

VRURC AOY-768

VRURC Portable Rechargeable Hand Warmers

Model: AOY-768

Brand: VRURC

1. INTRODUCTION

Thank you for choosing VRURC Portable Rechargeable Hand Warmers. This 2-pack set is designed to provide consistent warmth for your hands during various cold-weather activities such as camping, hunting, golf, and skiing. Featuring an advanced AI temperature sensor chip and a long-lasting battery, these hand warmers offer reliable and safe heating. Please read this manual thoroughly before use to ensure optimal performance and safety.

2. PACKAGE CONTENTS

Ensure all items are present in the package:

- 2 x VRURC Portable Rechargeable Hand Warmers
- 1 x USB Type-C Charging Cable
- 1 x User Manual

3. PRODUCT FEATURES

3.1. 2-in-1 Design

These hand warmers feature a unique 2-in-1 design, allowing them to be used as two separate units or combined into a single palm-sized heater for 360-degree warmth. This versatility makes them ideal for sharing

or adapting to different needs.

3.3. Adjustable Temperature Settings

Choose from three distinct temperature levels to suit your preference and environmental conditions:

- **Level 1:** 95-107.6°F (35-42°C) - Indicated by one red light.
- **Level 2:** 107.6-118.4°F (42-48°C) - Indicated by two red lights.
- **Level 3:** 118.4-131°F (48-55°C) - Indicated by three red lights.

4. SETUP

4.1. Initial Charging

Before first use, fully charge both hand warmers. Use the provided USB Type-C charging cable. The cable is designed to charge both units simultaneously.

1. Connect one Type-C end of the charging cable to the charging port on the bottom of each hand warmer.
2. Connect the USB-A end of the cable to a compatible USB power adapter (not included), computer USB port, or power bank.

3. The indicator lights on the hand warmers will illuminate during charging. They will turn solid when fully charged. A full charge may take approximately 4.5 to 5 hours.

Video 1: Demonstrating the charging process for the VRURC Hand Warmers. The video shows how to connect the dual Type-C cable to both units and the indicator lights during charging.

5. OPERATING INSTRUCTIONS

5.1. Power On/Off

To power on a hand warmer, press and hold the orange power button located on the top surface for approximately 3 seconds until the red indicator light illuminates. To power off, press and hold the power button again for 3 seconds until the lights turn off.

5.2. Adjusting Temperature Levels

Once powered on, short press the orange power button to cycle through the three temperature settings:

- **1st Press:** Level 1 (one red light)
- **2nd Press:** Level 2 (two red lights)
- **3rd Press:** Level 3 (three red lights)
- **4th Press:** Cycles back to Level 1.

5.3. Battery Indicator

The three red indicator lights also show the battery level when the device is on or charging. More lights indicate a higher charge.

Video 2: Quick demonstration of the VRURC Hand Warmers, showing the 2-in-1 feature and temperature settings. The video highlights the ease of use and portability.

6. MAINTENANCE

- **Cleaning:** Wipe the surface with a soft, dry cloth. Do not use abrasive cleaners or immerse in water.
- **Storage:** Store in a cool, dry place away from direct sunlight and extreme temperatures. Ensure the hand warmers are fully charged before long-term storage to preserve battery life.
- **Battery Care:** To prolong battery lifespan, avoid fully discharging the units frequently. Recharge them when the battery indicator shows low power.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Hand warmer not turning on.	Low battery.	Charge the hand warmer fully.
Hand warmer not heating.	Not powered on; incorrect setting.	Press and hold power button to turn on. Short press to adjust heat level.
Short battery life.	Using highest heat setting; aging battery.	Use lower heat settings for longer duration. Ensure full charge before use.

Problem	Possible Cause	Solution
Charging not working.	Cable issue; power source issue.	Try a different USB port or power adapter. Ensure cable is securely connected.

8. SPECIFICATIONS

Feature	Detail
Brand	VRURC
Model Name	AOY-768
Color	Black
Material	Plastic
Battery Capacity	3000 Milliamp Hours (per unit)
Battery Type	Lithium-Ion or Lithium-Polymer
Max Temperature	130°F (55°C)
Usage Duration	8.5-20 hours (depending on setting)
Item Weight	140 Grams
Item Dimensions (LxWxH)	3.46 x 1.81 x 0.83 inches
Reusability	Rechargeable
Included Components	Charging Cable

9. WARRANTY AND SUPPORT

Your VRURC Portable Rechargeable Hand Warmers come with a **12-month warranty** from the date of purchase. This warranty covers manufacturing defects and issues arising from normal use. For warranty claims, technical support, or any questions regarding your product, please contact VRURC customer service through the retailer's platform or the official VRURC website. Please have your purchase receipt and product model number (AOY-768) ready when contacting support. VRURC is committed to providing excellent customer service and ensuring your satisfaction with our products.
