DOMICON MK-26-B

DOMICON MK-26-B 2-Person Desk Instruction Manual

Model: MK-26-B | Brand: DOMICON

1. Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your DOMICON MK-26-B 2-Person Desk. Please read this manual thoroughly before assembly and use to ensure proper function and safety.
The DOMICON MK-26-B is designed to provide a spacious and functional workspace for two individuals, featuring integrated power solutions, customizable LED lighting, ergonomic monitor stands, and ample storage.

2. Safety Information

- Always assemble the desk on a stable, level surface to prevent tipping.
- Ensure all parts are securely fastened before using the desk. Loose connections can lead to instability.
- The desk has a weight capacity of 75 pounds (approximately 34 kg). Do not overload the desk or its shelves, as this may cause it to tip or damage the structure.
- Follow the included assembly instructions carefully. Improper assembly can compromise the desk's stability and safety.
- Keep children and pets away from the assembly area to prevent accidents.
- Do not stand or sit on the desk.
- Avoid placing hot items directly on the desk surface without protection.

3. Package Contents

Before beginning assembly, verify that all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Desktop Panels (Main, Corner, Side)
- Desk Frame Components (Legs, Support Bars)
- Adjustable Monitor Stands (2 units)
- Retractable Keyboard Tray
- Fabric Drawers (4 units)

- Integrated Power Outlet Strip (4 AC, 2 USB-A, 1 USB-C)
- RGB LED Light Strips
- LED Light Remote Control
- Assembly Hardware (Screws, Allen Wrench, etc.)
- Instruction Manual

4. Setup and Assembly

Assembly of the DOMICON MK-26-B desk requires two people. Please refer to the separate, detailed assembly manual included in your package for step-by-step instructions and diagrams. The following are general guidelines and important tips:

1. **Preparation:** Clear a spacious, level area for assembly. Lay out all parts and hardware, comparing them against the package contents list.
2. **Frame Assembly:** Begin by assembling the metal frame components according to the manual. Ensure all screws are tightened securely but do not overtighten until the entire frame is stable.

3. **Desktop Installation:** Carefully place the desktop panels onto the assembled frame. Secure them using the provided hardware.
4. **Keyboard Tray Installation:** When installing the keyboard tray rails, note that there is often a plastic lever on the inside of the railing. Press this lever down to detach the two parts of the rail, allowing for easier attachment to the desk and the tray itself. Ensure screws are snug but avoid overtightening to prevent stripping. If the tray feels stiff, slightly loosen the bolts holding it to the desk, adjust the frame for more clearance, and then retighten.
5. **Monitor Stand Attachment:** Attach the adjustable monitor stands to the desktop as indicated in the manual.
6. **Power Outlet and LED Lights:** Install the integrated power outlet strip and LED light strips as per the instructions. Ensure all cables are routed safely and neatly.
7. **Drawer Insertion:** Insert the fabric drawers into their designated compartments.
8. **Final Check:** Once assembled, double-check all connections for tightness and stability before placing any items on the desk.

5. Operating Instructions

5.1 Integrated Power Outlet

The desk is equipped with an integrated power strip featuring 4 AC outlets, 2 USB-A ports, and 1 USB-C port. To use, plug the desk's main power cord into a wall outlet. You can then connect up to 7 electronic devices simultaneously.

Figure 2: The integrated power outlet provides convenient access to AC, USB-A, and USB-C charging ports.

5.2 RGB LED Light Strips

The desk features RGB LED light strips with 15 color options. The lights can be controlled via independent switches located on both sides of the desk or using the provided remote control. The two sides can display different colors.

- **Independent Switches:** Locate the small switches on the underside of the desk, near the ends of the LED strips. Press to cycle through colors or turn off.
- **Remote Control:** Use the remote to select specific colors, adjust brightness, change lighting patterns, and power the lights on or off. Ensure the remote has a clear line of sight to the LED receiver.

Figure 3: The RGB LED light strips can be customized using the remote control or independent switches.

5.3 Adjustable Monitor Stands

The desk includes two adjustable monitor stands. These stands can be adjusted in height (between 5.51" and 7.48") and angle to ensure an ergonomic viewing position, reducing strain on your neck and back. To adjust, loosen the locking mechanism, set to the desired height/angle, and re-tighten securely.

Figure 4: Adjust the monitor stand height for optimal ergonomic viewing.

5.4 Retractable Keyboard Tray

The retractable keyboard tray provides additional desktop space. To use, gently pull the tray outwards. To retract, push it back into the desk until it is fully nested. The tray is compatible with most standard and compact keyboards and mice.

Figure 5: The retractable keyboard tray helps maximize desktop space.

5.5 Storage Drawers and Shelves

The desk includes four fabric drawers and open storage shelves. Use the drawers for organizing office supplies and documents. The open shelves are suitable for computer towers, books, or decorative items.

Figure 6: The four fabric drawers offer convenient storage for various items.

6. Maintenance

Proper care and maintenance will extend the life of your DOMICON desk.

- **Cleaning:** Wipe the desk surfaces with a damp cloth, then dry immediately with a clean, dry cloth. Avoid abrasive cleaners or harsh chemicals that may damage the finish.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten as necessary to maintain stability.
- **Cable Management:** Regularly inspect power cords and LED light cables for any signs of wear or damage. Ensure they are not pinched or tangled.

7. Troubleshooting

Problem	Possible Cause	Solution
LED lights do not turn on or function incorrectly.	◦ Power connection issue. ◦ Remote control battery depleted or signal obstructed. ◦ Damaged LED strip or controller.	◦ Ensure the desk's main power cord is securely plugged into a working outlet. ◦ Check the independent switches on the desk. ◦ Replace the remote control battery. Ensure no obstructions between the remote and the LED receiver. ◦ If issues persist, contact customer support.
Keyboard tray is stiff or difficult to slide.	◦ Rails are misaligned or screws are too tight. ◦ Obstruction in the rails.	◦ Slightly loosen the screws holding the keyboard tray rails to the desk. Adjust the tray's position to ensure smooth movement, then re-tighten the screws. ◦ Check for any debris or objects obstructing the rails.
Monitor stand feels unstable or wobbly.	◦ Mounting screws are loose. ◦ Stand not properly assembled.	◦ Ensure all screws securing the monitor stand to the desktop are fully tightened. ◦ Verify that the stand's components are correctly assembled according to the manual.
Desk feels wobbly after assembly.	◦ Loose fasteners. ◦ Uneven floor.	◦ Re-check and tighten all assembly screws. ◦ Ensure the desk is on a level surface. Use the adjustable feet (if present) to stabilize.

8. Specifications

Feature	Detail
Model Number	MK-26-B
Brand	DOMICON
Product Dimensions (D x W x H)	94.49" x 29.53" x 19.69" (240cm x 75cm x 50cm)
Item Weight	75 Pounds (34 kg)
Material Type	Engineered Wood, Metal Frame
Color	Brown (Desktop), Black (Frame)
Shape	T-Shape
Power Outlets	4 AC, 2 USB-A, 1 USB-C
LED Lights	RGB, 15 colors, remote control & independent switches
Monitor Stand Adjustment	5.51" - 7.48" height adjustment
Storage	4 Fabric Drawers, Open Storage Shelves
Assembly Required	Yes
Product Care	Wipe with Damp Cloth, Wipe with Dry Cloth

9. Warranty and Support

For warranty information, specific product support, or to report missing/damaged parts, please contact DOMICON customer service. Refer to your purchase documentation or the DOMICON official website for contact details.
When contacting support, please have your model number (MK-26-B) and purchase date available.
