H19 4G Network Smartwatch User Manual

Model: SF20250615B0DHZVQ93M | Brand: XINDADA

1. INTRODUCTION

This manual provides detailed instructions for the safe and effective use of your new H19 4G Network Smartwatch. The H19 is a high-performance Android 9.0 smartwatch featuring 4G global calling, a large AMOLED display, robust processing capabilities, and comprehensive health and connectivity functions. Please read this manual thoroughly before operating your device.

2. PACKAGE CONTENTS

Verify that all items are present in your product package:

- 1 x H19 Smartwatch
- 1 x Watch Strap
- 1 x Charging Cable
- 1 x User Manual

3. KEY FEATURES

The H19 Smartwatch is equipped with advanced features for connectivity, performance, and user experience:

- **4G Netcom & Global Calling:** Supports 4G connectivity for independent calls and data access worldwide.
- **Powerful Processor:** Features an SL8541E 4-core main control processor for smooth operation and efficient power management.
- **Android 9.0 OS:** Runs on a high-performance, low-power Android 9.0 system, ensuring a fluid and secure user experience.

- **High-Resolution AMOLED Display:** Equipped with a 1.97-inch (5cm) AMOLED screen with a 720x720 HD resolution for vibrant visuals.
- **Long-lasting Battery:** Powered by a large 1900 mAh battery designed for extended use.
- **Ample Storage:** Available in 4GB RAM + 32GB storage or 4GB RAM + 64GB storage configurations.
- **Comprehensive Network Support:** Supports various 2G, 3G, and 4G FDD/TDD bands for broad compatibility.
- **Integrated Camera:** Features a new retractable rotating camera for versatile photo and video capture.
- **Bluetooth Music:** Connect to Bluetooth headphones for music playback directly from the watch.
- **Health Monitoring:** Includes a heart rate monitor for tracking your vital signs.
- **GPS & Sports Modes:** Built-in GPS for accurate location tracking and various sports modes for fitness activities.
- **IP67 Water Resistance:** Designed to withstand splashes and rain (not suitable for swimming or bathing).
- **Multilingual Support:** Supports a wide range of languages including English, Arabic, German, Spanish, French, Italian, Japanese, and more.

4. SETUP GUIDE

4.1 Initial Charging

Upon receiving your H19 Smartwatch, it is essential to fully charge the device before its first use. Connect the provided charging cable to the watch and a compatible USB power source. The watch display will indicate charging status.

4.2 SIM Card Installation (Optional)

To utilize 4G network features and global calling, install a compatible SIM card. Refer to the watch's SIM card slot location and orientation. Ensure the watch is powered off before inserting or removing the SIM card.

4.3 Powering On and Initial Configuration

Press and hold the power button (typically located on the side of the watch) until the screen illuminates. Follow the

on-screen prompts to select your preferred language, connect to Wi-Fi, and complete the initial setup process, including Google account login if desired.

5. OPERATING INSTRUCTIONS

5.1 Basic Navigation

The H19 Smartwatch features a touch-sensitive AMOLED display. Swipe left/right, up/down to navigate through menus and applications. Use the physical buttons for power on/off, back functions, or quick access to specific features.

5.2 Making Calls and Sending Messages

With a SIM card installed, you can make and receive calls directly from your watch using the 'Phone' application. Use the 'Messages' application to send and receive text messages.

5.3 Using the Camera

Access the 'Camera' application to utilize the retractable rotating camera. The camera can rotate up to 190 degrees, allowing for flexible photo and video capture, including selfies and video calls.

1.95inch | 720*720

Figure 5.1: The H19 Smartwatch's 1.97-inch 720x720 display is ideal for video calls and media viewing.

190° Rotating Camera

Figure 5.2: The H19 Smartwatch features a camera capable of 190-degree rotation for versatile shooting angles.

5.4 Health and Fitness Tracking

Utilize the 'Heart Rate Monitor' application to measure your heart rate. The 'Sport' application offers various modes to track your physical activities, leveraging the built-in GPS for route and distance tracking.

5.5 App Management

Access the 'Play Store' to download and install additional applications. Manage installed apps through the 'Settings' or 'File Management' applications.

6. CARE AND MAINTENANCE

6.1 Water Resistance

The H19 Smartwatch is IP67 life waterproof, meaning it can withstand splashes, rain, and brief exposure to water during hand washing. **Do not** immerse the watch in water, swim, or bathe with it. Prolonged exposure to water or

high-pressure water jets can cause damage.

6.2 Cleaning

Clean the watch regularly with a soft, dry, lint-free cloth. Avoid using abrasive materials, solvents, or corrosive liquids such as hand sanitizer, soap, or detergents, as these can damage the watch's components and seals.

6.3 Battery Care

To prolong battery life, avoid exposing the watch to extreme temperatures. Charge the watch using only the provided charging cable. Do not attempt to replace the battery yourself.

7. TROUBLESHOOTING

7.1 Short Battery Life

The H19 is a 4G Android smartwatch with higher power consumption compared to standard Bluetooth smartwatches. Under normal use, the battery typically lasts 1-2 days. To optimize battery life:

- Reduce screen brightness.
- Disable unnecessary background applications.
- Turn off Wi-Fi or 4G when not needed.
- Limit GPS usage.

7.2 NFC Payment Not Working

Please note that NFC payment functions are **not supported** on this model.

7.3 Storage and RAM Discrepancy

The actual available storage and RAM will be less than the total stated memory due to the operating system and pre-installed software occupying a portion of the device's memory.

7.4 Watch Not Powering On

Ensure the watch is fully charged. If the issue persists, try performing a soft reset by holding down the power button for an extended period (e.g., 10-15 seconds).

8. TECHNICAL SPECIFICATIONS

Feature	Specification
Brand	XINDADA
Model Number	SF20250615B0DHZVQ93M_B0DHZVQ93M_3_Xtkxin
Color	Black

Feature	Specification
Screen Size	1.97 Inches (5 cm)
Display Resolution	720 x 720
Processor	SL8541E 4-core
Operating System	Android 9.0
Memory Storage Capacity	32 GB / 64 GB (internal)
RAM	4 GB
Battery Capacity	1900 mAh
Connectivity	4G LTE, 3G, 2G, Wi-Fi, GPS, Bluetooth
Water Resistance	IP67 Life Waterproof
Camera	Retractable Rotating Camera (190° rotation)

9. WARRANTY AND SUPPORT

For warranty information and technical support, please refer to the documentation provided with your purchase or contact the manufacturer directly. Keep your proof of purchase for any warranty claims.
