LUXOAK BMB014

LUXOAK Floating King Size Bed Frame User Manual

Model: BMB014

INTRODUCTION

Thank you for choosing the LUXOAK Floating King Size Bed Frame with RGBW LED Light. This modern metal platform bed frame is designed for durability, stability, and aesthetic appeal, providing a comfortable and stylish foundation for your mattress. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure you get the most out of your new bed frame.

SAFETY INFORMATION

- Read all instructions carefully before assembly and use.
- Keep all small parts and packaging materials away from children.
- Ensure all bolts and screws are securely tightened before use. Periodically check and re-tighten as needed.
- Do not stand on the bed frame.
- Use only the recommended mattress size for this frame.
- Avoid exposing the LED lights or control unit to excessive moisture.

PACKAGE CONTENTS

Please check the contents of your package against the list below. If any items are missing or damaged, please contact customer support.

- Headboard and Footboard sections
- Side Rails
- Steel Slats
- Support Legs
- RGBW LED Light Strip with Controller
- Assembly Hardware (screws, bolts, washers, Allen wrench)
- Instruction Manual

SETUP AND ASSEMBLY

Assembly is designed to be straightforward and typically takes about 30 minutes. It is recommended to assemble the bed frame with two people.

Assembly Overview Video

Video: This video demonstrates the assembly process and key features of the LUXOAK Floating Bed Frame, including its strong structure, LED lighting, and underbed storage.

Step-by-Step Instructions

1. **Unpack and Identify Parts:** Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches. Refer to the parts list to ensure all pieces are present.
2. **Assemble the Main Frame:** Connect the headboard, footboard, and side rails using the provided hardware. Ensure all connections are snug but do not fully tighten bolts until the frame is fully assembled.
3. **Attach Support Legs:** Securely attach the central support legs to the frame. These legs are designed to be hidden, giving the bed its floating appearance while providing robust support.

FLOATING BED DESIGN

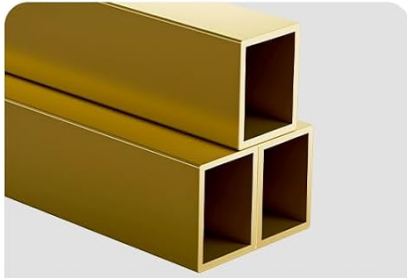

Hidden bed legs to eliminate any risk of tripping or collision

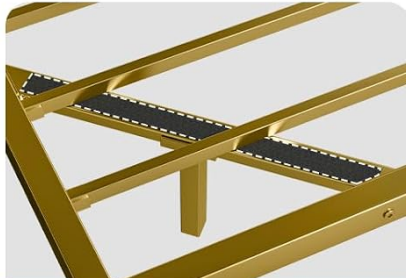

Image: Illustration of the floating bed design, highlighting the hidden bed legs that prevent tripping and collision, contributing to a clean, modern aesthetic.

4. **Install Steel Slats:** Place the steel slats across the frame. The U-shaped slots make installation easy. Ensure they are evenly spaced and secured. The frame is designed for noise-free operation.

5. **Attach Mattress Slide Stoppers:** Install the mattress slide stoppers as indicated in the instructions to prevent your mattress from shifting.
6. **Install LED Light Strip:** Carefully attach the RGBW LED light strip to the designated areas on the underside of the bed frame. The lights typically attach with adhesive backing or clips. Connect the light strip to the control unit.
7. **Final Tightening:** Once all components are in place, go back and fully tighten all bolts and screws.
8. **Place Mattress:** Carefully place your mattress onto the assembled bed frame. No box spring is needed.

OPERATING INSTRUCTIONS

RGBW LED Light Control

The integrated RGBW LED lights offer various customization options to enhance your bedroom ambiance. You can control the lights using the included button control or via a dedicated mobile application.

- **Color Selection:** Choose from over 60,000 colors to match your mood or decor.
- **Brightness Adjustment:** Adjust the light intensity to your preference.
- **Modes:** Explore various dynamic effects, including Mic Mode (lights react to sound) and Music Mode (lights sync with music).
- **Timing Function:** Set timers for the lights to turn on or off automatically.
- **Custom Style:** Create and save your own custom lighting styles.

MAINTENANCE

Proper care will extend the life and appearance of your bed frame.

- **Cleaning:** Wipe the metal frame with a dry cloth to remove dust and debris. Avoid using harsh chemicals or abrasive cleaners.
- **LED Lights:** Gently wipe the LED strips with a dry, soft cloth. Do not use liquid cleaners directly on the lights.
- **Hardware Check:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten if necessary to maintain stability and prevent noise.
- **Underbed Space:** The 7.4-inch underbed clearance allows for easy cleaning by a sweeping robot or for convenient storage.

Image: An illustration demonstrating the 7.4-inch underbed storage space, suitable for items like suitcases, shoes, and cartons, and highlighting the ease of access for a sweeping robot.

TROUBLESHOOTING

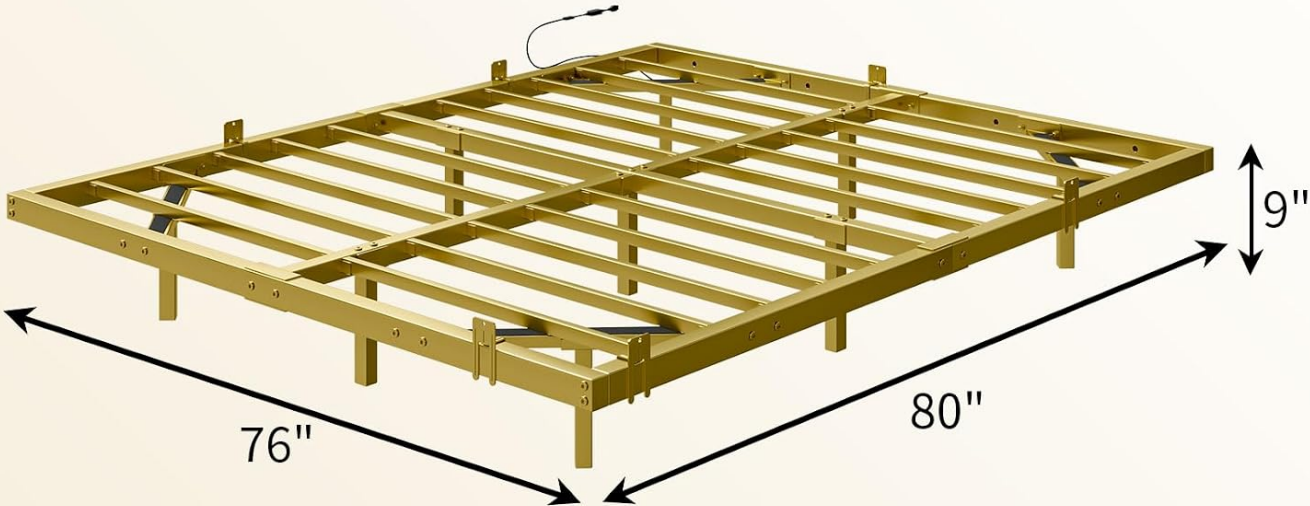

Issue	Possible Cause	Solution
Bed frame is wobbly or noisy.	Loose hardware.	Check and tighten all bolts and screws. Ensure all slats are properly seated.
LED lights are not turning on.	Power connection issue, faulty controller, or damaged light strip.	Ensure the power adapter is securely plugged in. Check connections between the light strip and controller. If issues persist, contact customer support.
Mattress slides on the frame.	Mattress stoppers not installed or improperly positioned.	Verify that the mattress slide stoppers are correctly installed and positioned at the foot of the bed.
