Furinno 24068AM

Furinno Jaya 24-Shelf Multimedia Storage Rack Instruction Manual

Model: 24068AM | Brand: Furinno

INTRODUCTION

The Furinno Jaya 24-Shelf Multimedia Storage Rack is designed to organize your media collection efficiently. This versatile unit features adjustable shelves, allowing you to customize storage for CDs, DVDs, Blu-rays, game discs, books, and decorative items. Its durable construction and minimalist design integrate well into various home environments, including living rooms, bedrooms, and home offices. This manual provides detailed instructions for assembly, operation, maintenance, and troubleshooting to ensure optimal use and longevity of your storage rack.

PACKAGE CONTENTS

Before beginning assembly, verify that all components are present and undamaged. The package should include:

- Shelf Panels (various sizes)
- Hardware Pack (screws, dowels, shelf pegs, wall-anchor kit)
- Assembly Instructions

If any parts are missing or damaged, please contact Furinno customer support.

SETUP AND ASSEMBLY INSTRUCTIONS

Assembly is designed to be straightforward and typically takes approximately 60 minutes with two people. Basic tools such as a hammer and screwdriver are required.

The Furinno Jaya Multimedia Storage Rack features adjustable shelves to accommodate various item heights. To adjust a shelf:

1. Remove all items from the shelf you wish to adjust.
2. Carefully lift the shelf and remove the four shelf pegs supporting it.
3. Re-insert the shelf pegs into the desired holes on the side panels. Ensure all four pegs are at the same height and fully seated.
4. Place the shelf back onto the pegs, ensuring it is level and stable before placing items on it.

MAINTENANCE

- **Cleaning:** Wipe the surface clean with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes, as these can damage the laminated finish.
- **Inspection:** Periodically check all connections and hardware to ensure they remain tight and secure. Re-tighten screws if necessary.
- **Stability:** Regularly verify that the unit is still securely anchored to the wall, especially if it is frequently moved or if heavy items are stored.

TROUBLESHOOTING

Problem: Shelves are wobbly or pegs fall out easily.

Solution: Ensure that the shelf pegs are fully inserted into the holes. If pegs continue to be loose, consider applying a small amount of wood glue or a similar adhesive to the peg holes before inserting the pegs. For enhanced stability, ensure the back panel is securely attached and consider using alternative metal shelf pegs (6mm diameter) if the provided plastic ones are insufficient.

Problem: Unit feels unstable after assembly.

Solution: Double-check all cam lock connections and screws to ensure they are tightened. Verify that the back panel is correctly installed and secured. Most importantly, ensure the anti-toppling kit is properly installed and anchored to a sturdy wall stud or appropriate wall anchor.

Problem: Parts are missing or damaged.

Solution: Do not proceed with assembly. Contact Furinno customer support immediately for replacement parts.

SPECIFICATIONS

Feature	Detail
Model Name	JAYA
Model Number	24068AM
Dimensions (D x W x H)	7.8" x 37.3" x 60.5" (19.8 cm x 94.7 cm x 153.7 cm)
