

Ambimall BP-F018

Ambimall BP-F018 70-Inch Dimmable Arc Floor Lamp User Manual

Model: BP-F018

INTRODUCTION

Thank you for choosing the Ambimall BP-F018 70-Inch Dimmable Arc Floor Lamp. This manual provides essential information for the safe and efficient operation of your new lamp. Please read it thoroughly before assembly and use, and retain it for future reference.

SAFETY INFORMATION

- Ensure the power supply voltage matches the lamp's requirements (120 Volts).
- Do not operate the lamp with a damaged cord or plug.
- Unplug the lamp from the power outlet before cleaning or replacing the bulb.
- Keep the lamp away from water or damp environments as it is not water resistant.
- The lamp base is weighted for stability; however, ensure it is placed on a flat, stable surface to prevent tipping.
- Use only the specified bulb type (E26 base, A19 shape, 9 watts LED).

PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- Bulb
- Remote Control
- Shade
- Lamp Poles (multiple sections)
- Heavy Metal Base

SETUP AND ASSEMBLY

Assembly of your Ambimall Arc Floor Lamp is designed to be straightforward and typically takes 5 to 10 minutes without the need for additional tools.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface.
2. **Assemble Lamp Poles:** Twist the individual lamp pole sections together clockwise until they are securely connected.
3. **Attach to Base:** Screw the assembled lamp pole into the heavy metal base. Ensure it is tightened firmly to provide stability.
4. **Install Bulb:** Gently screw the provided LED bulb into the E26 socket located at the end of the arched arm.
5. **Attach Lampshade:** Secure the fabric lampshade to the lamp's fixture.
6. **Position Lamp:** Place the lamp in your desired location, ensuring the cord is not pinched or a tripping hazard.

OPERATING INSTRUCTIONS

Your Ambimall Arc Floor Lamp offers versatile lighting control through its remote and foot switch.

Foot Switch Operation

The foot switch located on the power cord allows for basic ON/OFF functionality. Ensure the foot switch is set to the 'ON' position for the remote control to function.

Remote Control Functions

The included remote control provides comprehensive command over your lamp's settings. The magnetic remote can be conveniently stored on the lamp stand.

Illuminate Every Corner As Needed

Image: Rotating head feature for directional lighting.

MAINTENANCE

- **Cleaning:** Disconnect the power before cleaning. Wipe the lamp with a soft, dry cloth. Do not use abrasive cleaners or solvents.
- **Bulb Replacement:** Ensure the lamp is unplugged and cool before replacing the bulb. Use an E26 base, A19 shape, 9-watt LED bulb.

TROUBLESHOOTING

- **Lamp does not turn on:**
 - Check if the power cord is securely plugged into a working outlet.
 - Ensure the foot switch is in the 'ON' position.
 - Verify the bulb is correctly installed and not burnt out.
 - Check the remote control battery.
- **Remote control not responding:**
 - Ensure the foot switch on the cord is 'ON'.
 - Replace the remote control battery.
 - Ensure there are no obstructions between the remote and the lamp.
- **Light flickers or dims unexpectedly:**
 - Check for loose bulb connections.
 - Ensure the bulb wattage is within the recommended limits.
