# Sluban M38-B1179 Military Vehicle Building Set Instruction Manual

## 1. Product Overview

This Sluban M38-B1179 Military Vehicle Building Set allows for the construction of a detailed military off-road vehicle model, complete with four soldier minifigures. Comprising 519 pieces, this set is designed to provide an engaging building experience and a realistic replica of a military vehicle.

The finished model features several interactive elements, including a removable top cover, operable car doors, and a functional turret. The design emphasizes realism and attention to detail, making it suitable for both play and display.

Crafted from durable ABS material, the building blocks are designed for precise fit and long-lasting use. The set encourages the development of logical thinking, fine motor skills, and creativity during the assembly process.

## 2. Package Contents

Before beginning assembly, please ensure all components are present. The package includes:

- 519 building block pieces for the military vehicle.
- 4 soldier minifigures with accessories.
- A full-color, user-friendly instruction manual.
- A sticker sheet for additional detailing.

If any parts are missing or damaged, please contact customer support for assistance.

## 3. Assembly Instructions

Follow the step-by-step instructions provided in the included full-color manual. The pieces are organized into numbered bags to facilitate the building process. It is recommended to open one numbered bag at a time as instructed to avoid mixing pieces.

### 3.1 General Assembly Process

The assembly typically begins with the chassis, followed by the main body, interior details, and finally the exterior features and turret. Pay close attention to the orientation of each piece as shown in the manual diagrams.

## 4. Operating the Model

Once assembled, the Sluban M38-B1179 Military Vehicle offers several interactive features:

- **Movable Turret:** The top-mounted turret can be rotated 360 degrees and its cannon can be adjusted vertically.
- **Operable Doors:** Open and close the vehicle doors to place or remove minifigures.
- **Steering Function:** The front wheels can be manually turned to simulate steering.
- **Minifigure Interaction:** Position the four soldier minifigures inside the vehicle or around it to create various scenarios.

## 5. Maintenance and Care

To ensure the longevity and appearance of your Sluban Military Vehicle Building Set, follow these care guidelines:

- **Cleaning:** Dust the model regularly with a soft, dry cloth. For deeper cleaning, use a slightly damp cloth and mild soap, then wipe dry immediately. Avoid harsh chemicals or abrasive materials.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration or warping of plastic pieces.
- **Handling:** Handle the model with care, especially when moving or adjusting movable parts, to prevent accidental detachment of pieces.

## 6. Troubleshooting

If you encounter any issues during assembly or operation, consider the following:

- **Missing Pieces:** Double-check all packaging and the building area. If a piece is genuinely missing, contact customer support with the part number (if available) and the set model number.
- **Difficulty Connecting Pieces:** Ensure pieces are correctly aligned and apply firm, even pressure. Some connections may require more force than others. Refer to the instruction manual for correct placement.
- **Model Instability:** Review previous steps in the instruction manual to ensure all connections are secure and pieces are correctly oriented. Loose connections can lead to instability.
- **Movable Parts Not Functioning:** Check for any misaligned or incorrectly placed pieces that might be obstructing movement. Ensure all connecting pins or axles are fully inserted.
