## 2. Pairing with Your Device

1. Ensure the earbuds are charged.
2. Open the charging case. The earbuds will automatically power on and enter pairing mode.
3. On your device (smartphone, tablet, laptop), enable Bluetooth.
4. Search for available Bluetooth devices and select "AWEI T78" from the list.
5. Once connected, you will hear a confirmation sound, and the earbuds will be ready for use.

The earbuds feature Bluetooth 5.4 for a fast, stable, and low-latency connection up to 10 meters (33 feet). They will automatically reconnect to the last paired device when taken out of the case.

## MAINTENANCE

### Cleaning

Regularly clean your earbuds and charging case to maintain optimal performance and hygiene.

- Use a soft, dry, lint-free cloth to wipe the earbuds and charging case.
- Gently remove any earwax or debris from the earbud mesh and charging contacts using a clean, dry cotton swab or a small, soft brush.
- Do not use abrasive cleaners, alcohol, or chemical solvents.

### Water Resistance (IPX5)

The AWEI T78 earbuds are IPX5 waterproof, meaning they are protected against low-pressure water jets from any direction. This makes them suitable for workouts and light rain. However, they are not designed for submersion in water or for use during swimming or showering.

### Storage

When not in use, store the earbuds in their charging case to protect them from dust and damage, and to keep them charged.

## TROUBLESHOOTING

---

### • Earbuds not pairing with device:

- Ensure Bluetooth is enabled on your device.
- Make sure the earbuds are charged and out of the charging case.
- Try forgetting "AWEI T78" from your device's Bluetooth list and re-pairing.
- Restart your device and try again.

### • Only one earbud working:

- Place both earbuds back into the charging case, close the lid, and then take them out again.
- Ensure both earbuds are charged.
- If the issue persists, try resetting the earbuds (refer to manufacturer's website for specific reset instructions if needed).

### • No sound:

- Check the volume level on both your device and the earbuds.
- Ensure the earbuds are properly connected to your device.
- Try playing audio from a different application or source.

### • Charging case not charging:

- Ensure the charging cable is securely connected to both the case and the power source.
- Try a different charging cable or power adapter.
- Check if the charging port on the case is clean and free of debris.
