Hy-T26 Pro Language Translator User Manual

Model: Hy-T26 Pro

Brand: Bosjct

1. PRODUCT OVERVIEW

The Hy-T26 Pro Language Translator is a sophisticated earphone designed for real-time simultaneous interpretation across multiple languages. It integrates advanced AI technology to facilitate seamless communication, music playback, and phone calls, making it an ideal tool for travelers, professionals, and anyone needing to overcome language barriers.

2.2 Bluetooth Pairing

The Hy-T26 Pro earbuds utilize Bluetooth 5.4 for stable and efficient connection to your smartphone or other compatible devices.

1. Ensure your smartphone's Bluetooth is enabled.
2. Open the lid of the Hy-T26 Pro charging case. The earbuds will automatically enter pairing mode.
3. On your smartphone, search for "Hy-T26 Pro" in the Bluetooth device list and select it to connect.
4. Once paired, the earbuds will automatically connect to your device when the case lid is opened in the future.

2.3 App Installation

To utilize the full range of translation and AI features, download and install the dedicated "Multi-Function AI App" on your smartphone. Refer to the quick start guide included in the packaging for QR codes or app store links.

2.4 Wearing Instructions

The Hy-T26 Pro earbuds feature an ergonomic ear-mount design for a comfortable and secure fit, suitable for extended wear and various activities.

1. Gently place the earbud over your ear, ensuring the speaker portion is aligned with your ear canal.
2. Adjust the ear-mount hook to fit snugly and securely around the back of your ear.
3. Ensure a comfortable fit that does not cause pressure or discomfort.

3. OPERATING INSTRUCTIONS

3.1 Basic Earbud Functions

Beyond translation, the Hy-T26 Pro earbuds function as high-quality audio devices for music and calls.

- **Music Playback:** Enjoy 360° Hi-Fi stereo sound with clear vocals and rich bass.
- **Phone Calls:** Utilize the earbuds for hands-free calling with enhanced noise reduction technology.

Figure 3.1: Hy-T26 Pro earbuds are designed for translation, music playback, and phone calls.

3.2 Real-Time Translation

The core functionality of the Hy-T26 Pro is its real-time translation capability, supporting 114 languages with up to 98% accuracy. This feature requires the "Multi-Function AI App" to be active on your paired smartphone.

- **Simultaneous Interpretation:** Speak naturally, and the earbuds will translate and deliver the interpretation in real-time.
- **Five Core Functions:** The AI technology enables recording, writing, translating, listening, and speaking modes.
- **Application:** Ideal for cross-language communication, business meetings, and understanding foreign language content, including external subtitles.

Cross-Language Communication An Assistant Translator By Your Ear

Multiple languages, real-time translation, cross-language communication without worrying about being slow, improving the efficiency of business meetings, real-time translation of external subtitles, and barrier-free communication throughout the process

Figure 3.2: The Hy-T26 Pro facilitates cross-language communication as an assistant translator.

3.3 Multi-Function AI App Features

The companion AI app extends the functionality of your Hy-T26 Pro earbuds:

- **Recording:** Capture audio for later translation or transcription.
- **Translation:** Access various translation modes and settings.
- **AI Chat:** Engage with AI for conversational practice or information retrieval.
- **Picture Generation:** Utilize AI for image creation (specific features may vary by app version).
- **Simple Music Generation:** Experiment with basic AI-powered music creation (specific features may vary by app version).

4. MAINTENANCE

Proper maintenance ensures the longevity and optimal performance of your Hy-T26 Pro Language Translator.

- **Cleaning:** Use a soft, dry cloth to wipe the earbuds and charging case. Avoid using abrasive materials or harsh chemicals.
- **Storage:** When not in use, store the earbuds in their charging case to protect them from dust and damage. Keep the device in a cool, dry place away from direct sunlight and extreme temperatures.
- **Water Resistance:** While designed for durability, avoid submerging the device in water. Refer to product specifications for any specific water resistance ratings.

5. TROUBLESHOOTING

If you encounter issues with your Hy-T26 Pro, refer to the following common troubleshooting steps:

5.1 Pairing and Connectivity Issues

- **Earbuds not connecting:**
 - Ensure the earbuds are charged.
 - Verify Bluetooth is enabled on your device.
 - Place the earbuds back in the case, close the lid, wait a few seconds, then open it again to re-enter pairing mode.
 - Forget the device from your phone's Bluetooth settings and attempt to pair again.
- **App not recognizing earbuds:**
 - Ensure the earbuds are successfully paired via Bluetooth to your phone.
 - Close and restart the "Multi-Function AI App".
 - Check if the app has necessary permissions (e.g., Bluetooth, microphone, internet access) enabled in your phone's settings.
 - Ensure your app is updated to the latest version.

5.2 Translation Functionality Issues

- **Translation not working or inaccurate:**
 - The translation feature requires the "Multi-Function AI App" to be open and active on your paired smartphone. Ensure the app is running in the foreground or background as required by its design.
 - Check your internet connection. Real-time translation often relies on cloud-based processing.
 - Verify the correct source and target languages are selected within the app.
 - Speak clearly and at a moderate pace, directly into the earbud's microphone or your phone's microphone as instructed by the app.

5.3 Sound Quality Issues

- **Low or distorted audio:**
 - Check the volume levels on both the earbuds and your connected device.
 - Ensure the earbuds are clean and free of debris that might obstruct the speaker.
 - Move closer to your connected device to avoid Bluetooth interference.

6. SPECIFICATIONS

Feature	Detail
Model Number	Bosjct (Hy-T26 Pro)
Brand	Bosjct
