Awesome Pattern Studio EM306

Magic Sea EM306 - DIY Embroidery Kit Instruction Manual

Brand: Awesome Pattern Studio | Model: EM306

1. INTRODUCTION

The Magic Sea EM306 DIY Embroidery Kit provides all the essential components for creating a beautiful embroidered design. This kit is designed for enthusiasts looking to engage in a creative and relaxing needlework project. The finished design features a vibrant sea theme with waves, paper boats, and various marine elements.

The kit includes high-quality threads, needles, a pre-stamped cloth, and essential tools, along with detailed printed patterns to guide you through the embroidery process. Please note that an embroidery hoop is not included in this kit.

2. KIT CONTENTS

Your Magic Sea EM306 Embroidery Kit contains the following items:

- Set of color threads (7 colors)
- 1x Stamped cloth with the design image (7.5 x 7.5 inches / 190 x 190 mm)
- 3x Embroidery needles (sharp point)
- 1x Embroidery clippers
- 1x Needle threader
- Printed Color Patterns on A4 format paper, including:
 - Cover page with a picture of the embroidery design
 - List of thread colors, needed length, and quantity
 - 4 pcs, A4 format real size images: color, black and white, and both with markers
 - Stitch guide
 - Instruction on how to transfer the design by using different ways

SAMPLE IMAGE OF KIT #1 ALL ITEMS

This image displays the complete contents of the embroidery kit, including the stamped cloth, various colored threads, needles, clippers, needle threader, and the printed pattern guide.

SAMPLE IMAGE OF PACKAGE FOR EMBROIDERY KIT

The Plastic bag with the transparent window shows the design image and kit content.

The kit comes in a clear plastic bag, allowing visibility of the design image and the kit's contents.

A closer look at the comprehensive printed pattern sheets, which include color charts, technical charts, and instructions for transferring the design.

SAMPLE IMAGE OF THREAD SET FOR EMBROIDERY PATTERN

You will get a full set of threads to finish your work.

Palette: DMC. The thread length is calculated to be used in the chosen design and enough to finish it all following its instructions.

This image shows the full set of colored threads provided, pre-measured and ready for use to complete your embroidery project.

STAMPED CLOTH FOR EMBROIDERY KIT

This is a high-resolution stamped cloth with a design on it.
Size: 11 * 11 inch (280 * 280 mm);
Cloth type: Gabardine;
Cloth color: White.

The high-resolution stamped cloth features the "Magic Sea" design, ready for you to begin embroidering. The cloth type is Gabardine and it is white in color.

SHARP POINT EMBROIDERY NEEDLES
EMBROIDERY CLIPPERS IN BLACK
NEEDLE THREADER

NEEDLES:

Sharp Point Embroidery Needles, 3 pcs.

CLIPPERS:

Embroidery Clippers are great tool that will help to make your needlework handy.

NEEDLE THREADER:

This wired flower design threader is a perfect tool for threading strands through a needle.

The essential tools included: three sharp point embroidery needles, embroidery clippers for precise thread cutting, and a wired flower design needle threader for easy threading.

3. SETUP AND PREPARATION

1. **Review Kit Contents:** Before starting, ensure all items listed in Section 2 are present.
2. **Prepare Your Workspace:** Choose a well-lit area with a comfortable chair.
3. **Prepare the Stamped Cloth:** The cloth is pre-stamped with the design. If you prefer to transfer the design yourself or need to re-transfer it, refer to the "Instruction on how to transfer the design by using different ways" section in your printed pattern guide.

4. **Prepare Threads:** The kit includes pre-cut threads. Refer to the "List of thread colors, needed length, and quantity" in your printed pattern to identify the correct colors and lengths for each section of the design.
5. **Optional: Secure with an Embroidery Hoop:** While not included, using an embroidery hoop is highly recommended to keep the fabric taut and prevent puckering. Place the stamped cloth securely within your hoop.

4. OPERATING INSTRUCTIONS: EMBROIDERY TECHNIQUES

This kit utilizes a variety of common embroidery stitches to create the detailed design. Refer to the "Stitch guide" in your printed pattern for visual instructions on how to execute each stitch. Below are the stitches used in this design:

- **A. Lazy Daisy Stitch:** Used for creating small, petal-like shapes or individual leaves.
- **B. Satin Stitch:** Ideal for filling in areas smoothly and creating a raised, lustrous surface.
- **C. Split Stitch:** Creates a solid, rope-like line, excellent for outlines and text.
- **D. Rose Stitch:** Used to form small, intricate rose shapes.
- **E. French Knot:** Creates small, textured dots, perfect for eyes or decorative accents.
- **F. Woven Wheel Stitch:** Forms a circular, textured motif, often used for flowers.

Follow the color pattern provided in your kit to determine which stitch and color to use for each section of the design. Use the needle threader to easily thread your needles, and the embroidery clippers for clean cuts when changing threads or finishing sections.

An example of the completed Magic Sea embroidery design, showcasing the various stitches and vibrant colors.

5. MAINTENANCE

To ensure the longevity of your embroidery tools and finished project:

- **Needles:** Store needles in a dry place to prevent rust. If they become dull, replace them.
- **Clippers:** Keep clippers clean and dry. Avoid using them on materials other than thread to maintain sharpness.
- **Finished Embroidery:** Once completed, your embroidery can be framed, sewn onto an item, or displayed as

desired. If washing is necessary, hand wash gently with mild soap and cold water, then lay flat to dry. Avoid harsh detergents or machine washing.

6. TROUBLESHOOTING

Here are some common issues and solutions you might encounter during your embroidery project:

- **Thread Tangling:** If your thread frequently tangles, try using shorter lengths of thread. Ensure your needle is passing cleanly through the fabric without catching on existing stitches.
- **Uneven Stitches:** Practice makes perfect! Ensure consistent tension on your thread. Using an embroidery hoop can help keep the fabric taut and prevent unevenness.
- **Needle Difficult to Pull Through:** If the needle is hard to pull, try using a thimble. Ensure you are using the correct size needle for the fabric and thread thickness.
- **Design Not Clear on Fabric:** The stamped design is intended to be clear. If it fades or you need to re-mark areas, refer to the pattern guide for instructions on transferring the design.

7. SPECIFICATIONS

Attribute	Detail
Brand	Awesome Pattern Studio
Model Name	EM306
Size	7.5 x 7.5 inches / 190 x 190 mm (Stamped Cloth)
Colors	7 (threads included)
