrades or the indicator light does not respond. Always replace both batteries at the same time with new ones of the same type (AAA 1.5V).
- **Storage:** Store the remote control in a cool, dry place away from direct sunlight and extreme temperatures.
- **Material Quality:** The remote is constructed from durable ABS plastic and soft rubber, with printing technology designed to prevent text from fading over time.

## TROUBLESHOOTING

---

Problem	Solution
Remote control is not responding.	<ul style="list-style-type: none"> <li>• Check if the batteries are correctly installed with the correct polarity.</li> <li>• Replace the batteries with new ones.</li> <li>• Ensure there are no obstructions between the remote control and the TV's infrared receiver.</li> </ul>
Voice search function is not working.	<ul style="list-style-type: none"> <li>• Ensure the remote control is successfully paired with your TV. Refer to the "Pairing with Your TV" section.</li> <li>• Confirm that your TV model supports voice control and that the feature is enabled in your TV settings.</li> </ul>
Remote control works intermittently or has a short range.	<ul style="list-style-type: none"> <li>• Replace the batteries.</li> <li>• Ensure you are within the effective operating range (approximately 10 meters or 33 feet).</li> <li>• Avoid strong light sources that might interfere with the infrared signal.</li> </ul>
