Linkidea Electric Shaver Travel Case RRS27-02 Instruction Manual

Model: RRS27-02

1. PRODUCT OVERVIEW

The Linkidea Electric Shaver Travel Case is designed to provide protective storage for various electric shavers and body hair trimmers. Its hard shell construction safeguards your device from physical damage, while the interior design keeps accessories organized.

Shockproof

Anti-press

Exterior anti-press material protects your device from water, scratch, bump and drop.

Image 1.1: The case features shockproof and anti-press exterior material to protect devices from water, scratches, bumps, and drops.

2. FEATURES

- **Hard Shell Protection:** Constructed from EVA material, providing robust protection against scratches, impacts, spills, and dust.
- **Double Zipper Closure:** Allows for convenient opening and closing, and the case can be fully opened at 180 degrees for easy access.
- **Internal Mesh Pocket:** An extra mesh pocket is designed for storing small accessories such as replacement blades or power cords.
- **Soft Lining:** The interior features a soft lining to prevent scratches on your device.

4. SETUP AND USAGE

4.1 Initial Setup

1. Unzip the travel case completely using the double zippers.
2. Inspect the interior for any packaging materials and remove them.

4.2 Storing Your Device

1. Gently place your electric shaver or trimmer into the main compartment of the case. Ensure it fits snugly without forcing.
2. Use the mesh pocket on the lid to store small accessories such as charging cables, cleaning brushes, or spare blades.
3. Close the case by pulling both zippers together until they meet.

Video 4.1: This video demonstrates how to open the Linkidea travel case, place an electric shaver inside, store small accessories in the mesh pocket, and securely close the case.

5. MAINTENANCE

5.1 Cleaning

- To clean the exterior, wipe with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners.
- For the interior, a soft brush or a slightly damp cloth can be used to remove dust or debris. Ensure the interior is completely dry before storing any electronic devices.

5.2 Storage

- Store the case in a cool, dry place away from direct sunlight and extreme temperatures.
- Avoid placing heavy objects on top of the case to prevent deformation.

6. TROUBLESHOOTING

- **Zipper sticking:** Apply a small amount of zipper lubricant or a graphite pencil to the zipper teeth to improve smoothness.
- **Case deformation:** If the case appears slightly deformed, it may regain its shape over time if stored properly. Avoid prolonged pressure.
- **Unusual odors:** If a new case has a slight odor, air it out in a well-ventilated area for a few days.

7. SPECIFICATIONS

Attribute	Detail
Model Number	RRS27-02
Material	EVA (Ethylene-vinyl acetate)
