

Comfort Stretch Premium Power Recliner Sofa Set

Comfort Stretch Premium Power Recliner Sofa Set User Manual

Model: Premium Power Recliner Sofa Set

Brand: Comfort Stretch

1. INTRODUCTION

This manual provides essential information for the safe and efficient use of your Comfort Stretch Premium Power Recliner Sofa Set. Please read these instructions thoroughly before assembly and operation. Keep this manual for future reference.

2. SAFETY INFORMATION

- Ensure all electrical connections are secure and meet local safety standards.
- Keep children and pets away from moving parts during recline operation.
- Do not stand on the footrest or armrests.
- Avoid placing heavy objects on the recliner mechanism.
- Do not attempt to disassemble or repair electrical components yourself. Contact qualified personnel for service.
- Maximum weight capacity per seat is 250 lbs (113 kg). Exceeding this limit may cause damage or injury.

3. PACKAGE CONTENTS

Your Comfort Stretch Premium Power Recliner Sofa Set includes the following components:

- Power Recliner Sofa (3-seater)
- Power Recliner Loveseat (2-seater)
- Power Recliner Chair (1-seater)

- Power Cords
- Assembly Hardware (if applicable)
- User Manual

Note: Components may vary slightly based on specific configuration.

4. ASSEMBLY INSTRUCTIONS

Assembly is required for this sofa set. It is recommended to have at least two adults for assembly. Please follow the detailed instructions provided in the separate assembly guide included with your package. Ensure all parts are present and undamaged before beginning assembly.

General Assembly Steps:

1. Unpack all components and verify against the parts list.
2. Attach the backrests to the seat bases.
3. Connect the individual sofa pieces using the provided connectors.
4. Connect all power cables to the appropriate ports and then to a wall outlet.
5. Test all power functions (recline, LED, charging) to ensure proper operation.

5. OPERATING INSTRUCTIONS

5.1 Power Recline Function

Each seating position features a power recline mechanism. Locate the control buttons on the side of the armrest. Press and hold the forward button to recline backward and extend the footrest. Press and hold the backward button to return to the upright position. The recline angle can be adjusted between approximately 90° (upright) and 160° (fully reclined).

5.2 LED Lighting

The sofa set features LED strip lighting along the bottom. Use the dedicated button on the armrest control panel to turn the LED lights on or off. This feature enhances the ambiance of your living space.

0 GRAVITY ERGONOMIC DESIGN

The fully extended footrest is positioned slightly above the reclined backrest, aligning the heart and feet on the same horizontal plane to create a zero-gravity posture. This position promotes deep relaxation and delivers ultimate comfort by reducing spinal pressure and enhancing circulation.

6. MAINTENANCE AND CARE

6.1 Faux Leather Care

- Wipe spills immediately with a clean, dry cloth.
- For general cleaning, use a soft, damp cloth with mild soap and water. Avoid harsh chemicals or abrasive cleaners.
- Do not expose to direct sunlight for prolonged periods to prevent fading and cracking.
- Keep away from heat sources to prevent material damage.

6.2 General Maintenance

- Regularly check all connections and hardware to ensure they are tight.
- Vacuum the sofa regularly to remove dust and debris.
- Avoid sharp objects that could puncture or tear the faux leather.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Recline function not working.	Power cord disconnected; power outlet not working; control button malfunction.	Check power connections; test outlet with another device; contact customer support if buttons are unresponsive.
LED lights not turning on.	Power issue; LED strip damage; control button malfunction.	Verify power connection; check for visible damage to LED strip; contact customer support.
Wireless charging not working.	Device not compatible; device not placed correctly; power issue.	Ensure device supports wireless charging; reposition device on the pad; check power connections.
Speakers not connecting via Bluetooth.	Bluetooth not enabled on device; speakers not in pairing mode; interference.	Enable Bluetooth on your device; ensure speakers are discoverable; move closer to the speakers.
