SETUP GUIDE

1. Initial Charging

Before first use, fully charge your DOOGEE U11 Pro tablet. Connect the provided Type-C USB cable to the tablet's charging port and the charger to a power outlet. The battery indicator on the screen will show charging progress.

2. Power On/Off

- **To Power On:** Press and hold the Power button (usually located on the side) until the DOOGEE logo appears.
- **To Power Off:** Press and hold the Power button until the power options menu appears, then select 'Power off'.
- **To Restart:** Press and hold the Power button until the power options menu appears, then select 'Restart'.

3. Inserting a MicroSD/TF Card

The DOOGEE U11 Pro supports expandable storage up to 2TB via a MicroSD/TF card (sold separately). To insert the card:

1. Locate the SIM/SD card tray on the side of the tablet.

2. Insert the provided ejector tool into the small hole next to the tray and press gently until the tray pops out.
3. Place the MicroSD/TF card into the designated slot on the tray, ensuring the correct orientation.
4. Carefully push the tray back into the tablet until it clicks into place.

Cleaning Your Tablet

To keep your tablet in optimal condition:

- Use a soft, lint-free cloth to clean the screen and body.
- For stubborn smudges, slightly dampen the cloth with water or a screen cleaner.
- Avoid using harsh chemicals, abrasive materials, or excessive moisture.

Software Updates

Regularly check for and install system updates to ensure your tablet has the latest features, security patches, and performance improvements. You can usually find this option in Settings > System > System update.

Memory Management

The new Memory Manager provides smart cleaning suggestions to free up space by removing junk files, duplicates, large files, and unnecessary downloads, keeping your tablet optimized for peak performance.

TROUBLESHOOTING

This section addresses common issues you might encounter with your DOOGEE U11 Pro tablet.

Tablet Not Turning On

- Ensure the tablet is sufficiently charged. Connect it to the charger for at least 30 minutes before attempting to power on again.
- Press and hold the Power button for 10-15 seconds to force a restart.

Slow Performance / Apps Crashing

- Close unnecessary background applications.
- Use the built-in Memory Manager to clear junk files and optimize storage.
- Restart the tablet.
- Ensure your apps are updated to their latest versions.

Wi-Fi Connectivity Issues

- Toggle Wi-Fi off and on in Settings.
- Restart your Wi-Fi router.
- Forget the network in tablet settings and reconnect.

Bluetooth Headphone Connection Issues

- Ensure Bluetooth is enabled on both the tablet and the headphones.
- Make sure the headphones are in pairing mode.
- Try unpairing and re-pairing the headphones.
- Restart both the tablet and the headphones.

Screen Not Responding

- Force restart the tablet by holding the Power button.
- Ensure the screen is clean and free of debris or moisture.

Factory Reset (Last Resort)

If issues persist, a factory reset can resolve many software-related problems. **Warning:** This will erase all data on your tablet. Back up important data before proceeding. Navigate to Settings > System > Reset options > Erase all data (factory reset).
