SETUP AND PREPARATION

Before applying the Super Lustrous Glass Shine Balm, ensure your lips are clean and smooth for optimal results. For enhanced application and lip health, consider the following steps:

- **Lip Preparation:** If your lips are prone to dryness or chapping, gently exfoliate them using a dedicated lip exfoliating balm. This helps create a smooth surface for the balm application.
- **Optional Lip Definition:** For users desiring extra lip definition, a lip liner can be applied before the balm. Choose a liner that complements the balm's shade for a cohesive look.

MAINTENANCE AND CARE

To ensure the longevity and hygienic use of your REVLON Super Lustrous Glass Shine Balm, follow these maintenance guidelines:

- **Storage:** Store the balm in a cool, dry place away from direct sunlight and extreme temperatures. Excessive heat can alter the product's consistency.
- **Hygiene:** Avoid sharing the balm with others to prevent the transfer of bacteria. If applying with a finger, ensure hands are clean.
- **Cap Securely:** Always replace the cap tightly after each use to prevent the balm from drying out or collecting dust.
- **External Use Only:** This product is for external use on the lips only.

TROUBLESHOOTING

If you encounter any issues while using your Super Lustrous Glass Shine Balm, consider the following common concerns and solutions:

- Issue: Balm appears to fade quickly or requires frequent reapplication.**
Solution: The Glass Shine Balm is designed for a sheer, glossy finish that may require reapplication, especially after eating or drinking. For longer-lasting color, consider pairing it with a lip liner or a base lipstick.
- Issue: Balm clings to dry patches or accentuates chapped lips.**
Solution: This can occur if lips are not adequately prepared. Ensure to exfoliate and moisturize your lips thoroughly before applying the balm. Regular lip care, including hydration, can improve the balm's appearance.
- Issue: Desired gloss level is not met.**
Solution: For maximum shine, apply multiple layers of the balm. The product is buildable to achieve your preferred glossy intensity.
