DOOGEE BLADEGTULTRA

DOOGEE Blade GT Ultra 5G Rugged Smartphone User Manual

Model: BLADEGTULTRA | Brand: DOOGEE

INTRODUCTION

The DOOGEE Blade GT Ultra 5G Rugged Smartphone is engineered for users who demand both robust durability and cutting-edge performance. This device combines a powerful MediaTek Dimensity 7300 processor with a large 36GB RAM and 512GB ROM, ensuring seamless operation for all your tasks. Its unique dynamic LED light effects provide smart notifications and a personalized aesthetic. Built to withstand challenging environments, the Blade GT Ultra is waterproof, dustproof, and drop-proof, making it an ideal companion for outdoor adventures and demanding work conditions. This manual provides comprehensive instructions to help you get the most out of your new smartphone.

Initial Power On and Charging

Your DOOGEE Blade GT Ultra comes with a powerful 5500mAh battery. For optimal performance, it is recommended to fully charge the device before first use. Use the provided 33W fast charger and Type-C USB cable.

1. Connect the Type-C USB cable to the charging port at the bottom of the smartphone.
2. Connect the other end of the cable to the 33W charger.
3. Plug the charger into a power outlet. The charging indicator will appear on the screen.
4. Press and hold the Power button on the side of the device until the DOOGEE logo appears to power on.

SIM Card and TF Card Installation

The device supports a Nano SIM + TF card in a 2-in-1 setup.

1. Locate the SIM card tray on the side of the phone.
2. Insert the SIM ejector tool into the small hole next to the tray and push gently until the tray pops out.
3. Place your Nano SIM card(s) and/or TF card into the designated slots on the tray, ensuring correct orientation.
4. Carefully push the tray back into the phone until it is flush with the device body.

OPERATING INSTRUCTIONS

Display and Navigation

The DOOGEE Blade GT Ultra features a 6.72-inch FHD+ IPS display with a 120Hz refresh rate, providing a smooth and immersive visual experience.

Security Features

The Blade GT Ultra offers fast and secure access with both side fingerprint ID and face unlock.

Connectivity

Stay connected with WiFi 6 for stable, high-speed internet, NFC for Google Pay and mobile identification, and reliable navigation with GPS, Glonass, Galileo, and Beidou.

Experience super smooth connectivity with WiFi 6.

MAINTENANCE AND CARE

Durability and Protection

The DOOGEE Blade GT Ultra is built to last, with IP68, IP69K, and MIL-STD-810H certifications, making it waterproof, dustproof, and drop-proof. While designed for rugged use, proper care will extend its lifespan.

AI Functions

AI Digital Human

AI Portrait

The smartphone's IP68, IP69K, and MIL-STD-810H certifications ensure robust protection.

Battery Management

To maximize battery life, avoid extreme temperatures, and use the provided charger. The phone provides precise battery reminders to help you manage power efficiently.

AI Functions

AI Erase

AI Background Replacement

Precise battery reminders help you monitor and manage your phone's power.

Cleaning

Use a soft, lint-free cloth to clean the screen and body of the phone. Avoid using harsh chemicals or abrasive materials that could damage the device.

TROUBLESHOOTING COMMON ISSUES

General Troubleshooting

- **Device not turning on:** Ensure the battery is charged. Connect to the charger and wait a few minutes before attempting to power on.
- **Screen unresponsive:** Try restarting the device by holding the Power button for about 10-15 seconds.
- **Network issues:** Check your SIM card installation. Ensure mobile data is enabled in settings. If issues persist, contact your carrier.

Software Issues

The Android 14 operating system includes features to help manage software performance and privacy.

Android 14 features for system management and optimization.

Zastrzeżenie

Priznava se, da je običajno človeka opazil le nekaj minut pred smrtjo. DOOGS tak je ločal, kje je bil ležeč, kje je bil stojič.

Uprizorila je smrt na treh različnih ravneh: običajni smrtni agonizirajoč trpljenje hujše ali lažje, nedolžnost ali pa hujše obsojence, ki so bili ubijanci. Pri vsaki ravni je opazil tudi, kaj se zgodilo ob koncu življenja. Na primer, pri smrtni DOOGS doživljajo stisko in željo po zadnjem. Tako je smrti trčala, če je človek umrl zaradi nekega človeškega dejanja ali zaradi nekega stoffa, ki je vstopil v telo. V tem primeru je človek umrl zaradi tega, kar je storil ali kaj, kar je vstopilo v telo. Če pa je človek umrl zaradi nekega božanskega dejanja, je opazil, da je človek umrl zaradi tega, kar je storil ali kaj, kar je vstopilo v telo.
