Authentic Design Elements

The model is designed to replicate authentic Formula 1 racing car features, providing a realistic building experience.

Functional Steering

The model incorporates an interactive linkage steering mechanism, allowing the front wheels to turn, mimicking a real car's steering. This feature enhances the interactive aspect of the assembled model.

Advanced Engine Details

A detailed 6-cylinder engine with moving pistons is integrated into the design, along with a differential, showcasing intricate mechanical engineering.

Unique Painted Color and Detailed Stickers

The model features a unique painted color that enhances its visual appeal. Authentic stickers are included to further detail the car, making it an ideal display piece.

OPERATING THE MODEL

Once assembled, the Nifeliz AM24 Formula 1 Racing Car model is primarily a display piece. However, its functional steering allows for manual manipulation of the front wheels. The moving pistons in the engine are also visible and can be observed during manual operation or display.

MAINTENANCE

To ensure the longevity and appearance of your Nifeliz AM24 Formula 1 Racing Car model:

- Keep the model clean by gently dusting it with a soft, dry cloth.
- Avoid exposing the model to direct sunlight or extreme temperatures, which can cause discoloration or warping of the plastic parts.
- Handle the model with care, especially when moving it, to prevent accidental detachment of parts.
- If any parts become loose, reattach them firmly according to the assembly instructions.

TROUBLESHOOTING

Missing Pieces

In the unlikely event that you find any missing pieces, please contact Nifeliz customer support. The manufacturer states a 98.97% chance of sets being complete, and missing parts will be promptly resolved within 24 hours of contact.

Parts Not Fitting Snugly

Ensure that parts are aligned correctly and pressed firmly into place. Refer to the instruction manual for precise placement. If a part consistently does not fit, verify it is the correct piece for that step.

Decals/Stickers Not Adhering

Ensure the surface is clean and dry before applying decals. Apply pressure evenly across the decal to ensure full adhesion.
