## SETUP

### 1. Installing the SIM Card and Battery

1. Carefully remove the back cover of the phone.
2. Insert your Nano SIM card(s) into the designated slot(s) as indicated.
3. If desired, insert a microSD card (up to 64GB) into the memory card slot.
4. Insert the 1300mAh battery, ensuring the contacts align correctly.
5. Replace the back cover until it clicks securely into place.

par simple pression d'un bouton

Maintenir appuyé pendant **3** secondes pour  
envoyer un SMS d'urgence

Image: The artfone G3's rear view, highlighting the SOS button and its capability to contact up to 5 emergency numbers with a single press.

### 3. Quick Dial

The phone supports quick dial functions for frequently called numbers.

- Assign contacts to specific keys (e.g., M1, M2, M3, or number keys).
- Press and hold the assigned key to dial the contact.

### 4. Volume Control

The artfone G3 features a loud speaker and powerful ringtones, adjustable up to 130dB for users with hearing difficulties.

- Use the volume buttons on the side of the phone to adjust call and ringtone volume.

Image: A visual comparison highlighting the artfone G3's maximum volume of 130dB against another phone's 80dB, emphasizing its loud audio output.

## 5. Flashlight

The integrated flashlight can be activated via a dedicated button on the side of the phone.

- Press the flashlight button to turn it on/off.

## 6. Other Useful Functions

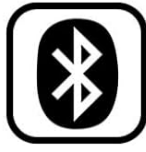

The artfone G3 includes several practical features:

- **FM Radio:** Listen to your favorite radio stations.
- **Alarm Clock:** Set multiple alarms for reminders.
- **Calendar:** Keep track of important dates.
- **Calculator:** Perform basic arithmetic.
- **MP3 Player:** Enjoy music stored on your microSD card.
- **Time Announcement:** Press and hold the '+' button for two seconds to hear the current time announced.

## MAINTENANCE

### 1. Battery Care

- To prolong battery life, avoid extreme temperatures.
- Do not leave the phone fully discharged for extended periods.
- Use only the original artfone charger and battery.

### 2. Cleaning

- Wipe the phone with a soft, dry cloth.
- Avoid using harsh chemicals or abrasive materials.

### 3. Storage

- Store the phone in a cool, dry place away from direct sunlight.
- If storing for a long time, ensure the battery is partially charged (around 50%).

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Phone does not power on	Low battery; Battery not installed correctly	Charge the battery; Reinstall the battery correctly
Cannot make/receive calls	No SIM card; SIM card not inserted correctly; No network signal	Insert SIM card; Reinsert SIM card; Move to an area with better signal
Poor call quality	Weak network signal; Obstructions	Move to an area with better signal; Avoid using in enclosed spaces
Battery drains quickly	High usage; Background apps; Old battery	Reduce screen brightness; Close unused applications; Consider replacing battery if old
SOS button not working	Emergency contacts not set; Button malfunction	Program emergency contacts in settings; Contact support if button is faulty
