Important Safety Information

Please read all instructions carefully before assembly and use. Failure to follow these instructions may result in injury or damage to the product.

- **Weight Limits:** Do not exceed the maximum weight capacity of the adjustable bed frame (up to 750 pounds).
- **Assembly:** Ensure all components are correctly assembled and tightened according to the instructions.
- **Children and Pets:** Keep children and pets away from the adjustable bed's moving parts.
- **Power Cord:** Ensure the power cord is not pinched or damaged. Do not operate the bed with a damaged cord or plug.
- **Cleaning:** Follow the product care instructions for cleaning the mattress and frame.
- **Medical Devices:** Consult your physician before using this product if you have a pacemaker or other medical device, as the massage function may interfere.

Package Contents

Verify that all components are present before beginning assembly.

- 1 x Twin XL Adjustable Bed Base
- 1 x 12-inch Twin XL Mattress
- 1 x Wireless Remote Control
- Adjustable Legs (set)
- Mattress Retainer Bar
- Power Adapter and Cord

Setup Instructions

Follow these steps for quick and easy assembly of your WEUP Adjustable Bed.

Image: Visual guide for the four-step assembly process.

1. **Unbox the Frame:** Carefully remove the adjustable bed frame from its packaging. Place it in the desired location, ensuring enough space for movement.
2. **Secure the Legs:** Attach the adjustable legs to the bed frame. The legs can be adjusted to different heights (5", 7", 12") to suit your preference. Hand-tighten them securely.
3. **Install Mattress Retainer Bar:** Attach the mattress retainer bar at the foot of the bed frame. This prevents the mattress from sliding when the bed is adjusted.
4. **Add the Mattress:** Place the 12-inch Cooling Gel Memory Foam Mattress onto the adjustable bed frame. Ensure it is centered and aligned with the retainer bar.
5. **Plug In:** Connect the power cord to the bed frame and then to a grounded electrical outlet. Ensure all connections are secure.

Operating Instructions

Your WEUP Adjustable Bed comes with a wireless remote control for easy operation of its various features.

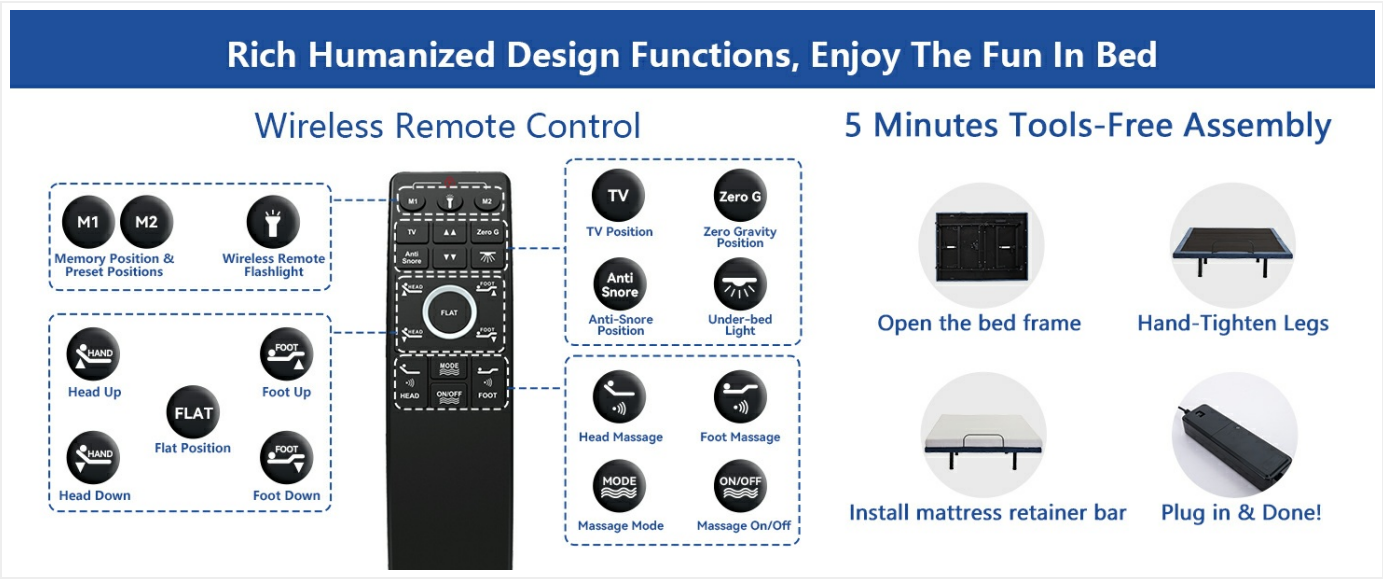

Image: Overview of the wireless remote control functions.

Wireless Remote Control Functions:

- **Head Up/Down:** Adjusts the head section of the bed (0° - 65°).

- **Foot Up/Down:** Adjusts the foot section of the bed (0° - 45°).
- **Flat Position:** Returns the bed to a completely flat position.
- **Memory Positions (M1, M2):** Save and recall your favorite head and foot positions. To save a position, adjust the bed to your desired setting, then press and hold M1 or M2 until the bed beeps.
- **Pre-set Positions:**
  - **TV Position:** Adjusts the head and foot to an optimal angle for watching television.
  - **Zero Gravity:** Elevates the head and feet to a position that mimics weightlessness, reducing pressure on the back.
  - **Anti-Snore Position:** Slightly raises the head to help open airways and reduce snoring.
- **Massage Functions:**
  - **Head Massage:** Activates massage for the head section.
  - **Foot Massage:** Activates massage for the foot section.
  - **Massage Mode:** Cycles through different massage patterns.
  - **Massage On/Off:** Turns the massage function on or off.
- **Under-Bed Light:** Activates the LED lighting under the bed for nighttime ambiance or visibility.

Maintenance and Care

Proper care will extend the life and performance of your adjustable bed and mattress.

- **Mattress Care:** The 12-inch Cooling Gel Memory Foam Mattress features a zipper-removable cover. This cover is designed for hand washing only. Do not machine wash or bleach. Air dry thoroughly.
- **Frame Cleaning:** Wipe the bed frame with a damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Inspections:** Periodically check all bolts and connections to ensure they remain tight.
- **Power Cord:** Regularly inspect the power cord for any signs of damage. If damaged, discontinue use and contact customer support.

Troubleshooting

If you encounter any issues with your WEUP Adjustable Bed, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
Bed does not respond to remote control.	• Power cord unplugged. • Remote control batteries are dead. • Remote control not paired.	• Ensure the power cord is securely plugged into the wall outlet and the bed frame. • Replace batteries in the remote control. • Refer to the remote control pairing instructions (if applicable, usually found in a separate remote manual).
Motor makes noise but bed does not move.	• Obstruction under the bed. • Weight limit exceeded.	• Check for any objects obstructing the bed's movement. • Ensure the total weight on the bed does not exceed 750 pounds.
Massage function not working.	• Massage function is off. • Loose connection.	• Press the "Massage On/Off" button on the remote. • Check connections to the massage motors under the bed.

If the problem persists after attempting these solutions, please contact WEUP customer support.
