

Nsiucion In-790

Nsiucion Wireless Sleep Earbuds (Model In-790) User Manual

INTRODUCTION

This manual provides comprehensive instructions for the Nsiucion Wireless Sleep Earbuds, Model In-790. These earbuds are designed for comfort, especially for side sleepers, offering a flat-fit, lightweight design, and clear audio. Please read this manual thoroughly before using your earbuds to ensure proper operation and longevity.

The Nsiucion Wireless Sleep Earbuds are designed for versatile use, including sleeping, running, working, and relaxing.

PACKAGE CONTENTS

Verify that all items are present in the package:

- Wireless Earbuds (x2)
- Wireless Charging Case (x1)
- USB Charging Cable (x1)
- User Manual (x1)

SETUP

1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case. Place the earbuds into the charging case. Connect the USB charging cable to the Type-C port on the charging case and plug the other end into a compatible USB power source.

Connect the Type-C charging cable to the port on the charging case.

The LED Power Display on the charging case will indicate the battery level. A full charge for the case takes approximately 1 hour. The earbuds provide up to 4 hours of playback on a single charge, and the charging case provides an additional 20 hours, totaling 24 hours of playtime.

The LED display on the charging case shows the current battery level.

2. Bluetooth Pairing

1. Ensure the earbuds are charged.
2. Open the charging case. The earbuds will automatically enter pairing mode, indicated by a flashing

light (refer to specific light indicators in the quick start guide if available).

3. On your device (smartphone, tablet, etc.), enable Bluetooth.
4. Search for available Bluetooth devices and select "Nsiucion In-790" from the list.
5. Once connected, the earbuds will indicate successful pairing (e.g., a voice prompt or solid light).

The earbuds utilize Bluetooth 5.3 for a stable and efficient connection with low latency.

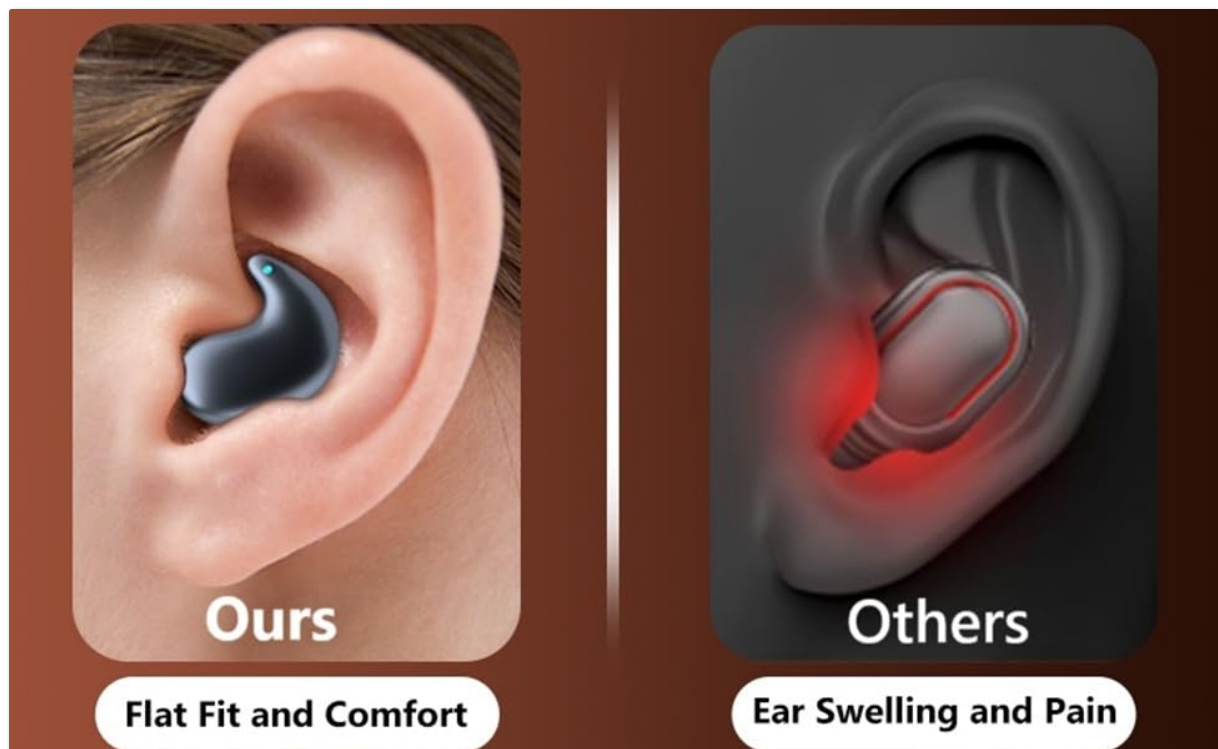

The earbuds feature Bluetooth 5.3 technology for reliable connectivity.

OPERATING INSTRUCTIONS

1. Wearing the Earbuds

The Nsiucion In-790 earbuds are designed for a flat, comfortable fit, making them suitable for side sleepers. Gently insert each earbud into your ear canal, ensuring a snug fit without applying excessive pressure. The lightweight design (0.7g per earbud) helps minimize discomfort during extended wear.

