4. Setup

4.1 Battery Installation

1. Locate the battery compartment on the underside of the laptop.
2. Using a screwdriver, open the battery compartment cover.
3. Insert 2 x AA batteries, ensuring correct polarity (+/-).
4. Replace the battery compartment cover and secure it with the screw.

4.2 Connecting the Mouse

The included wired mouse can be connected to the designated port on the side of the laptop. This allows for alternative navigation and interaction with certain activities.

5. Operating Instructions

5.1 Power On/Off

- To turn on the laptop, press the 'ON/OFF' button located on the keyboard.
- To turn off the laptop, press the 'ON/OFF' button again.

5.2 Language Selection

The laptop supports both English and Spanish. Use the 'Lang' button on the keyboard to switch between the two languages for all activities and prompts.

5.3 Activity Selection

The laptop offers 40 educational activities across various categories. To select an activity:

1. Press the 'Activities' button.
2. Use the number keys (0-9) to enter the two-digit code corresponding to the desired activity. The activity list is displayed on the laptop's screen surround.
3. Press 'Enter' or 'OK' to start the activity.

5.4 Activity Categories

- **Mathematics:** Activities for learning numbers, counting, addition, subtraction, multiplication, and division.
- **Language:** Focuses on letters, words, spelling, and interactive stories using a syllabic method to aid reading.
- **Typing:** Introduces typing skills through games and exercises.
- **Music:** Allows for musical note tests, playing music, and melody composition.
- **Logic & Games:** Includes various games and logic puzzles to develop problem-solving skills.
- **Clock & Time:** Activities related to learning to read and understand time.

6. Maintenance

6.1 Cleaning

- Wipe the laptop's surface with a soft, dry cloth.
- Do not use abrasive cleaners or solvents.
- Avoid getting moisture into any openings.

6.2 Battery Care

- Remove batteries if the device will not be used for an extended period.
- Do not mix old and new batteries, or different types of batteries.
- Dispose of used batteries responsibly.

7. Troubleshooting

- **No Power:** Ensure batteries are correctly installed and not depleted. Replace with fresh batteries if necessary.
- **No Sound:** Check the volume settings using the 'Vol+' button.
- **Screen Issues:** Adjust the screen contrast using the 'Contrast+' and 'Contrast-' buttons.
- **Unresponsive Buttons:** Turn the laptop off and then on again to reset the system.
