

DOOGEE T35

DOOGEE T35 Tablet User Manual

Model: T35 | Brand: DOOGEE

1. INTRODUCTION

This manual provides essential information for the operation and maintenance of your DOOGEE T35 tablet. Please read it thoroughly before using the device to ensure proper functionality and longevity. The DOOGEE T35 is an 11-inch tablet featuring a Helio G99 Octa-core processor, Android 14 operating system, and a 2.5K FHD+ display. It comes equipped with 20GB RAM and 256GB internal storage, expandable up to 2TB. Key features include 4G LTE calling, 5G Wi-Fi, an 8580mAh battery with 33W fast charging, and a 20MP camera. Accessories such as a keyboard, stylus, and protective case are included to enhance productivity and user experience.

3. SETUP

3.1 Initial Power On

1. Press and hold the Power button located on the side of the tablet until the DOOGEE logo appears.
2. Follow the on-screen prompts to select your language, region, and connect to a Wi-Fi network.
3. Sign in with your Google account or create a new one to access the Google Play Store and other services.

3.2 Inserting SIM Card and MicroSD Card

The DOOGEE T35 supports 4G LTE connectivity and expandable storage via a MicroSD card (up to 2TB).

1. Locate the SIM card tray on the side of the tablet.
2. Insert the provided SIM card tray ejector tool into the small hole next to the tray and gently push until the tray pops out.
3. Place your Nano-SIM card(s) and/or MicroSD card into the designated slots on the tray, ensuring correct orientation.
4. Carefully reinsert the tray into the tablet until it clicks into place.

3.3 Connecting Accessories

The tablet comes with a Bluetooth keyboard, stylus, and a business leather case.

- **Bluetooth Keyboard:** Turn on the keyboard and enable Bluetooth on your tablet. Search for the keyboard in the Bluetooth settings and pair it.
- **Stylus:** The stylus is ready for use directly on the screen for drawing or navigation.
- **Business Leather Case:** Insert the tablet into the protective case for enhanced protection and convenience.

5. MAINTENANCE

5.1 Cleaning the Tablet

- Use a soft, lint-free cloth to clean the screen and body of the tablet.
- For stubborn smudges, slightly dampen the cloth with water or a screen cleaner. Avoid harsh chemicals.
- Ensure all ports are free of dust and debris.

5.2 Battery Care

- Avoid exposing the tablet to extreme temperatures.
- Do not fully discharge the battery regularly. Charge it before it drops below 20%.
- Use only the provided charger and cable for optimal charging performance and safety.

5.3 Software Updates

Regularly check for and install system updates to ensure your tablet has the latest features, security patches, and performance improvements. Go to *Settings > System > System update* to check for updates.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Tablet does not power on.	Low battery; software crash.	Charge the tablet for at least 30 minutes. Press and hold the power button for 10-15 seconds to force restart.
Wi-Fi connection issues.	Incorrect password; router issues; tablet Wi-Fi disabled.	Verify Wi-Fi password. Restart router. Toggle Wi-Fi off/on on tablet.
Apps crashing or freezing.	Insufficient RAM; app bug; outdated software.	Close background apps. Clear app cache/data. Update the app or system software.
Slow performance.	Too many apps running; low storage; outdated software.	Close unused apps. Free up storage space. Perform a system update.
Cannot connect to Google server/account.	Network issues; incorrect account details; software glitch.	Ensure stable internet connection. Verify Google account credentials. Restart tablet. If persistent, consider a factory reset (backup data first).
