› Zinus Justin Metal Bed Frame with Headboard (190 x 140 cm) - Instruction Manual

Zinus EU-FBMMHBZC-12F

Zinus Justin Metal Bed Frame with Headboard (190 x 140 cm)

Model: EU-FBMMHBZC-12F

INTRODUCTION

The Zinus Justin metal bed frame combines modern design with exceptional functionality. The elegant headboard, featuring three vertical lines, offers a clean aesthetic that blends harmoniously into any bedroom decor and adds a touch of sophistication. Made of durable steel, this frame provides a solid base for your mattress while being lightweight for effortless movement and setup. With 26.4 cm clearance under the bed, it provides ample space to keep your room organized and space-saving. Enjoy worry-free assembly thanks to all the tools and instructions included in the box. Mattress sold separately.

SAFETY INFORMATION

WARNING:

- Be careful when installing with small parts and tools.
- Clean the bed frame with a dry cloth only.
- Please note that despite the 'Squeak Resistant' feature, the bed frame may make noise that could disturb sleep if there is no maintenance during use. Regular inspection and tightening of fasteners are recommended.

PACKAGE CONTENTS

Before beginning assembly, ensure all parts are present and undamaged. The package should contain:

- Bed Frame Components (Side Rails, Center Support, Legs)

- Headboard
- Slats
- Assembly Tools (e.g., Allen wrench, ratchet tool)
- Instruction Manual

Image: All components of the Zinus Justin metal bed frame, including the headboard, side rails, support legs, and slats, laid out before assembly.

SETUP AND ASSEMBLY

The Zinus Justin bed frame is designed for quick and easy assembly. All necessary tools and clear instructions are included to facilitate a smooth setup process.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches. Refer to the included parts list to ensure all items are present.
2. **Assemble Headboard:** Attach the headboard sections together using the provided bolts and tools. Ensure all connections

are secure.

3. **Connect Side Rails:** Attach the side rails to the headboard and footboard (if applicable) using the designated hardware. Do not fully tighten bolts until the entire frame is assembled.
4. **Install Center Support and Legs:** Secure the center support beam and attach all support legs to the frame. Ensure all legs are oriented correctly and firmly attached.
5. **Place Slats:** Lay the metal slats across the frame. Many Zinus frames feature a quick-lock or snap-in system for easy slat installation. Ensure all slats are evenly spaced and secured.
6. **Final Tightening:** Once all components are in place, systematically tighten all bolts and fasteners. Do not overtighten.

OPERATING INSTRUCTIONS

Once assembled, the Zinus Justin bed frame is ready for use.

- **Mattress Placement:** Carefully place your mattress directly onto the installed slats. A box spring is not required for this bed frame.
- **Under-Bed Storage:** Utilize the generous 26.4 cm (approximately 10.4 inches) of under-bed clearance for storing boxes, bins, or other items to keep your room organized.
- **Weight Capacity:** Ensure the combined weight of the mattress and occupants does not exceed the recommended weight capacity for the bed frame. Refer to the specifications section for details.

MAINTENANCE

Proper maintenance will ensure the longevity and continued performance of your Zinus Justin bed frame.

- **Cleaning:** Wipe the metal frame with a dry cloth only. Avoid using harsh chemicals or abrasive cleaners, which can damage the finish.
- **Regular Inspection:** Periodically check all bolts and fasteners to ensure they remain tight. Loose connections can lead to instability and squeaking. Tighten as necessary.
- **Avoid Excessive Weight:** Do not exceed the recommended weight capacity to prevent damage to the frame.
- **Movement:** When moving the bed frame, lift it rather than dragging it to prevent damage to the legs or floor.

TROUBLESHOOTING

If you encounter any issues with your bed frame, refer to the following common solutions:

Problem	Possible Cause	Solution
Bed frame squeaks	Loose bolts or uneven surface.	Tighten all bolts and fasteners. Ensure the bed frame is on a level surface. Apply felt pads under legs if on hard flooring.
Frame feels unstable	Incomplete assembly or loose connections.	Re-check all assembly steps. Ensure all bolts are securely tightened. Verify all legs are making firm contact with the floor.
Parts missing or damaged	Manufacturing error or shipping damage.	Contact Zinus customer support immediately with your model number and purchase details.

SPECIFICATIONS

Model Number	EU-FBMMHBZC-12F
Brand	Zinus
Size	190 x 140 cm
Product Dimensions (L x W x H)	76.81" x 55.12" x 42.01" (approx. 195 cm x 140 cm x 106.7 cm)
Material	Metal (Steel)
Color	Black
Finish Type	Painted
Item Weight	25.5 pounds (approx. 11.57 kg)
Under-Bed Clearance	26.4 Centimeters (Ground To Item Distance)
Assembly Required	Yes
