## SETUP AND INITIAL EXPANSION

Your Antetek Oversized Round Chaise Longue Chair is designed for minimal setup. It arrives vacuum-compressed to ensure efficient shipping and protection. Follow these steps for proper initial expansion:

1. Carefully remove the chair from its packaging. Avoid using sharp objects that could damage the fabric.
2. Place the chair in your desired location.
3. Allow the chair to expand naturally for **48-72 hours**. During this time, the high-density sponges will fully decompress and reach their optimal shape and firmness.
4. Gently tap and fluff the sofa and pillows to aid in the expansion process.
5. Once fully expanded, arrange the included pillows for maximum comfort.

## MAINTENANCE AND CARE

- **Pillow Covers:** The covers for the three included pillows are detachable and washable. Machine wash cold separately on a gentle cycle only.
- **Spot Cleaning:** For minor spills or stains on the main body of the chair, gently spot clean with a mild detergent and a damp cloth. Blot dry thoroughly.
- **Regular Cleaning:** Vacuum the chair regularly using an upholstery attachment to remove dust and debris.
- **Avoid Harsh Chemicals:** Do not use bleach or strong chemical cleaners, as these can damage the chenille fabric.

- **Sunlight Exposure:** Avoid prolonged direct sunlight exposure to prevent fading of the fabric.

## TROUBLESHOOTING

---

- **Chair Not Fully Expanded:** If the chair has not fully expanded after 72 hours, gently massage and fluff the foam. Ensure it is in a warm, well-ventilated area.
- **Uneven Surface:** If the chair feels wobbly, check that it is placed on a completely flat and stable surface.
- **Fabric Stains:** Refer to the "Maintenance and Care" section for spot cleaning instructions. Act quickly on spills.
