Wapik X3

Wapik X3 Smartwatch User Manual

Model: X3 | Brand: Wapik

1. INTRODUCTION

This manual provides comprehensive instructions for the safe and efficient use of your Wapik X3 Smartwatch. Please read this manual thoroughly before operating the device and retain it for future reference. The Wapik X3 Smartwatch is designed to enhance your daily life with features such as fitness tracking, health monitoring, and communication capabilities.

2. PACKAGE CONTENTS

Ensure all items are present in the package:

- 1 x Wapik X3 Smartwatch
- 1 x Charging Cable
- 1 x User Manual (this document)

3. PRODUCT OVERVIEW

The Wapik X3 Smartwatch features a 1.95-inch HD touch screen and a durable design. Familiarize yourself with the device's components:

- **Display:** 1.95-inch HD Touch Screen for interactive control and information display.
- **Side Button:** Typically used for power on/off, screen wake/sleep, and returning to the home screen.
- **Sensors:** Located on the back for heart rate, SpO2, and sleep monitoring.

- **Charging Contacts:** Magnetic contacts on the back for connecting the charging cable.

4. SETUP

4.1. Charging the Smartwatch

1. Connect the charging cable to a USB power adapter (not included) or a computer's USB port.
2. Align the magnetic end of the charging cable with the charging contacts on the back of the smartwatch. The magnets will snap it into place.
3. The watch screen will display a charging indicator. Allow approximately 3 hours for a full charge.

A full charge provides up to 5 days of typical daily use or up to 26 days in standby mode.

4.2. App Installation and Pairing

1. **Download the App:** Scan the QR code in the manual (if provided) or search for the companion app (e.g., 'ZYVICXFJ App' or similar, check packaging) on the Apple App Store (for iOS 9.0 and

above) or Google Play Store (for Android 5.0 and above).

2. **Install and Open:** Install the app on your smartphone and open it.
3. **Enable Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
4. **Pair Device:** In the app, navigate to the device pairing section. Select 'Add Device' or 'Scan for Device'. Your smartwatch should appear in the list (e.g., 'Wapik X3'). Tap to connect.
5. **Confirm Pairing:** Follow any on-screen prompts on both your phone and smartwatch to confirm the pairing.

Once paired, the watch will synchronize time and data with your phone.

5. OPERATING INSTRUCTIONS

5.1. Basic Navigation

- **Touch Screen:** Tap, swipe up/down, left/right to navigate through menus and functions.
- **Side Button:** Press to return to the previous screen or the watch face. Long press to power on/off.
- **Watch Faces:** Customize your watch face from over 200 options via the companion app.

5.2. Bluetooth Calling

The Wapik X3 Smartwatch supports direct Bluetooth calls.

1. Ensure your smartwatch is connected to your phone via Bluetooth.
2. To make a call, access the 'Dial Pad' or 'Contacts' feature on your watch.
3. To answer an incoming call, tap the green answer icon on the watch screen.

Bluetooth Call

Make or answer calls directly on the watch at anytime and anywhere

5.3. Notifications

Receive notifications directly on your wrist:

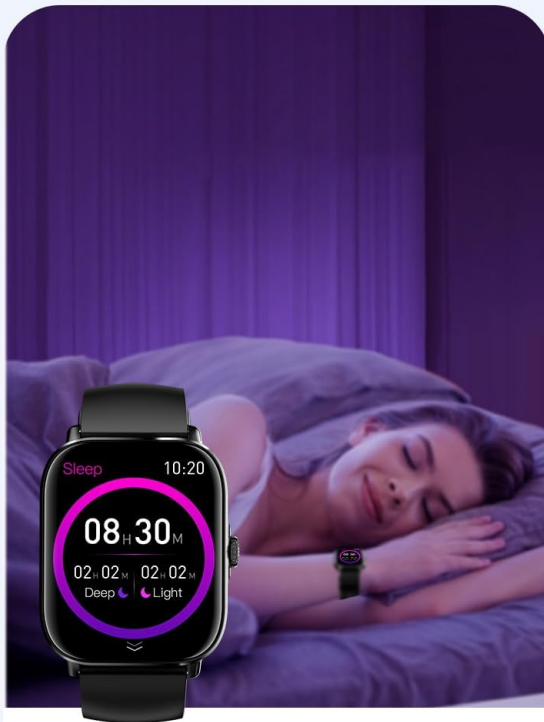

- Enable app notifications in the companion app settings.
- The watch will display incoming SMS, social media alerts (e.g., YouTube, Viber), and other app notifications.
- Raise your wrist to view messages.

