Generic Pre-Lit Prismatic Snowflakes (Set of 3) Instruction Manual

Model: snowflakes

INTRODUCTION

This manual provides detailed instructions for the safe and effective setup, operation, and maintenance of your Generic Pre-Lit Prismatic Snowflakes. This set includes three prismatic snowflakes adorned with cool white LED lights, designed for both indoor and outdoor holiday decoration.

The unique prismatic effect and twinkling LED lights add a magical touch to any holiday display. The set comprises snowflakes of varying sizes: a 32-inch snowflake with 65 LED lights, a 26-inch snowflake with 55 LED lights, and an 18-inch snowflake with 35 LED lights. A 5-foot lead cord is included for flexible placement.

IMPORTANT SAFETY INFORMATION

- For outdoor use, unplug the decoration during inclement weather to prevent damage and ensure safety.
- Keep the decoration away from flammable materials.
- Do not allow children to play on or near the display.
- Ensure all electrical connections are secure and protected from moisture.
- Do not attempt to modify or repair the product. Contact qualified personnel for service.
- Always unplug the product before performing any maintenance or assembly.

PACKAGE CONTENTS

Your package should contain the following items:

- 1 x 32-inch Prismatic Snowflake with 65 LED lights
- 1 x 26-inch Prismatic Snowflake with 55 LED lights
- 1 x 18-inch Prismatic Snowflake with 35 LED lights
- 1 x 5-foot (1.52 m) Lead Cord
- Necessary assembly hardware (e.g., hooks, thumb screws, cable ties, if applicable for hanging/assembly)

Note: The snowflakes are designed to be hung or placed. Specific hanging hardware may vary.

SETUP AND ASSEMBLY

Follow these steps to assemble and set up your prismatic snowflakes:

1. Unpacking and Preparation

1. Carefully remove all components from the packaging.
2. Inspect all parts for any damage. If any part is damaged, do not proceed with assembly and contact customer support.
3. Place the components on a clean, flat surface.
4. **Important:** Remove any protective film from the prismatic surfaces before assembly to ensure optimal light reflection and appearance.

2. Assembly of Snowflake Components

The snowflakes are designed for straightforward assembly. Each snowflake typically consists of a frame and prismatic panels. Connect the panels securely to the frame using the provided fasteners (e.g., cable ties, thumb screws) to form the

3D shape.

3. Placement and Connection

1. Choose a suitable location for your snowflakes, either indoors or outdoors. Ensure the location is stable and protected from strong winds if placed outdoors.
2. If hanging, use appropriate hooks or ties to secure the snowflakes from trees, eaves, or other suitable structures.
3. If placing on a surface, ensure it is level and stable.
4. Connect the 5-foot lead cord to a suitable power outlet. Ensure the outlet is weather-protected if used outdoors.

OPERATING INSTRUCTIONS

Your Pre-Lit Prismatic Snowflakes are designed for simple operation:

- Once assembled and placed, plug the 5-foot lead cord into a standard electrical outlet.
- The LED lights will illuminate, displaying a cool white light with a unique twinkle effect.
- To turn off the decoration, simply unplug it from the power source.

Observe the twinkling light effect in these videos:

CARE AND MAINTENANCE

- **Cleaning:** Gently wipe the prismatic surfaces with a soft, damp cloth. Avoid abrasive cleaners or solvents that could damage the finish.
- **Storage:** When not in use, disassemble the snowflakes if desired and store them in their original packaging or a protective container in a cool, dry place to prevent damage.
- **LED Lights:** The LED lights are cool-burning and energy-efficient with an average bulb life of 25,000 hours. Individual bulbs are not user-replaceable. If a section of lights fails, inspect connections.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Lights do not turn on.	Not plugged in; loose connection; power outage; damaged cord.	Ensure the power cord is securely plugged into a working outlet. Check all internal connections between snowflake components. Verify power to the outlet. Inspect the cord for visible damage.
Lights are dim or flickering.	Loose connection; insufficient power.	Check all connections. Ensure the power source is stable.
Snowflake appears unstable.	Improper assembly; uneven surface; inadequate securing.	Re-check all assembly points, ensuring thumb screws and cable ties are tightened. Place on a flat, stable surface. If outdoors, use additional anchors or weights if necessary.

SPECIFICATIONS

- **Product Type:** Pre-Lit Prismatic Snowflakes
- **Set Quantity:** 3
- **Sizes (L x W x H):**
 - 32" snowflake: 27.5"L x 3.5"W x 32"H (65 LED lights)
 - 26" snowflake: 22.5"L x 3.25"W x 26"H (55 LED lights)
 - 18" snowflake: 15.5"L x 2.25"W x 18"H (35 LED lights)
- **Total LED Lights:** 155 (Cool White with Twinkle Effect)
- **Style:** Colorful iridescent finish
- **Lead Cord Length:** 5' (1.52 m)
- **Usage:** Suitable for indoor and outdoor use
- **Frame Material:** Metal
- **Item Weight:** 13 pounds (total for set)
- **Manufacturer:** booksandtoys
- **Model Number:** snowflakes
