Fockety B11

Fockety B11 Bluetooth Language Translation Earbuds User Manual

Model: B11

1. INTRODUCTION

Thank you for choosing the Fockety B11 Bluetooth Language Translation Earbuds. These earbuds are designed to facilitate seamless multi-language communication through real-time and offline translation capabilities. Featuring Bluetooth 5.3 connectivity and a high-capacity charging case, the B11 earbuds offer an efficient and comfortable translation experience for various scenarios.

2. SAFETY INFORMATION

- Read all instructions before use.
- Keep the device away from water and moisture.
- Do not attempt to disassemble or repair the device yourself.
- Avoid exposing the device to extreme temperatures.
- Use only the provided charging cable and adapter.
- Dispose of batteries according to local regulations.

3. PACKAGE CONTENTS

Please check the package for the following items:

- 2 x Translation Earbuds
- 1 x Charging Case
- 1 x Charging Cable
- 2 Pairs x Ear Caps (different sizes)
- 1 x Instruction Manual

4. PRODUCT OVERVIEW

Familiarize yourself with the components of your Fockety B11 earbuds and charging case.

Image 4.1: The Fockety B11 translation earbuds shown with their charging case. The case is open, revealing the charging slots for the left and right earbuds, which are also depicted separately below the case.

- **Earbuds:** Left (L) and Right (R) earbuds with touch-sensitive surfaces and microphones.
- **Charging Case:** Houses and charges the earbuds, with LED indicators for battery status.
- **Charging Port:** Located on the charging case for connecting the charging cable.

5. SETUP

5.1 Charging the Earbuds and Case

Before first use, fully charge the earbuds and the charging case.

1. Place the earbuds into the charging case. Ensure they are correctly seated in their respective slots (L for left, R for right).
2. Connect the provided charging cable to the charging port on the case and to a USB power source.
3. The LED indicators on the charging case will illuminate to show charging status. A full charge for the earbuds takes approximately 1 hour, and for the charging case, approximately 1.5 hours.
4. Once fully charged, disconnect the charging cable. The charging case has a 350mAh battery, providing an ultra-long battery life of up to 15 hours for the earbuds. Each earbud has a 40mAh battery, offering approximately 4 hours of playback time per charge.

Large Capacity Lithium Battery Long Lasting Endurance Performance

Image 5.1: The charging case with earbuds inserted, displaying a digital battery percentage and individual earbud charging indicators. This illustrates the large capacity lithium battery and long-lasting endurance performance.

5.2 Bluetooth Pairing

To use the translation features, the earbuds must be paired with your smartphone via Bluetooth.

1. Ensure the earbuds are charged and removed from the charging case. They will automatically enter pairing mode.
2. On your smartphone, enable Bluetooth and search for available devices.
3. Select "B11" (or similar name) from the list of found devices to connect.
4. Once connected, you will hear an audio prompt, and the earbuds will be ready for use.

5.3 App Installation and Setup

The Fockety B11 earbuds require a dedicated mobile application for full translation functionality. Please refer to the QR code or link provided in the quick start guide (if applicable) to download the app from your device's app store.

1. Download and install the "Translation Earphones" app on your smartphone.

2. Open the app and follow the on-screen instructions to connect your B11 earbuds.
3. Ensure your earbuds are paired via Bluetooth as described in Section 5.2.
4. Within the app, you will be able to select languages and translation modes.

Four Translation Mode for Different Scenarios

Image 5.3: A smartphone displaying the "Translation Earphones" app interface, showing options for Touch Mode, Speaker Mode, Free Talk Mode, and Offline Mode. This image also shows people using the earbuds in different scenarios.

6. OPERATING INSTRUCTIONS

The Fockety B11 earbuds offer multiple translation modes to suit different communication needs.

6.1 Power On/Off

- **Power On:** Remove the earbuds from the charging case. They will automatically power on.
- **Power Off:** Place the earbuds back into the charging case. They will automatically power off and begin charging.

6.2 Basic Controls (Touch Functions)

The earbuds feature touch-sensitive controls. Specific functions may vary slightly based on the app's configuration.

- **Single Tap:** Play/Pause music, Answer/End call.
- **Double Tap:** (Specific to translation modes) Initiate translation in Touch Mode.
- **Long Press:** Reject call, activate voice assistant (if configured).

6.3 Translation Modes

Select the appropriate mode within the "Translation Earphones" app for your communication scenario.

6.3.1 Touch Mode

Ideal for conversations between two people who are willing to wear an earbud each.

1. Each person wears one earbud.
2. Within the app, select "Touch Mode".
3. To speak, tap your earbud. The app will translate your speech and play it through the other person's earbud and/or the phone speaker.
4. The other person taps their earbud to respond.

Touch Mode

Two people wear a earphone,click the earphone to translate in real time,suitable for acquaintances who are willing to wear your earphone.

