Invicta ACW495-004

INVICTA Pro Diver Men's Mechanical Watch ACW495-004 User Manual

Model: ACW495-004 | Brand: Invicta

INTRODUCTION

This manual provides essential instructions for the proper setup, operation, and maintenance of your INVICTA Pro Diver Men's Mechanical Watch, model ACW495-004. This timepiece features a 40mm stainless steel case, a black dial, and is powered by an 8215 mechanical movement. It offers 200 meters of water resistance and is designed for reliable performance.

SETUP

1. Unboxing and Initial Inspection

Carefully remove the watch from its packaging. Inspect the watch for any visible damage or manufacturing defects. Ensure all protective films are removed from the crystal and case back.

2. Winding the Watch

As a mechanical watch, it requires manual winding or movement to operate. To manually wind, rotate the crown clockwise several times (approximately 20-30 turns) until you feel slight resistance. This will provide initial power to the movement.

3. Setting the Time

1. Pull the crown out to the furthest position (usually position 2 or 3, depending on the model).
2. Rotate the crown to move the hands clockwise until the desired time is set.
3. Push the crown back into its original position to engage the movement.

Image Description: This image displays the front view of a green sports watch. The watch features a prominent digital display showing "10:35" and "3-15" (likely month-day). It also has an analog-style display with hands. Buttons labeled "LIGHT", "MODE", "START", and "RESET" are visible around the bezel. The watch face includes text like "SPORTS", "ACTIVA WR 50M", and "LUMINOUS".

OPERATING THE WATCH

Automatic Movement

The 8215 mechanical movement is self-winding. Normal daily wear will keep the watch powered. If the watch is not worn for an extended period, it may stop. In such cases, manually wind it as described in the "Setup" section before wearing.

Water Resistance

This watch is rated for 200 meters (660 feet) of water resistance. This makes it suitable for professional marine activity and serious surface water sports, but not scuba diving. Ensure the crown is fully pushed in before any contact with water.

MAINTENANCE

Cleaning

Wipe the watch regularly with a soft, dry cloth to remove dust and smudges. For stainless steel components, a slightly damp cloth can be used, followed by immediate drying. Avoid using harsh chemicals or abrasive materials.

Storage

When not wearing the watch, store it in a cool, dry place away from direct sunlight and strong magnetic fields. A watch box or pouch is recommended to protect it from scratches.

Image Description: This image shows the back view of the green sports watch. The stainless steel case back is visible, along with the textured green silicone or rubber strap. The strap features multiple adjustment holes and a buckle mechanism.

TROUBLESHOOTING

- **Watch Not Running:** Ensure the watch is fully wound. If it's an automatic watch, wear it for several hours or manually wind it.
- **Time Inaccuracy:** Mechanical watches may have slight variations in timekeeping. If the inaccuracy is significant, it may require servicing. Avoid exposing the watch to strong magnetic fields.
- **Water Inside Crystal:** If condensation or water ingress is observed, immediately take the watch to an authorized service center. Do not attempt to open the watch yourself.

SPECIFICATIONS

Model Number	ACW495-004
Brand	Invicta
Movement Type	Mechanical Hand Wind (8215)
Case Material	Stainless Steel
Case Diameter	40 Millimetres
Case Thickness	18 Millimetres
Band Material	Stainless Steel
Band Width	22 Millimetres
Dial Color	Black
Water Resistance	200 Meters (660 Feet)
Item Weight	275 g
Product Dimensions	9.14 x 11.3 x 9.19 cm

Image Description: This image presents an angled front view of the green sports watch. It clearly shows the digital time display, the analog-style hands, and the various function buttons on the side of the case. The watch's robust design and textured strap are also visible.

WARRANTY AND SUPPORT

This product is covered by the manufacturer's standard warranty.
