LEGO Creator 3 in 1 Cute Bunny Toy Instruction Manual

Model: 31162

Brand: LEGO

INTRODUCTION

The LEGO Creator 3 in 1 Cute Bunny (31162) building toy set offers three distinct animal figures to construct from the same set of 326 pieces. This manual provides detailed instructions and information for assembling, operating, and maintaining your LEGO models. Please note that only one model can be built at a time from the provided pieces.

SETUP: BUILDING YOUR MODEL

The LEGO Creator 3 in 1 set allows for the construction of three different animal figures: a posable bunny, a posable llama, or a seal. Each model utilizes the same set of 326 building blocks. Detailed step-by-step instructions are provided in the included instruction booklets for each build option.

- **Bunny Model:** Construct a cute bunny figure complete with a sunflower and a carrot accessory.
- **Llama Model:** Assemble a posable llama toy, accompanied by a patch of green grass and half a carrot.
- **Seal Model:** Build a seal figure, which includes a fish and a sheet of ice accessory.

For an enhanced building experience, the LEGO Builder app can be used in conjunction with the printed instructions. This app offers a collaborative building experience and interactive 3D models.

OPERATING: FEATURES AND POSABILITY

Each animal model in the LEGO Creator 3 in 1 set is designed with posable elements, allowing for dynamic play and display. Accessories enhance the storytelling possibilities.

- **Bunny:** The bunny figure features a posable head, ears, forelegs, and hind legs, allowing it to be posed in various lifelike positions. It comes with a sunflower and a carrot.
- **Llama:** The llama toy has posable ears, head, tail, and feet, enabling different stances and expressions. It is

accompanied by a patch of green grass and half a carrot.

- **Seal:** The seal figure's head, neck, and flippers are posable, allowing for swimming or resting poses. It includes a fish and a sheet of ice.

MAINTENANCE

Proper care and maintenance will ensure the longevity of your LEGO building blocks.

Cleaning

To clean LEGO bricks, use a mild soap solution and lukewarm water (not exceeding 40°C or 104°F). Gently scrub the bricks with a soft brush or cloth. Rinse thoroughly with clear water to remove all soap residue. Air dry the bricks completely before reassembling or storing them. Avoid using hot water, harsh chemicals, or abrasive materials, as these can damage the plastic.

Storage

Store LEGO bricks in a cool, dry place away from direct sunlight and extreme temperatures. Keep them in sealed containers

or bags to prevent dust accumulation and loss of small pieces. Proper storage helps maintain the color and integrity of the bricks.

TROUBLESHOOTING

Encountering issues with your LEGO set? Here are some common problems and solutions:

- **Missing Pieces:** While rare, if you find a piece missing, please visit the official LEGO Customer Service website to request replacement parts.
- **Difficulty Connecting Bricks:** Ensure bricks are aligned correctly and apply firm, even pressure. If bricks are consistently difficult to connect, check for any debris or damage.
- **Model Instability:** Double-check the building instructions to ensure all steps were followed precisely. Loose connections or incorrect placement of bricks can lead to instability.

For further assistance, please refer to the official LEGO website or contact their customer support directly.