5.4. Health Monitoring

The smartwatch provides 24-hour health monitoring:

- **Heart Rate:** Monitors your heart rate continuously. View real-time data on the watch or detailed trends in the app.
- **Blood Oxygen (SpO2):** Measures your blood oxygen saturation levels.
- **Sleep Tracking:** Automatically tracks your sleep patterns, including light sleep, deep sleep, and wake-up times. Sync data to the app for comprehensive analysis and to help improve sleep habits.

24-Hour Health Monitoring

Sleep Tracker

Accurately record sleep status to escort your sleep quality

Heart Rate Monitor

24 hours real time monitoring of your physical conditions

5.5. Sports Modes

Track your workouts with over 25 sports modes:

- Access the 'Sports' menu on your watch.
- Select from modes such as Running, Walking, Long-distance Walking, Climbing, Cycling, Boating, Fitness, Yoga, and more.
- The watch will track exercise time, calories burned, steps, and distance.

5.6. Other Features

The Wapik X3 Smartwatch offers additional smart functionalities:

- **Music Control:** Control music playback on your smartphone.
- **Camera Remote:** Use your watch as a remote shutter for your phone's camera.
- **Weather Forecasts:** Get real-time weather updates.
- **Voice Assistant:** Access your phone's voice assistant.
- **Find My Phone:** Locate your paired smartphone.
- **Alarms & Timers:** Set alarms and use timer functions.
- **Sedentary Reminder:** Get alerts to move after periods of inactivity.

Multifunctional Smartwatch

More practical function features make your life more convenient

6. MAINTENANCE

6.1. Cleaning

To maintain your smartwatch, clean it regularly:

- Wipe the screen and body with a soft, lint-free cloth.
- For stubborn dirt, slightly dampen the cloth with water. Avoid harsh chemicals.

- Ensure the charging contacts are clean and dry before charging.

6.2. Water Resistance

The Wapik X3 Smartwatch has an IP68 rating, meaning it is resistant to dust and water. This allows it to withstand:

- Sweat during workouts.
- Hand washing.
- Rain exposure.

Note:

- While IP68 rated, it is not suitable for hot water, saunas, or deep diving.
- Avoid prolonged submersion.
- Water resistance may decrease over time with normal wear and tear.

IPX8 Waterproof

Image: The smartwatch's IPX8 (IP68) waterproof feature, showing it resistant to water splashes.

6.3. Battery Care

- Avoid fully discharging the battery frequently.
- Store the device in a cool, dry place when not in use for extended periods.

7. TROUBLESHOOTING

If you encounter issues with your Wapik X3 Smartwatch, refer to the following common solutions:

Problem	Solution
Watch does not power on	Ensure the watch is fully charged. Connect it to the charger for at least 30 minutes.
Cannot pair with smartphone	Ensure Bluetooth is enabled on your phone and the watch. Restart both devices and try pairing again. Check app permissions.
Notifications not received	Verify notification permissions are enabled for the app on your phone and within the smartwatch app settings. Ensure the watch is connected.
Inaccurate health data	Ensure the watch is worn snugly on your wrist, not too tight or too loose. Clean the sensor area. Avoid excessive movement during measurements.
Short battery life	Reduce screen brightness, disable unnecessary features (e.g., continuous heart rate monitoring if not needed), and limit frequent notifications.

If the problem persists, please contact customer support.

8. SPECIFICATIONS

Feature	Detail
