Cellavi P8-02

Cellavi 3-in-1 Water Filters for Pet Drinking Fountains

Model: P8-02

Product Overview

This set of 10 Cellavi 3-in-1 water filters is designed to provide fresh and clean water for your cat or dog's drinking fountain. Made from high-quality, natural materials including cotton, activated charcoal, and coconut shell activated carbon, these filters effectively remove chlorine, unpleasant odors, and impurities, ensuring healthy and tasty water for your beloved pets.

Image: A pack of ten Cellavi 3-in-1 water filters, highlighting the natural filtering components like coconut and charcoal.

- **3-in-1 Filter Design:** Effectively removes chlorine, bad odors, and impurities from the water.
- **Easy Installation:** Filters are simple to replace without the need for tools.
- **Long-lasting Performance:** Each filter remains effective for up to 3 weeks, depending on usage.
- **Natural Materials:** Constructed from cotton, charcoal, and coconut for natural filtration.

Setup and Installation

Before first use, or when replacing an old filter, follow these steps:

1. **Rinse Thoroughly:** Rinse the new filter thoroughly under running water for several minutes. This helps to remove any loose carbon particles and ensures optimal performance.

Image: A hand rinsing a Cellavi filter under a faucet to prepare it for use.

2. **Remove Old Filter:** Disassemble your pet drinking fountain according to its specific instructions and remove the used filter.
3. **Insert New Filter:** Place the rinsed new filter into the designated slot in your pet drinking fountain. Ensure it is seated correctly.
4. **Reassemble Fountain:** Reassemble the drinking fountain and fill it with fresh water.

Operating Instructions

Once installed, the Cellavi 3-in-1 water filter operates continuously to purify the water in your pet's drinking fountain. The multi-layer filtration system works as follows:

Image: A cross-section diagram showing the three filtration layers: Cotton for coarse particles, Charcoal for bacteria and odors, and Coconut for vitamins and minerals.

- **Cotton Layer:** Filters out larger particles such as hair and sediment.
- **Activated Charcoal Layer:** Removes bacteria, chlorine, and unpleasant odors.
- **Coconut Shell Activated Carbon Layer:** Further purifies water and helps retain beneficial minerals.

Ensure the water level in the fountain is always adequate for proper filtration and pump operation.

Maintenance

Regular maintenance is crucial for optimal water quality and the longevity of your pet fountain. It is advised to:

- **Clean the Pump/Sponge:** Clean the fountain's pump and sponge at least every three weeks. Refer to your fountain's manual for specific cleaning instructions.
- **Replace the Filter:** Replace the water filter at least every three weeks. The frequency may vary depending on water hardness and the number of pets using the fountain. Each filter is designed for up to 3 weeks of effective use.

Troubleshooting

If you notice a decrease in water quality, such as unusual odors or visible impurities, it is likely time to replace the filter. Ensure the filter is properly seated and the fountain is clean. If issues persist after replacing the filter and cleaning the fountain, consult your pet fountain's user manual or contact Cellavi customer support.

Specifications

Feature	Detail
Product Dimensions	4.5 x 1 x 11 cm (per filter)
Material	Charcoal, Cotton, Coconut Shell Activated Carbon

Quantity	10 pieces per set
Model Number	P8-02
Recommended Replacement	Every 3 weeks
