4. SETUP

The ELEMARA 350W Kids Motorcycle requires some assembly before first use. Follow these general steps:

1. **Unpacking:** Carefully remove all components from the packaging. Retain packaging materials for future storage or transport.
2. **Assembly:** Assemble the motorcycle according to the detailed instructions provided in the included manual. Ensure all bolts and fasteners are securely tightened.
3. **Initial Charge:** Before the first ride, fully charge the motorcycle's battery. Connect the charger to the charging port and a standard electrical outlet. Refer to the charging indicator for status.
4. **Pre-Ride Check:** Before each ride, perform a quick check of the brakes, tires, and all connections to ensure they are in good working order.

5. OPERATING INSTRUCTIONS

Familiarize yourself with the controls and operation of your ELEMARA 350W Kids Motorcycle for a safe and enjoyable experience.

Starting and Stopping:

- **Power On:** Locate the power switch, typically near the battery compartment, and switch it to the 'ON' position.
- **Acceleration:** Use the twist-grip throttle on the right handlebar to control speed. Twist gently to accelerate.
- **Braking:** Apply the hand-operated rear brake lever on the left handlebar to slow down or stop. Apply smoothly to avoid sudden stops.
- **Power Off:** When finished riding, switch the power switch to the 'OFF' position.

Speed Modes:

The motorcycle may feature different speed settings (e.g., low and high speed). Begin with the low-speed setting, especially for new riders, to allow them to gain confidence and control before progressing to higher speeds.

Bluetooth and Music Features:

This model includes Bluetooth connectivity and built-in music options. Consult the specific instructions in your manual for pairing devices and controlling audio playback.

6. MAINTENANCE

Regular maintenance ensures the longevity and safe operation of your ELEMARA 350W Kids Motorcycle.

- **Battery Care:** Always fully charge the battery after each use. Do not allow the battery to completely drain. If storing for an extended period, charge the battery every 30-60 days to maintain its health.
- **Cleaning:** Clean the motorcycle with a damp cloth. Avoid using harsh chemicals or abrasive cleaners. Do not spray water directly onto electrical components.
- **Tire Pressure:** Periodically check the tire pressure of the 12-inch inflatable rubber wheels and inflate to the recommended PSI as indicated on the tire sidewall.

- **General Inspection:** Regularly inspect all moving parts, including the chain, brakes, and suspension, for wear or damage. Ensure all fasteners are tight.

7. TROUBLESHOOTING

If you encounter issues with your ELEMARA 350W Kids Motorcycle, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Motorcycle does not power on.	Battery is not charged; Power switch is off; Loose connection.	Charge the battery; Turn the power switch on; Check all electrical connections.
Short battery life (e.g., 20 minutes).	Battery not fully charged; Old or damaged battery; Heavy load/terrain.	Ensure battery is fully charged before each use; Consider battery replacement if performance degrades significantly; Ride on appropriate terrain.
Motorcycle does not move or moves intermittently.	Loose chain; Motor issue; Throttle malfunction.	Check chain tension and alignment; Contact customer support for motor or throttle issues.
Unusual noises from suspension.	Debris in shock absorber; Damaged suspension component.	Inspect shock absorber for foreign objects; Contact customer support for replacement parts if damaged.

If the problem persists after attempting these solutions, please contact ELEMARA customer support.
