HIFIT UP-116

HIFIT Full Size LED Bed Frame Instruction Manual

Model: UP-116

1. PRODUCT OVERVIEW

This manual provides instructions for the HIFIT Upholstered Full Size LED Bed Frame. This bed frame features a velvet crystal button-tufted wingback headboard, integrated LED lighting, a USB charging station, and four storage drawers. It is designed for use with a full-size mattress and does not require a box spring.

2. SAFETY INFORMATION

- **Maximum Weight Capacity:** The bed frame supports a maximum weight of 800 pounds. Do not exceed this limit.
- **Assembly Required:** This product requires assembly. Follow all instructions carefully to ensure proper and safe construction.
- **Secure Connections:** Ensure all screws and fasteners are tightened securely during assembly and periodically check for tightness.
- **Electrical Safety:** When using the USB charging station, ensure devices are compatible with the 5V/2A output. Do not overload the charging ports.

3. PACKAGE CONTENTS

Verify that all components listed below are present before beginning assembly. If any parts are missing or damaged, contact customer support.

- Headboard
- Footboard
- Side Rails
- Slats (Solid Wood)
- 4 Storage Drawers (Steel)
- Assembly Kits (Hardware and Tools)
- Installation Manual
- LED Light Strip with Remote Control
- USB Charging Station

4. SETUP AND ASSEMBLY INSTRUCTIONS

Assembly typically takes approximately 35 minutes. All necessary tools are included. It is recommended to assemble the bed frame with at least two people.

4.1. Prepare the Area

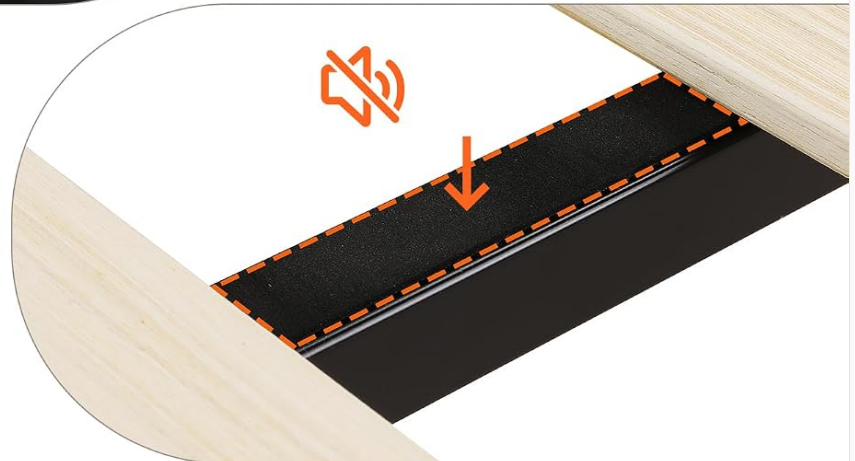

- Clear a spacious area for assembly.
- Unpack all components and lay them out, comparing them with the parts list in the included installation manual.

4.2. Assemble the Frame

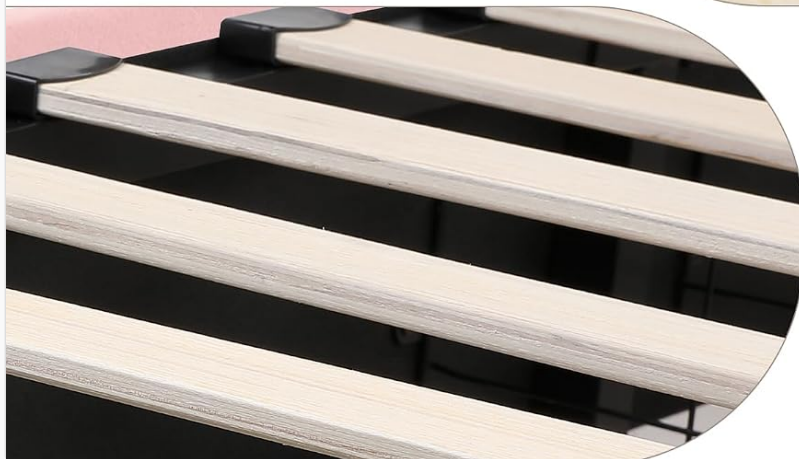

1. Attach the side rails to the headboard and footboard using the provided hardware. Ensure all connections are secure.
2. Install the center support beam and legs, if applicable, as per the manual.
3. Place the solid wood slats onto the frame. The slats feature a stable snap-lock design for quick installation and noise-free strips for a quiet sleep experience.

-Stable Snap Lock-
Easy to assemble

-Noise-Free Strips-
Bring you a quiet sleep

-Strong Support Structure-
No box spring need

4.3. Install Storage Drawers

1. Assemble the four steel storage drawers according to the instructions.
2. Slide the assembled drawers under the bed frame. The drawers are equipped with smooth, quiet wheels for easy operation and fixture holes to prevent accidental sliding.

5. OPERATING INSTRUCTIONS

5.1. LED Lighting System

- **Control:** The LED lights can be controlled via the included remote control or a compatible smartphone application.
- **Color Options:** Choose from over 16 million colors and more than 20 effects to customize the lighting ambiance.
- **Music Sync:** The lights can synchronize with music, changing rhythmically to the beat.
- **Timing Function:** Set timers for the lights to turn on or off automatically.

5.2. USB Charging Station

- The headboard includes two USB ports (5V/2A) for convenient charging of electronic devices.
- The charging station is powered via the bed frame's main power cord.

5.3. Storage Drawers

- The four spacious steel drawers can be easily pulled out and pushed in using their smooth wheels.
- Use them to store bedding, clothing, toys, or other items to maintain an organized space.

6. MAINTENANCE

- **Cleaning:** Wipe the upholstered surfaces with a dry cloth to remove dust and light dirt. Avoid using harsh chemicals or abrasive cleaners.
- **Hardware Check:** Periodically inspect all screws and fasteners to ensure they remain tight. Tighten as needed to maintain stability.
- **LED Lights:** If LED lights malfunction, check the connections. If issues persist, contact customer support.

7. TROUBLESHOOTING

This section addresses common issues you might encounter with your HIFIT LED Bed Frame.

Problem	Possible Cause	Solution
LED lights not working	Loose connection, power outage, remote battery low.	Check all cable connections. Ensure power outlet is functional. Replace remote control batteries.
Bed frame feels unstable or squeaks	Loose hardware, uneven assembly.	Tighten all screws and bolts. Ensure the bed is on a level surface. Re-check assembly steps.
Drawers not sliding smoothly	Obstruction, dirty wheels.	Check for any items blocking the drawer path. Clean wheels if necessary.
