

## SereneLife SLSWNG901BL

# SereneLife 40-inch Saucer Swing Instruction Manual

Model: SLSWNG901BL

## 1. OVERVIEW

The SereneLife 40-inch Saucer Swing (Model SLSWNG901BL) is designed for outdoor enjoyment, providing a fun and relaxing experience for children, teens, and small adults. This swing features a durable, weatherproof, and water-resistant construction, making it suitable for year-round outdoor use. It includes a universal hanging kit for easy installation on trees or posts, and a soft pillow for added comfort.

## 2. SAFETY INFORMATION

- **Adult Supervision:** Always ensure adult supervision when children are using the swing.
- **Weight Capacity:** Do not exceed the maximum weight capacity of 700 lbs (317.5 kg).
- **Installation:** Ensure the swing is securely mounted to a sturdy tree branch or swing set beam capable of supporting the maximum weight. Regularly inspect hanging straps and carabiners for wear.
- **Clearance:** Maintain adequate clearance around the swing to prevent collisions with other objects or people.
- **Inspection:** Before each use, check all components for signs of wear, damage, or loose connections. Replace any worn or damaged parts immediately.
- **Weather Conditions:** While the swing is weatherproof, avoid use during strong winds, heavy rain, or thunderstorms.

## 3. PACKAGE CONTENTS

Verify that all components listed below are present in your package:

- Saucer Swing Fabric Seat
- 4x Steel Frame Sections (with foam padding)

- 2x Adjustable Swing Ropes
- 2x Polyester Tree Straps
- 2x Carabiners
- 1x Stainless Steel Spinner
- 1x Soft Pillow (with hook-and-loop fasteners)
- 1x Wrench & Screws
- 1x Carry Bag for Hang Kit

**Figure 1:** All components included in the SereneLife 40-inch Saucer Swing package. This includes the blue and black fabric seat, four blue foam-padded steel frame sections, two black adjustable ropes, two black polyester tree straps, two silver carabiners, one silver spinner, a small blue pillow, and a wrench with screws.

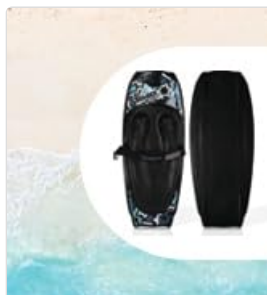

## 4. SETUP AND ASSEMBLY

---

Assembly of the SereneLife Saucer Swing is quick and typically takes 5-10 minutes. Follow these steps for proper installation:

### 4.1 Assembling the Saucer Frame

1. Lay the fabric saucer seat flat on the ground.
2. Insert the four steel frame sections into the designated sleeves around the perimeter of the fabric seat. Ensure the foam padding covers the metal.
3. Connect the ends of the steel frame sections using the provided screws and wrench. Align the holes and secure tightly.
4. Once all sections are connected, the frame will form a complete circle within the fabric seat.

**Figure 2:** Visual guide showing the assembly of the metal frame sections into the fabric seat and securing them. It also illustrates choosing a location, attaching hanging straps, connecting carabiners, and adjusting rope height.

### 4.2 Attaching the Ropes and Hanging Kit

5. Thread the adjustable swing ropes through the loops on the saucer seat.
6. Attach the carabiners to the top loops of the ropes.

7. Choose a sturdy tree branch or swing set beam for installation.
8. Wrap the polyester tree straps around the chosen anchor point. Secure them tightly.
9. Connect the carabiners from the swing ropes to the tree straps.
10. Adjust the rope length to achieve the desired swing height, ensuring the swing is level.
11. For 360-degree spinning, attach the stainless steel spinner between one of the carabiners and the tree strap.

**Figure 3:** Visual representation of the installation process, highlighting the components of the hang kit and how they connect to the swing and anchor point.

**Video 1:** A comprehensive video demonstrating the assembly process of the 40-inch Saucer Tree Swing, including connecting the frame pieces, attaching the ropes, and securing the swing to a tree branch.

### 4.3 Attaching the Pillow

The included soft pillow can be easily attached to the swing seat using its hook-and-loop fasteners for extra comfort.

## 5. OPERATING INSTRUCTIONS

The SereneLife Saucer Swing is designed for versatile play and relaxation:

- **Swinging:** Users can sit or lie down on the spacious 40-inch diameter seat. Push gently to initiate swinging motion.
- **Spinning:** Utilize the attachable swivel for 360-degree spinning excitement.
- **Handles:** Four integrated handles provide secure grips for users, especially during active play.
- **Rider Capacity:** The swing can comfortably accommodate up to 2 riders, with a maximum weight capacity of 700 lbs.

**Figure 4:** The spacious 40-inch (102 cm) diameter of the saucer swing, demonstrating its capacity for multiple riders to sit or lie down comfortably.

**Video 2:** An official SereneLife video showcasing children and adults enjoying the saucer swing, demonstrating its use for both active play and relaxed lounging.

---

## 6. MAINTENANCE

---

To ensure the longevity and safety of your SereneLife Saucer Swing, follow these maintenance guidelines:

- **Regular Cleaning:** The marine-grade waterproof construction allows for easy cleaning. Wipe down the fabric seat with a damp cloth and mild soap as needed.
- **Weather Resistance:** The swing is designed to be weatherproof, water-resistant, and UV-resistant. It can be left outdoors year-round.
- **Component Check:** Periodically inspect the ropes, carabiners, tree straps, and frame connections for any signs of wear, fraying, rust, or damage. Tighten any loose screws.
- **Storage:** While durable for outdoor exposure, storing the swing in a dry, covered area during prolonged periods of non-use or extreme weather can further extend its lifespan.

**Figure 5:** Details of the swing's construction, highlighting the waterproof Oxford fabric and durable hardware, which contribute to its low maintenance and longevity.

---

## 7. TROUBLESHOOTING

---

- **Swing is not level:** Adjust the length of the ropes until the swing seat is balanced.
  - **Squeaking noises:** Check all metal connections and apply a small amount of lubricant if necessary.
  - **Reduced swinging motion:** Ensure there are no obstructions around the swing's path. Check for proper rope adjustment.
  - **Difficulty with spinning:** Verify that the stainless steel spinner is correctly installed and free of debris.
-
