## 1. INTRODUCTION

Thank you for choosing the PICUN B-01S Foldable Wireless Headphones. This manual provides essential information for setting up, operating, and maintaining your headphones to ensure optimal performance and longevity. Please read this manual thoroughly before using the product.

## 2. PACKAGE CONTENTS

Please check the package for the following items:

- PICUN B-01S Foldable Wireless Headphones
- USB Charging Cable
- 3.5mm Audio Aux Cable
- User Manual

## 3. PRODUCT OVERVIEW

The PICUN B-01S headphones are designed for immersive audio and wireless convenience. They feature a foldable design for portability, comfortable ear cushions for extended wear, and intuitive

controls.

### Key Features:

- **Immersive Sound Quality:** Equipped with advanced drivers for rich, crisp sound with deep bass and clear highs.
- **Wireless Connectivity:** Bluetooth technology for seamless pairing with compatible devices.
- **Foldable Design:** Compact storage and enhanced portability.
- **Comfortable Fit:** Ergonomic design with plush ear cushions and an adjustable headband for extended wear.
- **Smart Controls:** Intuitive touch controls for music playback and call management.
- **Long Battery Life:** Up to 15 hours of continuous playback on a single charge.
- **Built-in Microphone:** Clear voice transmission for calls and virtual meetings.

## 4. SETUP

### 4.1. Charging the Headphones

Before first use, fully charge your headphones.

1. Connect the small end of the USB charging cable to the charging port on the headphones.

2. Connect the larger end of the USB charging cable to a USB power adapter (not included) or a computer's USB port.
3. The LED indicator will show the charging status. It typically turns off or changes color when fully charged.

A full charge provides up to 15 hours of playback. A quick 10-minute charge can provide up to 2 hours of playback.

The advertisement features the PICUN logo in the top left. The main headline reads "Long battery life, bid farewell to power anxiety". Below this, a callout box states "It can be connected and played for about 46 hours once fully ch". The central image shows a pair of white headphones with "picun" written on the ear cup, set against a large clock face with "46h" in the center. At the bottom left, text describes the low-power wireless chip and high-performance battery. At the bottom right, an icon shows a pair of headphones connected to a cable with a 3.5mm jack, with text indicating support for AUX wired connections.

**picun**

## Long battery life, bid farewell to power anxiety

It can be connected and played for about 46 hours once fully ch

46h

The low-power Wireless chip is paired with a high-performance battery, and the wireless battery life can reach 46 hours. The long-lasting battery life allows music to accompany life anytime, anywhere.

Support AUX wired connection, can also be used without battery.

*Image: PICUN B-01S Headphones (White model) illustrating long battery life. The image highlights the 46-hour battery life and the option for AUX wired connection.*

**Note:** The product description specifies up to 15 hours of continuous playback. Please refer to the 15-hour specification for accurate battery life.

#### 4.2. Powering On/Off

- **To Power On:** Press and hold the Power button for approximately 3 seconds until the LED indicator lights up.
- **To Power Off:** Press and hold the Power button for approximately 5 seconds until the LED indicator turns off.

#### 4.3. Bluetooth Pairing

Pair your headphones with your device for wireless audio.

1. Ensure the headphones are powered off.
2. Press and hold the Power button for approximately 5-7 seconds until the LED indicator flashes red and blue alternately, indicating pairing mode.
3. On your device (smartphone, tablet, computer), enable Bluetooth and search for available devices.
4. Select "PICUN B-01S" from the list of found devices.
5. Once paired, the LED indicator will flash blue slowly or remain solid blue.

If a password is required, enter "0000".

#### 4.4. Wired Connection (AUX Mode)

You can use the headphones with the included 3.5mm audio cable when battery is low or for non-Bluetooth devices.

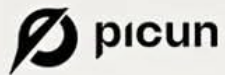

1. Connect one end of the 3.5mm audio cable to the AUX port on the headphones.
2. Connect the other end to the 3.5mm audio output jack of your device.
3. The headphones will automatically switch to wired mode.

## 5. OPERATING INSTRUCTIONS

---

### 5.1. Music Playback

- **Play/Pause:** Press the Multi-function button once.
- **Next Track:** Press and hold the Volume Up (+) button.
- **Previous Track:** Press and hold the Volume Down (-) button.
- **Volume Up:** Short press the Volume Up (+) button.
- **Volume Down:** Short press the Volume Down (-) button.

## HIFI level sound quality

Listen to music clearly without noise

The headphone is carefully adjusted by a professional audio team to restore music with bright high frequencies, full mid-range frequencies, and rich and flexible low frequencies, aiming to create an immersive music feast for you

*Image: PICUN B-01S Headphones (White model) with an exploded view of the earcup components, emphasizing HIFI sound quality. This illustrates the internal structure designed for clear audio.*

### 5.2. Phone Calls

- **Answer Call:** Press the Multi-function button once.
- **End Call:** Press the Multi-function button once during a call.
- **Reject Call:** Press and hold the Multi-function button for 2 seconds.
- **Redial Last Number:** Double-press the Multi-function button.

### 5.3. Foldable Design

The headphones can be folded for compact storage and easy transport.

1. Gently fold the earcups inward towards the headband.
2. Collapse the headband to further reduce the size.

## The feeling of enveloping clouds

No ear pressure, no ear clipping,  
all-inclusive ear without sound leakage

The comfortable fully-wrapped earmuffs fit the contours of the human ear. After wearing them, they instantly reduce environmental noise, achieve high-quality physical noise reduction, and experience purer music enjoyment.

## 6. MAINTENANCE

- Clean the headphones regularly with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- Avoid exposing the headphones to extreme temperatures, humidity, or direct sunlight.
- Store the headphones in a cool, dry place when not in use, preferably in a protective case.
- Do not attempt to disassemble or modify the headphones, as this will void the warranty.
- Keep away from sharp objects to prevent scratches.

## 7. TROUBLESHOOTING

Problem	Possible Solution
Headphones do not power on.	Ensure the headphones are charged. Connect to a power source using the USB cable.

Problem	Possible Solution
Cannot pair with device.	<p>Ensure headphones are in pairing mode (LED flashing red/blue).</p> <p>Make sure Bluetooth is enabled on your device.</p> <p>Move headphones closer to your device.</p> <p>Forget "PICUN B-01S" from your device's Bluetooth list and try pairing again.</p>
No sound or low volume.	<p>Adjust volume on both headphones and your connected device.</p> <p>Ensure headphones are properly paired.</p> <p>If using AUX cable, ensure it is fully inserted and not damaged.</p>
Sound quality is poor.	<p>Move closer to your device to avoid interference.</p> <p>Ensure there are no obstructions between the headphones and your device.</p> <p>Try playing different audio sources.</p>
