SAFETY WARNINGS

- This electric desk requires assembly. Follow the detailed installation instructions provided in the product packaging and use the included screwdriver.
- Exercise caution when adjusting the desk height. Ensure the desk is stable before use.
- Do not exceed the recommended weight capacity to prevent damage or injury. The desk supports up to 70 kg (154 lbs) on the main desktop and 60 kg (132 lbs) on the monitor stand.

- Keep children and pets away from the desk during operation.
- Ensure no obstacles are in the path of the desk's movement during height adjustments.

PRODUCT OVERVIEW AND FEATURES

The TRIUMPHKEY Electric Standing Desk is designed for ergonomic comfort and versatility, allowing you to switch between sitting and standing positions effortlessly. Key features include:

- **Ergonomic Monitor Support:** An integrated monitor stand allows you to position your monitor or other devices at a comfortable height, promoting better posture and reducing neck strain. This design also helps optimize desktop space.
- **Durable Materials:** Constructed with a high-quality steel frame and a spacious, waterproof, and scratch-resistant desktop. The T-shaped leg design enhances stability, and rubberized protective layers on the feet ensure quiet movement and floor protection. Note: The desktop is composed of multiple joined panels.
- **Electric Lift with Memory Function:** Smoothly adjust the desk height between 73 cm and 118 cm. Two memory buttons allow you to save and recall your preferred sitting and standing heights for convenient use.
- **Versatile Use:** Suitable for various applications including gaming, computer work, studying, or as an office desk at home or in a professional environment.

SETUP AND ASSEMBLY

The TRIUMPHKEY Electric Standing Desk is designed for easy assembly. Each part is numbered, and the packaging includes detailed installation instructions along with the necessary screwdriver. Please follow the step-by-step guide provided in your product box to complete the assembly quickly and correctly.

It is recommended to assemble the desk with two people for easier handling of components.

OPERATING INSTRUCTIONS

Height Adjustment

The desk's height can be adjusted using the control panel located on the front edge of the desktop. The height range is from 73 cm (sitting) to 118 cm (standing).

1. **Raise Desk:** Press and hold the **Up arrow** button to raise the desk to your desired height.
2. **Lower Desk:** Press and hold the **Down arrow** button to lower the desk to your desired height.

Memory Presets

The control panel features two memory buttons (1 and 2) to save and quickly recall your preferred desk heights.

1. **Set a Memory Position:** Adjust the desk to your desired height using the Up/Down arrows. Press the **M** button, then press either **1** or **2** within 3 seconds to save the current height to that preset. The LED display will confirm the setting.
2. **Recall a Memory Position:** Simply press the **1** or **2** button to automatically move the desk to the saved height.

MAINTENANCE

- **Cleaning:** Wipe the desktop and frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that may damage the surface.
- **Inspection:** Periodically check all screws and connections to ensure they are tight. Retighten if necessary.
- **Cable Management:** Utilize the integrated cable management holes to keep wires tidy and prevent them from interfering with the desk's movement.

- **Motor Care:** The electric motor is designed for quiet and smooth operation. Avoid overloading the desk beyond its specified weight capacity to ensure longevity of the motor.

TROUBLESHOOTING

If you encounter any issues with your TRIUMPHKEY Electric Standing Desk, please refer to the following common solutions:

- **Desk not moving:** Check if the power cable is securely plugged into both the desk and the wall outlet. Ensure there are no obstructions preventing movement.
- **Uneven movement:** Ensure the desk is placed on a flat, stable surface. Check that all adjustable feet are properly leveled.
- **Error code on display:** Refer to the specific troubleshooting section in the detailed manual provided with your product for error code interpretations and solutions. If the issue persists, contact customer support.
- **Noise during operation:** A slight motor sound is normal. If the noise is excessive or unusual, ensure all components are securely fastened.

For more complex issues, please contact TRIUMPHKEY customer support.
