SETUP

1. Unboxing and Placement

1. Carefully remove the TV from its packaging.
2. Attach the stand or mount the TV according to the separate stand/mount installation guide.
3. Place the TV on a stable, level surface or securely mount it to a wall. Ensure adequate ventilation around the TV.

2. Connecting Power

- Connect the power cord to the TV's power input.
- Plug the other end of the power cord into a wall outlet.

3. Connecting External Devices

Use the available ports (HDMI, USB, Ethernet) to connect external devices such as Blu-ray players, gaming consoles, sound

systems, or network cables.

4. Initial Setup

1. Turn on the TV using the power button on the remote control or the TV itself.
2. Follow the on-screen instructions to select your language, country, and connect to your Wi-Fi network.
3. Complete the Fire TV setup, including signing in to your Amazon account.

OPERATING INSTRUCTIONS

Power On/Off

Press the **Power** button on the remote control to turn the TV on or off.

Input Selection

Press the **Input** button on the remote to cycle through connected sources (HDMI 1, HDMI 2, etc.).

Fire TV Navigation

Use the directional pad and **Select** button on the remote to navigate the Fire TV interface. Access apps, settings, and content libraries.

Voice Control with Alexa

Press and hold the **Alexa** button on your remote and speak your command. For example, "Open Netflix" or "Switch to HDMI 1."

Game Plus Mode

When a compatible gaming console is connected via HDMI, the TV may automatically switch to Game Plus Mode for optimized gaming performance. This mode reduces input lag and enhances visual fluidity.

AirPlay Functionality

To use AirPlay, ensure your Apple device and the TV are connected to the same Wi-Fi network. Select the AirPlay icon on your

Apple device and choose your Panasonic TV from the list of available devices to mirror content or stream media.

MAINTENANCE

Cleaning the Screen

- Turn off the TV and unplug it from the power outlet.
- Gently wipe the screen with a soft, dry microfiber cloth.
- For stubborn marks, lightly dampen the cloth with water or a specialized screen cleaner (do not spray directly onto the screen).
- Avoid using harsh chemicals, abrasive cleaners, or paper towels, as these can damage the screen.

Cleaning the TV Body

- Wipe the exterior surfaces with a soft, dry cloth.
- Do not use liquid cleaners directly on the TV body.

Ventilation

Ensure that the ventilation openings on the TV are not blocked. Proper airflow prevents overheating and extends the lifespan of the device.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No power	Power cord disconnected; outlet not working.	Check power cord connection; test outlet with another device.
No picture, but sound is present	Incorrect input selected; external device off or disconnected.	Verify input source; check external device power and connections.
No sound, but picture is present	Volume muted or too low; incorrect audio output settings.	Increase volume; check mute status; adjust audio settings in TV menu.
Remote control not working	Dead batteries; obstruction between remote and TV.	Replace batteries (2 AA included); remove obstructions; ensure line of sight.
Wi-Fi connection issues	Router issues; incorrect password; TV too far from router.	Restart router; re-enter Wi-Fi password; move TV closer or use Ethernet.

If problems persist, consult the full electronic manual available online or contact Panasonic customer support.