The flat-fit design ensures comfort, especially for side sleepers, preventing pressure points.

Zero Pressure All-Night Comfort

Experience zero pressure comfort throughout the night.

2. Touch Controls

The earbuds feature touch controls for managing audio playback and calls. Specific touch gestures may vary; refer to the quick start guide for detailed instructions on:

- Play/Pause music
- Skip tracks (next/previous)
- Answer/End calls
- Activate voice assistant

3. Audio Quality

Equipped with 13mm drivers, these earbuds deliver clear sound with balanced bass and mid-range frequencies. The built-in microphone in each earbud includes call noise cancellation for clear communication during phone calls.

Super Clear Sound

Enjoy clear audio for music and calls.

MAINTENANCE

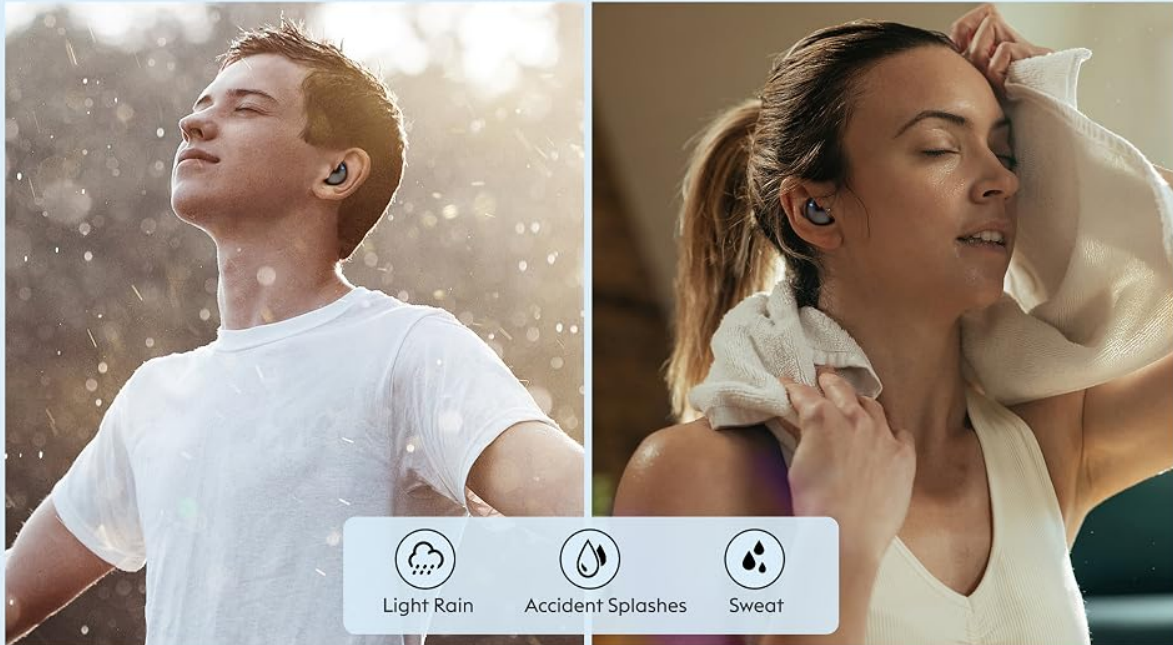

1. Cleaning

Regularly clean your earbuds and charging case with a soft, dry, lint-free cloth. Do not use abrasive cleaners, alcohol, or chemical sprays. Avoid getting moisture into any openings.

2. Water Resistance (IPX4)

The earbuds are rated IPX4 water-resistant, meaning they are protected against splashing water from any direction. This makes them suitable for use during light rain, sweating, or accidental splashes. They are not designed for submersion in water or for use during swimming or showering.

IPX4 Waterproof Earbuds

The IPX4 rating protects your earbuds from light rain, splashes, and sweat.

3. Storage

When not in use, store the earbuds in their charging case to protect them and keep them charged. Store the case in a cool, dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

If you encounter issues with your Nsiucion Wireless Sleep Earbuds, refer to the following common solutions:

- **Earbuds not pairing:** Ensure both earbuds are in the charging case, then open the lid to activate pairing mode. Make sure Bluetooth is enabled on your device and that the earbuds are selected. Try forgetting the device in your Bluetooth settings and re-pairing.
- **No sound or low volume:** Check the volume level on both your device and the earbuds. Ensure the earbuds are properly seated in your ears to form a good seal. Confirm the earbuds are connected to your device.
- **Charging issues:** Verify the charging cable is securely connected to both the case and the power source. Check the LED display on the case for battery status. Clean the charging contacts on both the earbuds and the case.
- **Uncomfortable fit:** While designed for comfort, individual ear shapes vary. Experiment with different earbud positions to find the most comfortable and secure fit.
- **Buzzing sound:** Some users may experience a faint buzzing sound between songs or when no audio is playing. This can sometimes be resolved by ensuring a strong Bluetooth connection or by updating your device's audio drivers if applicable.
- **Battery life shorter than expected:** Ensure the earbuds and case are fully charged. High volume levels can reduce battery life.

If these steps do not resolve your issue, please contact customer support.