达盛数码科技(深圳)有限公司

Image 6.3.1: Two individuals interacting in a classroom, one wearing an earbud and speaking, demonstrating the "Touch Mode" where each person wears an earbud and taps it to translate in real-time.

6.3.2 Speaker Mode

Suitable for situations where one person wears the earbud and the other person listens to the translation from the smartphone speaker. This is useful when communicating with strangers who may not wish to wear an earbud.

1. One person wears an earbud, and holds the smartphone.
2. Within the app, select "Speaker Mode".
3. Speak into the earbud's microphone. Your speech will be translated and played aloud through the phone's speaker.
4. The other person can speak directly into the phone's microphone, and the translation will be played through your earbud.

Speaker Mode

One person wears earphones and one person holds the mobile phone, suitable for strangers who are inconvenient to wear your earphones.

Hello. Nice to meet you
你好，很高兴认识你

Image 6.3.2: Two women interacting, one holding a smartphone displaying translation text, demonstrating "Speaker Mode" where one person wears an earbud and the other listens via the phone's speaker.

6.3.3 Free Talk Mode

Allows two people to communicate freely with real-time translation without needing to tap the earbuds, ideal for continuous conversation.

1. Each person wears one earbud.
2. Within the app, select "Free Talk Mode".
3. Speak naturally. The earbuds will automatically detect speech, translate, and play it in real-time.

Free talk mode

Two people wear a earphone each,translate in real time ,release their hands,and communicate freely.

Image 6.3.3: Two women engaged in conversation, each wearing an earbud, illustrating "Free Talk Mode" for seamless real-time translation without manual input.

6.3.4 Offline Mode

For translation without an internet connection. This mode supports specific pre-downloaded languages.

1. Ensure you have downloaded the necessary language packs within the app while connected to the internet.
Supported offline languages include Chinese, English, Japanese, Korean, Russian, German, French, and Spanish.
2. Within the app, select "Offline Mode".
3. Proceed with translation as per the chosen sub-mode (e.g., Touch Mode or Speaker Mode, if available offline).

Offline Mode

No network can also translate, support Chinese, English, Japanese, Korean, Russian, German, French, Spanish real-time offline language translation

Image 6.3.4: A woman using her smartphone with a crossed-out Wi-Fi symbol, signifying "Offline Mode" for translation without a network connection. This mode supports several languages including Chinese, English, Japanese, Korean, Russian, German, French, and Spanish.

7. MAINTENANCE

7.1 Cleaning

- Gently wipe the earbuds and charging case with a soft, dry, lint-free cloth.
- Do not use abrasive cleaners, alcohol, or chemical solvents.
- Ensure charging contacts are clean and free of debris.

