Relaxdays 10050008

Relaxdays Adjustable Rolling Garden Seat (Model 10050008) - Instruction Manual

1. INTRODUCTION

Thank you for choosing the Relaxdays Adjustable Rolling Garden Seat. This manual provides important information regarding the assembly, operation, maintenance, and safety of your new garden seat. Please read these instructions carefully before use and retain them for future reference.

This versatile rolling seat is designed to provide comfort and convenience for various tasks, including gardening and workshop activities. It features an adjustable height, a storage compartment, and pneumatic tires for easy maneuverability.

2. SAFETY INSTRUCTIONS

- **Maximum Weight Capacity:** Do not use with a weight exceeding 150 kg (330 lbs). Exceeding this limit can cause damage to the product and lead to injury.
- **Stability:** Always ensure the seat is on a stable, level surface before sitting down or standing up to prevent tipping and falls.
- **Height Adjustment:** Adjust the seat height only when the seat is stationary and you are not seated on it. Ensure the adjustment mechanism is securely locked before use.
- **Tire Maintenance:** Regularly check the pneumatic tires for proper inflation. Under-inflated tires can affect stability and maneuverability.
- **Children and Pets:** Keep children and pets away from the product during assembly and use to prevent accidents.
- **Storage:** Store the seat in a dry, protected area when not in use to prevent rust and damage.

3. PRODUCT COMPONENTS

The Relaxdays Adjustable Rolling Garden Seat includes the following components:

- 1x Rolling Garden Seat (main frame, seat, wheels, storage tray)
- Assembly hardware (bolts, nuts, washers)

4. ASSEMBLY INSTRUCTIONS

Assembly is required for this product. Please follow these steps carefully:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface. Verify that all components listed in Section 3 are present.
2. **Attach Wheels:** Securely attach the four pneumatic wheels to the main frame using the provided hardware. Ensure

all bolts are tightened firmly.

3. **Install Storage Tray:** Position the storage tray beneath the seat frame and secure it according to the diagrams in the included manual.
4. **Mount Seat:** Attach the seat to the adjustable height mechanism on the main frame. Ensure the seat is oriented correctly and all fasteners are tight.
5. **Final Check:** Before first use, double-check all connections and ensure the seat is stable and all parts are securely fastened.

5. OPERATING INSTRUCTIONS

5.1. Adjusting Seat Height

The seat height can be adjusted to suit your needs. To adjust:

1. Ensure you are not seated on the garden seat.
2. Rotate the seat clockwise or counter-clockwise to raise or lower it. The threaded rod mechanism allows for smooth height adjustment.
3. Once the desired height is reached, ensure the seat is stable before use.

5.2. Moving the Garden Seat

The four pneumatic tires allow for easy movement across various terrains. Simply push or pull the seat to reposition it. Be mindful of uneven surfaces to maintain stability.

6. MAINTENANCE

- **Cleaning:** Wipe down the metal and plastic surfaces with a damp cloth. Avoid abrasive cleaners that could damage the finish.
- **Tire Pressure:** Periodically check and maintain the correct air pressure in the pneumatic tires. Refer to the tire sidewall for recommended pressure.
- **Lubrication:** Apply a small amount of lubricant to the height adjustment mechanism and wheel axles annually to ensure smooth operation.
- **Inspection:** Regularly inspect all bolts, nuts, and welds for tightness and signs of wear or damage. Tighten any loose fasteners immediately. If any structural damage is observed, discontinue use.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Seat feels unstable or wobbly.	Loose assembly bolts; uneven ground; damaged frame.	Check and tighten all assembly bolts. Move to a level surface. Inspect frame for damage; discontinue use if damaged.
Difficulty adjusting seat height.	Mechanism is dry or dirty; cross-threaded.	Clean and lubricate the threaded rod. Ensure the seat is not forced.

Problem	Possible Cause	Solution
Tires are flat or losing air quickly.	Puncture; valve stem issue; under-inflated.	Inflate tires to recommended pressure. Inspect for punctures and repair or replace if necessary. Check valve stems for leaks.
Seat does not roll smoothly.	Low tire pressure; debris in wheels; damaged wheel bearings.	Check tire pressure. Clear any debris from around the wheels. Inspect wheel bearings for damage.

8. SPECIFICATIONS

Model Number: 10050008

Product Dimensions (D x W x H): 81 cm x 42 cm x 54 cm (adjustable height 40-49 cm)

Color: Green

Frame Material: Steel (70%)

Seat Material: Polypropylene (PP)

Wheel Material: Rubber (20%), Plastic (10%)

Maximum Weight Recommendation: 150 kg (330 lbs)

Item Weight: 10.64 kg

Assembly Required: Yes

Included Components: 1x Rolling Garden Seat

Country of Origin: China
