Simple Trending Heavy Duty Rolling Garment Rack Instruction Manual

Brand: Simple Trending | Model: ST2080-57866-4C

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, and maintenance of your Simple Trending Heavy Duty Rolling Garment Rack. Designed for durability and versatility, this rack offers substantial storage capacity and mobility for various clothing items. Please read these instructions thoroughly before assembly and use to ensure proper function and safety.

SAFETY INFORMATION

- Ensure all parts are securely fastened before loading the rack.
- Do not exceed the maximum weight capacity of 560 lbs.
- Distribute weight evenly across the hanging rods and shelves to maintain stability.
- Engage wheel locks when the rack is in a stationary position to prevent unintended movement.
- Keep small parts away from children during assembly.

PACKAGE CONTENTS

Verify that all components are present before beginning assembly. The package should include:

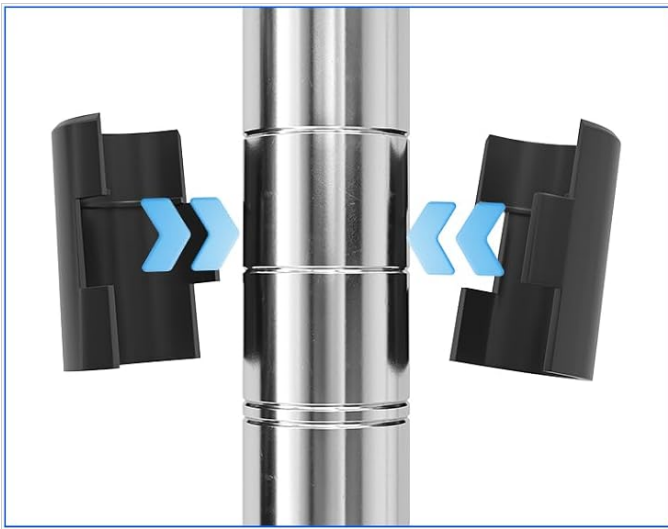

- Metal Poles (various lengths)

- Hanging Rods (4 units)
- Wire Shelves (2 units)
- Plastic Clips
- Wheels (4 units, 2 with locks)
- Side Hooks (4 units)
- Assembly Tools (rubber hammer, gloves)

ASSEMBLY INSTRUCTIONS

Assembly is recommended for two adults. Follow these steps for proper setup:

1. **Attach Plastic Clips:** Secure the plastic clips to the vertical poles at the desired height for your shelves and rods. Ensure the flange fits into the groove and the arrows on the clips point upwards.
2. **Install Shelves:** Gently press the wire shelves down onto the plastic clips until all four corners fit snugly onto the poles.
3. **Install Hanging Rods:** Attach the hanging rods to the designated positions on the poles. The rods can be adjusted up and down or removed as needed.
4. **Attach Wheels:** Insert the four 360-degree swivel wheels into the bottom of the vertical poles. Two of these wheels are lockable for stability.
5. **Add Side Hooks:** Place the four side hooks onto the vertical poles at your preferred height for additional storage.

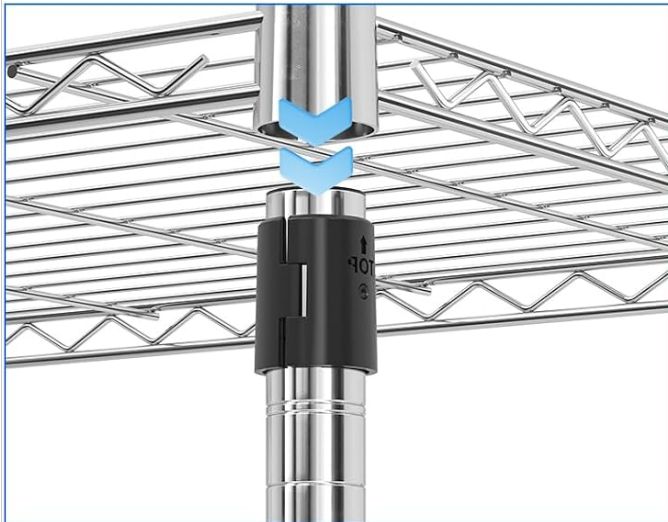

Assemble Plastic Clips

The flange needs to fit into groove, and arrows on the plastic clips should be pointed up.

