## Babyletto M29880BD

# Babyletto Pogo M29880BD Convertible All-Stages Crib Instruction Manual

Model: M29880BD

## PRODUCT OVERVIEW

---

The Babyletto Pogo 8-in-1 All-Stages Crib is designed to adapt to your child's growth from newborn to approximately 5 years of age. This versatile crib features clean lines and curved edges, offering multiple configurations to suit various developmental stages and space requirements. All necessary conversion kits are included with the purchase.

The Pogo crib is GREENGUARD Gold Certified, indicating it has undergone rigorous scientific testing for over 10,000 chemical emissions and VOCs, contributing to cleaner indoor air quality. It is constructed from FSC® Certified Wood, ensuring responsibly sourced materials, and finished with a non-toxic, lead-safe painting process that exceeds ASTM International and U.S. CPSC safety standards.

## SETUP AND ASSEMBLY

The Babyletto Pogo Crib is designed for straightforward assembly. All necessary hardware and parts for converting between stages are included. It is recommended to assemble the crib in the room where it will be primarily used, or ensure sufficient space for movement if portability is desired.

### Initial Assembly (Bassinet/Crib)

1. Unpack all components and verify against the parts list provided in the separate assembly guide.
2. Follow the step-by-step instructions in the assembly guide to construct the desired configuration (bassinet, midi crib, or standard crib).
3. Ensure all screws and fasteners are securely tightened. Do not overtighten.
4. Place the appropriate mattress pad (1" bassinet pad or 2" midi pad) into the assembled frame. A standard crib mattress (not included) is required for the full-size crib configuration.

## OPERATING INSTRUCTIONS

### 8-in-1 Convertibility

The Pogo crib offers eight distinct configurations to accommodate your child's growth:

- **Bassinet:** Suitable for newborns up to 3 months.
- **Midi Crib:** Suitable for newborns up to 2 years.
- **Midi Toddler Bed:** Suitable for children aged 1 to 2 years.
- **Midi Daybed:** Suitable for children aged 1 to 2 years.
- **Standard Crib:** Suitable for children aged 6 months to 3 years.
- **Toddler Bed:** Suitable for children aged 1.5 to 2.5 years.
- **Daybed:** Suitable for children aged 2.5 to 5 years.
- **Junior Bed:** Suitable for children aged 2.5 to 5 years.

Refer to the detailed conversion instructions in your separate assembly guide for specific steps on transforming the crib

between these stages. All necessary conversion hardware is included.

## Adjustable Mattress Heights

Each stage of the Pogo crib (bassinet, midi, and full-size) features two adjustable mattress height options. This allows you to lower the mattress as your child grows and becomes more mobile, ensuring safety and ease of access.

- **Newborn/Infant Setting:** Higher mattress position for easy access to your baby.
- **Toddler/Active Setting:** Lower mattress position to prevent climbing out once your child can sit up or stand.

Consult your assembly guide for specific instructions on adjusting the mattress support for each stage.

## Portability

In the bassinet stage, the Pogo crib is equipped with removable locking caster wheels. These wheels allow for easy movement of the bassinet from room to room, providing flexibility to keep your baby close. Always engage the locking mechanism on the wheels when the bassinet is stationary to ensure stability and safety.

## CARE AND MAINTENANCE

Proper care and maintenance will ensure the longevity and safety of your Babyletto Pogo Crib.

- **Cleaning:** Wipe the crib frame with a damp cloth. Avoid using abrasive cleaners or strong chemicals, as these may damage the non-toxic finish.
- **Mattress Pads:** The included 1" bassinet pad and 2" midi pad should be spot cleaned only. The zip-on case for these pads is not machine washable and may shrink if washed.
- **Regular Checks:** Periodically inspect all hardware, screws, and connections to ensure they remain tight and secure. Tighten as necessary.
- **Storage:** If storing the crib for an extended period, disassemble it according to the instructions and store components in a dry, temperature-controlled environment to prevent warping or damage.

## TROUBLESHOOTING

Should you encounter any issues with your Babyletto Pogo Crib, consider the following:

- **Missing Parts:** If any parts are missing upon unboxing, refer to your assembly guide's parts list and contact Babyletto customer support for assistance.
- **Instability/Wobbling:** Ensure all screws and fasteners are fully tightened. If the issue persists, disassemble and reassemble the affected section, carefully following the instructions.
- **Conversion Difficulties:** Review the specific conversion steps in your assembly guide. Ensure all components are correctly aligned and oriented before attempting to fasten them.
- **Damaged Components:** Do not use any damaged parts. Contact customer support for replacement parts.

## PRODUCT SPECIFICATIONS

Feature	Detail
Brand	Babyletto
Model Number	M29880BD
UPC	048517874783
