LIKIMIO Twin Bed Frame with LED Light Headboard

INSTRUCTION MANUAL

Introduction

Thank you for choosing the LIKIMIO Twin Bed Frame with LED Light Headboard. This manual provides detailed instructions for the safe assembly, operation, and maintenance of your new bed frame. Please read all instructions carefully before beginning assembly and retain this manual for future reference.

Safety Information

Do not load more than 900 pounds on this bed frame. Follow all assembly instructions carefully to prevent instability or collapse. Ensure all connections are secure before use.

Setup and Assembly

The LIKIMIO Twin Bed Frame is designed for straightforward assembly. All necessary components and an installation manual are included. No box spring is required for this platform bed frame.

Assembly Steps Overview:

1. Unpack all components and verify against the parts list in the included installation manual.
2. Assemble the main frame structure according to the step-by-step instructions.
3. Attach the upholstered headboard, ensuring it is securely fastened.
4. Install the wooden slats into the frame. The slats feature a noise-free design for quiet use.
5. Connect the LED light strip to the power source as directed.

Operating the LED Light Headboard

The headboard features an integrated RGB LED light strip. Use the provided remote control to customize the lighting.

Features:

- Multiple Colors:** Select from a wide range of colors to match your preference.
- 12 Scene Modes:** Choose from various pre-set lighting scenes.
- 3 Speed Levels:** Adjust the transition speed of dynamic lighting modes.
- 3 Brightness Modes:** Control the intensity of the LED lights.

- **Music Mode:** The lights can react to sound, creating a dynamic visual experience.

Maintenance

Proper care will ensure the longevity and appearance of your LIKIMIO bed frame.

- **Cleaning:** Wipe the frame and headboard with a dry cloth. Avoid harsh chemicals or abrasive cleaners.
- **Under-bed Storage:** The design allows for easy cleaning underneath the bed, including space for robotic vacuums.
- **Check Connections:** Periodically check all bolts and screws to ensure they remain tight and secure.

Troubleshooting

If you encounter any issues with your bed frame, please refer to the following common solutions:

Problem	Possible Cause	Solution
LED lights not working	Loose connection, power issue, remote battery dead.	Check all power connections. Ensure the remote control has working batteries. Try controlling the lights using the manual switch if available.
Bed frame is noisy	Loose bolts or screws, improper slat placement.	Tighten all bolts and screws. Ensure slats are correctly seated and the noise-free padding is in place.

Problem	Possible Cause	Solution
Bed frame feels unstable	Incomplete assembly, loose connections.	Review the assembly instructions to ensure all steps were followed correctly. Tighten all connections.

Specifications

Feature	Detail
Model Number	HK-TBF-020
Size	Twin
Product Dimensions	75.8" L x 41.7" W x 44.9" H
Color	Black
