Pibbs PS10

Pibbs PS10 San Remo Pedicure Spa Chair with Footsie Footbath User Manual

Model: PS10 San Remo | Brand: Pibbs

1. Introduction

Thank you for choosing the Pibbs PS10 San Remo Pedicure Spa Chair. This manual provides essential information for the safe and efficient setup, operation, and maintenance of your new pedicure spa chair. Please read this manual thoroughly before using the product and keep it for future reference.

The Pibbs PS10 San Remo is a compact, plumbing-free pedicure solution designed for professional salons and spas. It combines luxurious comfort with practical functionality, featuring a 180-degree swiveling, forward-backward sliding seat and a retractable base that conceals the plumb-free Footsie Footbath.

2. Safety Information

Please observe the following safety precautions to prevent injury and damage to the product:

- Ensure the chair is placed on a stable, level surface.
- Do not exceed the maximum weight capacity of the chair.
- Keep all electrical components of the Footsie Footbath away from excessive moisture.
- Unplug the Footsie Footbath from the power outlet before cleaning or when not in use.
- Do not attempt to modify or repair the chair or footbath yourself. Contact qualified service personnel for assistance.
- Ensure proper ventilation around the footbath during operation.
- Use only the provided Footsie disposable liners for hygiene and proper function.

3. Package Contents

Upon unpacking, please verify that all components are present:

- Pibbs PS10 San Remo Pedicure Spa Chair (main unit)
- Integrated Footsie Footbath
- 5 Disposable Footsie Liners
- User Manual (this document)
- Cushion (included as part of the chair)

If any items are missing or damaged, please contact customer support immediately.

4. Setup and Assembly

The Pibbs PS10 San Remo Pedicure Spa Chair is designed for quick and easy setup with minimal assembly required. It is a plumb-free system, eliminating the need for complex plumbing installations.

1. **Unpacking:** Carefully remove all packaging materials. Inspect the chair for any signs of damage during transit.
2. **Placement:** Position the pedicure spa chair on a flat, stable, and dry surface in your desired location. Ensure there is adequate space around the chair for client access and technician movement.
3. **Footsie Footbath Access:** The Footsie Footbath is integrated into the retractable base. To access it, pull the footrest forward until the footbath is fully extended.
4. **Power Connection:** For the Footsie Footbath, connect its power cord to a standard electrical outlet. Ensure the outlet meets the power requirements specified in the "Specifications" section.

5. Operating Instructions

This section details how to operate the various features of your Pibbs PS10 San Remo Pedicure Spa Chair.

5.1. Client Seating and Access

- **Swivel Seat:** The chair seat can swivel 180 degrees to facilitate easy client entry and exit. Gently rotate the seat to the desired position.
- **Forward/Backward Slide:** The seat also slides forward and backward. This feature allows for optimal positioning of the client relative to the footbath and provides comfort during treatments. Adjust by gently pushing or pulling the seat.

5.2. Footsie Footbath Operation

1. **Extend Footbath:** Pull the footrest forward from the base to reveal the Footsie Footbath.
2. **Insert Liner:** Place a new disposable Footsie liner into the footbath basin. Ensure it fits snugly.
3. **Fill with Water:** Fill the liner with warm water to the recommended level.
4. **Activate Heat and Vibration:** The Footsie Footbath features built-in heating elements and gentle vibration. Refer to the footbath's specific controls (usually located on the unit itself) to turn on these functions.
5. **Retract Footbath:** After use, remove the liner and water, then gently push the footrest back into the base until it is fully concealed. This maintains a clean and streamlined salon appearance.

6. Maintenance and Care

Proper maintenance ensures the longevity and hygienic operation of your pedicure spa chair.

- **Daily Cleaning:**
  - After each pedicure service, dispose of the used Footsie liner and any water.
  - Wipe down the interior of the footbath basin with a disinfectant wipe or a soft cloth dampened with a mild, non-abrasive cleaner.
  - Clean the chair's vinyl upholstery with a soft cloth and a mild, non-abrasive cleaner. Avoid harsh chemicals that can damage the material.
- **Regular Inspection:** Periodically check all moving parts, such as the swivel and slide mechanisms, for smooth operation. Ensure all connections are secure.
- **Storage:** When not in use, ensure the Footsie Footbath is clean, dry, and retracted into the base to protect it from dust and damage.
- **Avoid Overfilling:** Do not overfill the footbath with water, as this can lead to spills and potential damage to electrical components.

7. Troubleshooting

If you encounter any issues with your Pibbs PS10 San Remo Pedicure Spa Chair, refer to the following common solutions:

Problem	Possible Cause	Solution
Footsie Footbath not heating or vibrating.	Not plugged in; power switch off; electrical fault.	Ensure footbath is securely plugged into a working outlet. Check if the power switch on the footbath is ON. If problem persists, contact customer support.
Seat not swiveling or sliding smoothly.	Obstruction; mechanism needs lubrication.	Check for any obstructions under or around the seat. Ensure the mechanism is clean. If necessary, apply a silicone-based lubricant (avoid oil-based lubricants).
Retractable base is stiff or stuck.	Obstruction; debris in tracks.	Inspect the tracks for any debris or obstructions. Clean the tracks thoroughly. Do not force the mechanism.

If you are unable to resolve an issue using the troubleshooting guide, please contact Pibbs customer support.
