Yaber PROJECTOR L2s

Yaber L2s Portable Home Cinema Projector User Manual

INTRODUCTION

Welcome to the Yaber L2s Portable Home Cinema Projector. This manual provides essential information for setting up, operating, and maintaining your projector to ensure optimal performance and an immersive viewing experience. The Yaber L2s features native 1080P resolution, integrated JBL sound, 1-second obstacle-free autofocus, automatic keystone correction, WiFi 6, and Bluetooth connectivity.

SETUP

1. Placement and Projection

Position the projector on a stable, flat surface. Ensure there are no obstructions in front of the lens. For optimal viewing, consider the following projection distances and screen sizes:

Projection Distance	Screen Size
4.0 ft (1.2 meters)	40 inches
6.0 ft (1.8 meters)	60 inches
8.0 ft (2.4 meters)	80 inches
10.0 ft (3.0 meters)	100 inches
12.0 ft (3.6 meters)	120 inches

Projection Distance	Screen Size
15.0 ft (4.5 meters)	150 inches

Image: A diagram illustrating recommended projection distances and corresponding screen sizes for the Yaber L2s projector, ranging from 40 inches at 4 feet to 150 inches at 15 feet.

2. Power Connection

Connect the power cable to the projector's power input and then to an electrical outlet (220 Volt).

3. Initial Power On and Autofocus

Press the power button on the projector or remote control to turn it on. The Yaber L2s features 1-second obstacle-free autofocus and automatic vertical keystone correction. The projector will automatically adjust the image clarity and shape upon startup or movement.

OPERATING INSTRUCTIONS

1. Remote Control

Use the provided remote control to navigate menus and control projector functions.

2. Input Source Selection

Connect your devices (e.g., TV Stick, PC, PS5, USB drive) to the projector using the appropriate ports (HDMI, USB). Use the input source button on the remote or projector to select the desired input.

3. Audio Output

The projector is equipped with integrated 2x8W JBL speakers, providing immersive sound. The projector can also function as a Bluetooth speaker. Connect your smartphone or other Bluetooth devices to stream audio.

4. Image Adjustment

The projector supports 50% zoom for adjusting screen size without moving the unit. While automatic vertical keystone correction is standard, manual correction may be required if the projector is positioned horizontally off-axis.

5. Wireless Connectivity (WiFi 6 & Bluetooth)

Connect to your home network using WiFi 6 for fast and stable streaming. Utilize Bluetooth for connecting external audio devices or using the projector as a standalone Bluetooth speaker. The projector supports Miracast and Airplay for screen mirroring from compatible devices. **Note:** Google phones may require Chromecast for casting.

MAINTENANCE

1. Cleaning the Lens

Use the provided cleaning kit to gently clean the projector lens. Avoid abrasive materials that could scratch the lens.

2. Dust Filter

The projector features an integrated dust filter designed to block up to 95% of dust, reducing maintenance and ensuring consistent performance.

Filtro Antipolvere Integrato

Il filtro blocca fino al 95% della polvere e riduce la manutenzione del 50%, consentendo al proiettore di funzionare senza problemi.

TROUBLESHOOTING

No Image Displayed

- Ensure the power cable is securely connected and the projector is turned on.
- Verify the input source is correctly selected for your connected device.
- Check HDMI or USB cable connections for looseness or damage.

Blurry Image

- Allow the automatic autofocus to complete its adjustment. If the image remains blurry, ensure the projector is placed on a stable surface and the lens is clean.
- For manual keystone adjustments, refer to the 'Image Adjustment' section.

No Sound

- Check the volume settings on both the projector and the connected device.
- Ensure external audio devices are correctly connected or paired via Bluetooth.

Connectivity Issues

- For WiFi or Bluetooth problems, try restarting the projector and your connected device.
- Ensure your WiFi network is active and within range.

Important Note on Content Playback

Due to copyright restrictions, some streaming services may not function directly on the projector. It is recommended to use a TV Stick Lite (purchased separately) for accessing such content.

SPECIFICATIONS
