GLORIOUS Model O 2 Mini Wireless Gaming Mouse User Manual

Model: GLO-MS-OMWV2-MB

INTRODUCTION

This manual provides instructions for the GLORIOUS Model O 2 Mini Wireless Gaming Mouse. This compact, ultralight mouse is designed for optimal performance and comfort for gamers with small to medium-sized hands, supporting various grip styles. It features versatile connectivity options and a high-precision optical sensor.

Key features include:

- **Compact and Ultralight Design:** Weighing 57 grams for enhanced maneuverability.
- **Symmetrical Shape:** Suitable for palm, claw, or fingertip grip styles.
- **Triple Connectivity:** 2.4GHz wireless, Bluetooth 5.2 LE, and wired USB-C modes.
- **BAMF 2.0 Optical Sensor:** 26,000 DPI for precise tracking.
- **Durable Switches:** Rated for 80 million clicks.
- **Programmable Buttons:** 6 customizable buttons.

PACKAGE CONTENTS

Verify that all items are present in the package:

- 1 x GLORIOUS Model O 2 Mini Wireless Gaming Mouse
- 1 x USB-A to USB-C Cable
- 1 x Wireless Dongle (USB-A)
- 1 x USB-C to USB-A Adapter

1 Billion Keyboards in 1

SETUP

Charging the Mouse

Before initial use, it is recommended to fully charge the mouse. Connect the provided USB-A to USB-C cable to the mouse and a powered USB port on your computer or a USB wall adapter. The mouse can be used in wired mode while charging.

Connecting the Mouse

The Model O 2 Mini Wireless offers three connection methods:

1. 2.4GHz Wireless Mode:

- Insert the wireless USB dongle into an available USB-A port on your computer.
- Turn on the mouse and select the 2.4GHz mode using the switch on the bottom of the mouse.
- The mouse should automatically connect.

2. Bluetooth 5.2 LE Mode:

- Turn on the mouse and select the Bluetooth mode using the switch on the bottom of the mouse.
- On your computer, navigate to Bluetooth settings and search for new devices.
- Select "GLORIOUS Model O 2 Mini" from the list to pair.

3. Wired USB-C Mode:

- Connect the provided USB-A to USB-C cable from your computer to the mouse.
- The mouse will automatically switch to wired mode and begin charging.

OPERATING THE MOUSE

DPI Adjustment

The mouse features a dedicated DPI button, typically located behind the scroll wheel, to cycle through preset DPI stages. You can customize these DPI stages using the Glorious CORE software.

Image: Underside view highlighting the BAMF 2.0 sensor and switches.

Programmable Buttons

The Model O 2 Mini Wireless has 6 programmable buttons. These can be customized for various functions, macros, and

shortcuts using the Glorious CORE software. Refer to the software's interface for detailed customization options.

Glorious CORE Software

For advanced customization, including DPI settings, button remapping, RGB lighting effects, polling rate, debounce time, and lift-off distance, download and install the Glorious CORE software from the official GLORIOUS website. This software allows you to fine-tune your mouse performance to your preferences.

BATTERY LIFE AND MANAGEMENT

The mouse offers extended battery life depending on the connection mode:

- **2.4GHz Wireless:** Up to 110 hours (with RGB off).
- **Bluetooth 5.2 LE:** Up to 210 hours (with RGB off).

Battery life may vary based on usage, RGB lighting settings, and other factors. To conserve battery, turn off RGB lighting or switch to Bluetooth mode when not gaming.

MAINTENANCE

To ensure the longevity and optimal performance of your GLORIOUS Model O 2 Mini Wireless Gaming Mouse, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe the mouse surface. For stubborn dirt, a slightly damp cloth can be used, but ensure no moisture enters the mouse. Avoid harsh chemicals or abrasive materials.
- **Sensor Care:** Keep the optical sensor area on the bottom of the mouse clean from dust and debris. Use compressed air if necessary.
- **Storage:** When not in use for extended periods, store the mouse in a clean, dry environment.
- **Cable Care:** Handle the USB-C cable gently. Avoid sharp bends or excessive pulling to prevent damage.

TROUBLESHOOTING

If you encounter issues with your GLORIOUS Model O 2 Mini Wireless Gaming Mouse, try the following solutions:

- **Mouse Not Responding:**

- Ensure the mouse is charged.
- Check the connectivity switch on the bottom of the mouse to ensure it's in the correct mode (2.4GHz, BT, or Wired).
- For wireless modes, ensure the dongle is securely plugged in or Bluetooth is paired correctly.
- Try connecting the mouse in wired mode to rule out wireless issues.
- Restart your computer.

- **Intermittent Connection/Lag:**

- Ensure the wireless dongle is close to the mouse and not obstructed by metal objects.
- Avoid using the mouse near other strong wireless interference sources (e.g., Wi-Fi routers, other wireless devices).
- Ensure the mouse battery is sufficiently charged.
- Update mouse firmware via Glorious CORE software.

- **DPI/Button Customization Not Working:**

- Ensure Glorious CORE software is installed and up to date.
- Verify that the mouse is connected and recognized by the software.
- Apply changes within the software and ensure they are saved to the mouse's onboard memory if applicable.

- **RGB Lighting Issues:**

- Check RGB settings in Glorious CORE software.
- Ensure battery is not critically low, as some RGB features may be disabled to conserve power.

If problems persist, visit the official GLORIOUS support website for further assistance or contact customer support.