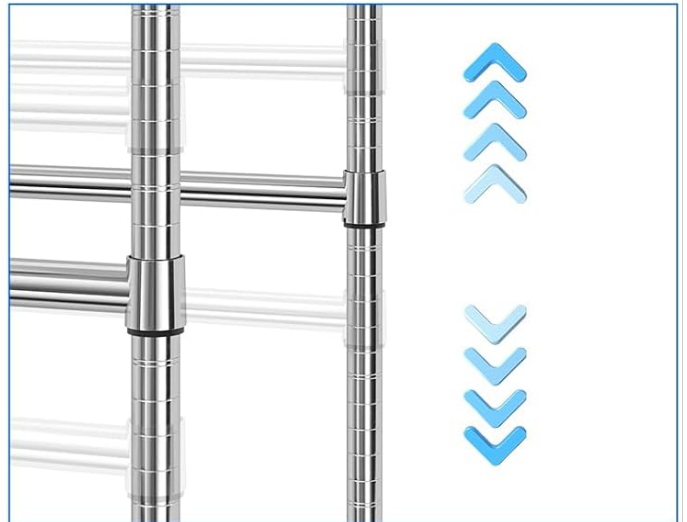

Structural Design

Structural design rather than a quality issue, which makes the shelf anchored firmly.

Assemble the Shelf

Press shelf down slowly until all the 4 sleeves fit snugly onto the poles.

Adjustable Shelves & Hanger Bars

The shelves & hanging bars can be adjusted to meet your different needs.

OPERATING INSTRUCTIONS

Adjusting Hanging Rods and Shelves

The garment rack features 4 hanging rods and 2 shelves that can be adjusted to accommodate items of various lengths. To adjust, release the locking mechanism on the plastic clips, reposition the rod or shelf to the desired height, and then secure the clips firmly. This allows for flexible storage solutions, such as hanging long dresses or creating additional shelf space for folded garments.

Image: Illustration of how to adjust the height of the hanging rods to suit different clothing lengths.

Using Wheels and Locks

The rack is equipped with four 360-degree swivel wheels for easy mobility. To move the rack, ensure the wheel locks are disengaged. Once the rack is in its desired location, engage the locks on the two designated wheels to prevent accidental movement and ensure stability.

Utilizing Side Hooks

The four side hooks provide additional storage for accessories such as bags, scarves, or hats. These hooks can be rotated 360 degrees and adjusted along the vertical poles to suit your organizational needs.

MAINTENANCE

To ensure the longevity and appearance of your garment rack, follow these maintenance guidelines:

- **Cleaning:** Wipe down the metal surfaces with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the chrome finish.
- **Rust Prevention:** The metal parts are powder-coated to resist water and rust. However, avoid prolonged exposure to excessive moisture.
- **Inspection:** Periodically check all connections and fasteners to ensure they remain tight. Re-tighten if necessary to maintain stability.

TROUBLESHOOTING

If you encounter any issues with your garment rack, refer to the following common solutions:

- **Rack is Unstable:** Ensure all plastic clips are correctly seated in the grooves and all poles are fully inserted and tightened. Verify that weight is distributed evenly.
- **Wheels Not Rolling Smoothly:** Check for any debris caught in the wheels. Ensure wheel locks are fully disengaged.
- **Difficulty Adjusting Rods/Shelves:** Confirm that the locking mechanisms on the plastic clips are fully released before attempting to adjust height.

SPECIFICATIONS

Brand	Simple Trending
Model Number	ST2080-57866-4C
Color	Chrome
Material	Metal
Product Dimensions (D x W x H)	20.5"D x 44.8"W x 82.5"H
Item Weight	33.61 Pounds
Maximum Weight Recommendation	560 Pounds
Number of Shelves	4
Installation Type	Free Standing
Required Assembly	Yes

WARRANTY AND SUPPORT

For any questions, concerns, or support regarding your Simple Trending Heavy Duty Rolling Garment Rack, please contact Simple Trending customer service. They are available to assist you with product inquiries, troubleshooting, and any potential warranty claims.