7.2 Storage

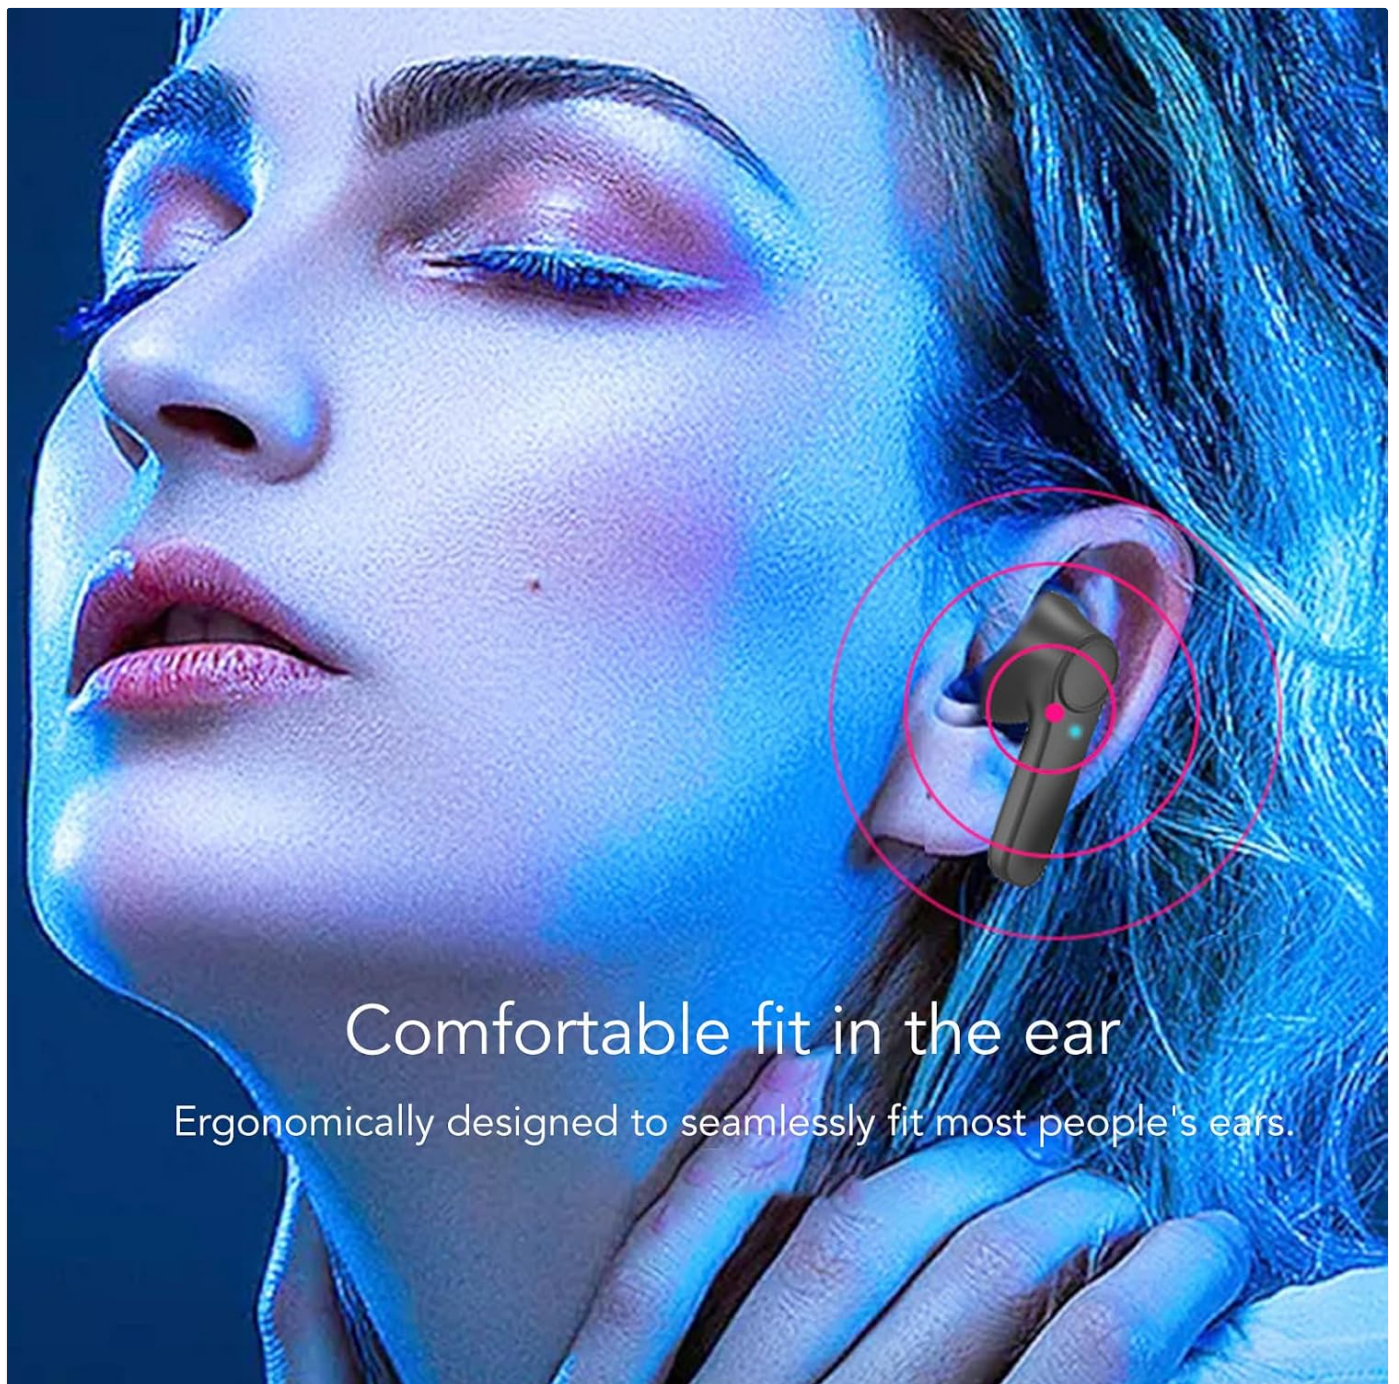

- Store the earbuds in their charging case when not in use to protect them and keep them charged.
- Store in a cool, dry place, away from direct sunlight and extreme temperatures.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Earbuds not powering on	Low battery	Place earbuds in charging case and charge fully.
Cannot pair with smartphone	Bluetooth off; earbuds not in pairing mode; device too far	Ensure Bluetooth is on. Remove earbuds from case to enter pairing mode. Keep devices within 10 meters.
No translation occurring	App not connected; incorrect mode selected; no internet (for online modes)	Verify app connection. Select correct translation mode. Ensure stable internet connection for online modes or download offline language packs.
Poor translation accuracy	Background noise; unclear speech; language mismatch	Speak clearly and at a moderate pace. Reduce background noise. Confirm correct source and target languages are selected in the app.
