USING THE MANUAL

To effectively use the Park Tool BBB-4 manual, familiarize yourself with its structure. Each chapter focuses on specific bicycle components or repair types. It is recommended to read through the relevant section before beginning any repair work. Ensure you have the necessary tools as described within the manual for each procedure.

FOLLOWING INSTRUCTIONS

When performing repairs, follow the instructions precisely:

1. **Step-by-Step Procedures:** Each repair is broken down into sequential steps. Read each step carefully before execution.
2. **Visual Aids:** Refer to the accompanying color photographs and diagrams. These visuals are designed to clarify complex steps and component identification.

3. **Tables and Charts:** Utilize the provided tables and charts for specifications, torque values, and compatibility information.
4. **Safety First:** Always prioritize safety. Wear appropriate personal protective equipment and ensure your workspace is well-lit and stable.
