

Zinus EU-FBMMHBZC-12C

Zinus Justin Metal Bed Frame with Headboard
MODEL: EU-FBMMHBZC-12C (200x140 cm)

Introduction

This instruction manual provides detailed guidance for the assembly, use, and maintenance of your Zinus Justin Metal Bed Frame with Headboard. Please read all instructions carefully before beginning assembly and retain this manual for future reference. Proper assembly and care will ensure the longevity and stability of your bed frame.

Safety Information

Please adhere to the following safety guidelines to ensure safe installation and use of your bed frame:

- Ensure all components are present and undamaged before assembly.
- Assemble the bed frame on a soft, clean surface to prevent scratches.
- Tighten all bolts and screws securely. Periodically check and re-tighten fasteners to maintain stability.
- Do not use power tools for assembly as this may overtighten or strip screws.
- Do not stand on the bed frame during assembly or use.
- Distribute weight evenly across the bed frame.
- Keep small parts away from children during assembly.

Package Contents

Verify that all the following components are included in your package:

- Headboard components
- Bed frame side rails and support beams
- Metal slats (slatted frame)
- Assembly tools (Allen wrench, etc.)
- Installation Manual
- All necessary bolts, washers, and nuts

Setup and Assembly Instructions

The Zinus Justin Bed Frame is designed for straightforward assembly. Refer to the included detailed installation manual for step-by-step instructions and diagrams. A general overview of the assembly process is provided below:

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface.
2. **Assemble Headboard:** Attach the headboard components as per the manual's instructions.
3. **Connect Side Rails:** Securely attach the side rails to the headboard and footboard sections using the provided hardware.
4. **Install Center Support:** Assemble and install any central support legs or beams as indicated.
5. **Place Slats:** Position the metal slats onto the frame. Ensure they are properly seated and secured to prevent movement.
6. **Final Tightening:** Once all parts are assembled, go back and ensure all bolts and screws are fully tightened.

Usage

Once assembled, place your mattress directly onto the metal slats. No box spring is required for this bed frame. The robust metal slat support system provides a stable foundation for your mattress.

The Zinus Justin bed frame offers approximately 26.4 cm of clearance under the bed, providing convenient space for storage. Utilize this area for bins or containers to keep your bedroom organized.

Maintenance

To maintain the appearance and structural integrity of your Zinus Justin Bed Frame:

- **Cleaning:** Wipe the metal frame with a dry cloth to remove dust and debris. Avoid using harsh chemicals or abrasive cleaners.
- **Fastener Check:** Periodically (e.g., every 3-6 months) inspect all bolts and screws. Re-tighten any loose fasteners to prevent squeaking and ensure stability.
- **Avoid Excessive Moisture:** Keep the bed frame in a dry environment to prevent rust or damage to the finish.

Troubleshooting

If you encounter any issues with your bed frame, consider the following:

- **Squeaking Noises:** Squeaking often indicates loose connections. Re-tighten all bolts and screws on the frame, especially at the joints and where the slats connect. Ensure the mattress is properly seated.
- **Mattress Sliding:** If your mattress tends to slide on the metal slats, ensure the mattress is correctly centered. Anti-slip pads (not included) can be placed between the mattress and the slats to provide additional grip.
- **Instability:** Verify that all legs are firmly on the ground and that all connections are fully tightened. Ensure the bed frame is on a level surface.

Specifications

Feature	Detail
Brand	Zinus
Model Number	EU-FBMMHBZC-12C
Size	200x140 cm
Material	Metal
Colour	Black
Product Dimensions (Assembled)	2.05L x 1.4W x 1.07H Meters
Compatible Mattress Size	140x200 cm
Ground to Item Distance (Under-bed Clearance)	26.4 Centimetres
Special Features	All tools included, Durable structure, Easy assembly, No Box Spring Needed, Squeak Resistant, Under-bed storage
Assembly Required	Yes
Item Weight	12 kg
UPC	841550381429
